

Home Internet Access

Being online is critical to a child's future. This enables families to use the Internet at home for homework help, online educational materials, job searches, email and much more. CCSD has partnered with CenturyLink & Cox to provide information and discounted rates for internet access to qualifying families.

CenturyLink:

The CenturyLink Internet Basics program is available to eligible students and their families. For more information about CenturyLink Internet Basics, please visit <http://www.centurylink.com/home/internetbasics/>

- [CenturyLink Internet Application - Español](#)

Cox Communications:

Cox is teaming with Connect2Compete, a nonprofit program that brings affordable Internet to qualifying households. For more information about Connect2Compete/Cox, please visit <http://connect2compete.org/cox/>
