## **East Region welcomes parents to “One-World-One-Dream” conference**

**LAS VEGAS** – The Clark County School District’s East Region welcomes parents and members of the community to the Parents as Academic Leaders (PAALs) “One-World-One-Dream” conference on Saturday, May 3 at 8:30 a.m. at Sam’s Town Hotel and Gambling Hall. The conference will feature East Region teachers and administrators discussing strategies for parents to help improve their child’s reading and math skills. Sam’s Town is located at 5111 Boulder Highway, Las Vegas.

The PAALs program was started in 2005 by the East Region to encourage meaningful communication between schools and the parents and families they serve. The program features monthly meetings that address strategies for increasing parent engagement in the learning process and provide members with important information that can help their children’s education.

Past meetings have featured information about Adequate Yearly Progress and how it affects schools, parent strategies on how to provide academic assistance to students and field trips to UNLV and Nevada State College that showcased the importance of preparing for higher education. Additionally, a conference in April 2007 provided workshops for parents to learn how to assist their children at all levels with learning at home.

For more information about PAALs and the “One-World-One-Dream” conference, contact Paula Zier with the East Region at 855-7772.
