Log In to the Mobile App

When logging in to the mobile app, type “**Clark**” into the District Name field, and select “Nevada” in the State field. Once you click on the “**Search District**” button, select “**Clark County**” District.

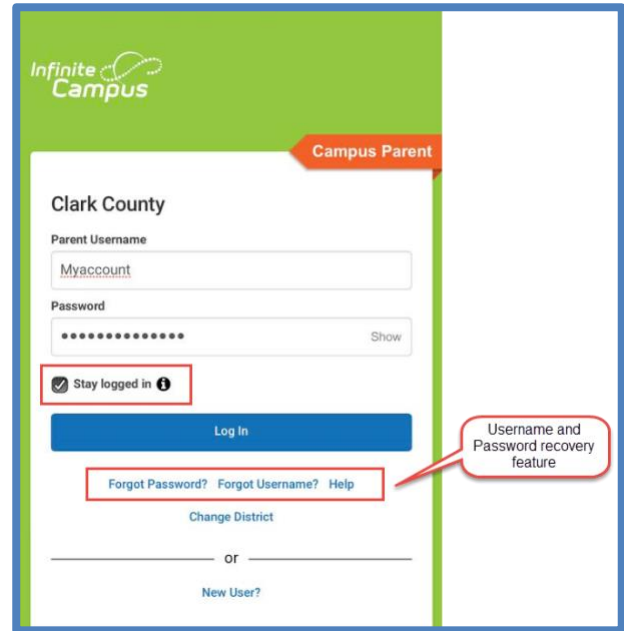

Login screen for Campus Parent/Campus Student

Whether you are logging in to the mobile app or on the web, you will need to enter your **Username** and **Password**. Click **Log In**.

Note: In the mobile app, there is a checkbox to “**Stay logged in**”. When using this feature, you will not need to log in each time you access the mobile app.

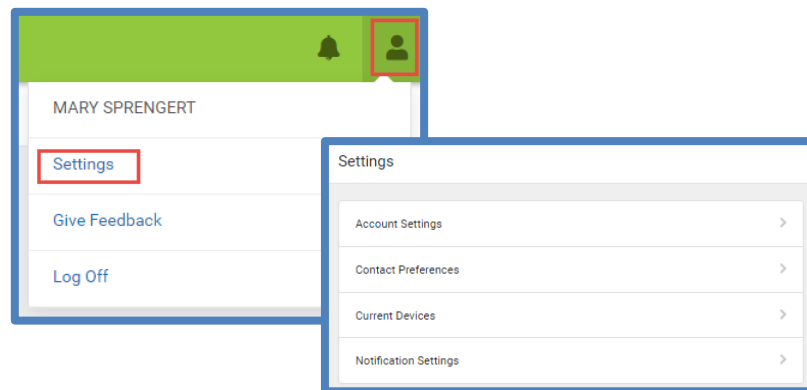

To utilize the username/password recovery feature, you must set up your **Account Settings** in Campus Parent. If you need assistance, you may contact the **Portal Help Desk at 799-PORT (7678)**.

Settings

To access Settings, click on the **User Menu** (Person icon) in the upper right corner, and select **Settings**.

Within the settings menu, you have the ability to update your Account Settings, Contact Preferences, Current Devices, and Notification Settings.

Settings > Account Settings

The **Account Settings** allow users to update their security email or change their password.

Click on the **User Menu** (Person icon) in the upper right corner, then select **Settings**, and click **Account Settings**.

From here, you will have the ability to update (change) the **Account Security Email** or **Password**. The **Account Security Email** is where you set up an email address to retrieve information for a username or password reset (allowing you to use the features on the sign-in page, "**Forgot Password?**" or "**Forgot Username?**").

Campus enforces strong passwords, meaning that passwords should have a mix of letters, numbers, and characters to make them more secure.

From the **User Menu**, select **Settings**, then select **Contact Preferences**, and mark your desired options, and click **Save**.

Settings > Current Devices

Current Devices allows parents and students to view mobile devices that are currently logged in to their account using the mobile app. This tool allows users to remotely log out of a mobile device, which is helpful if you lose your device and want to log out of the application so that no one else can access information.

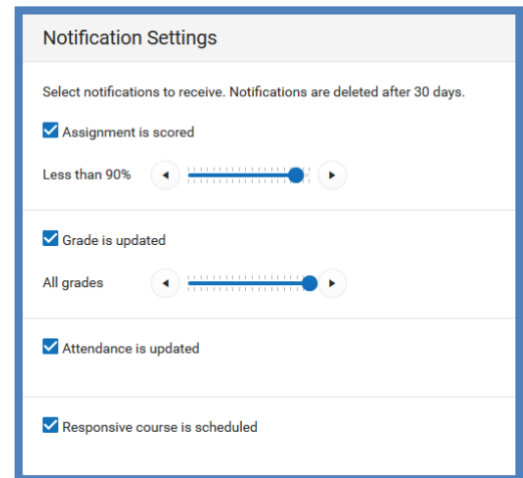

From the **User Menu**, select **Settings**, then select **Current Devices**, and a list of devices logged in to Campus Parent/Student or the mobile app will appear. Click **Log Off**.

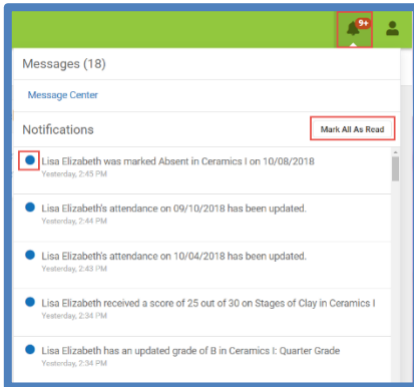

Settings > Notification Setting

This tool allows users to opt out of receiving specific kinds of notifications and establishes thresholds for those they want to receive. For example, you can set thresholds to receive notifications when a grade or score falls below the selected percentage.

Click on the **User Menu** (Person icon) in the upper right corner, then select **Settings**, and click **Notification Settings**.

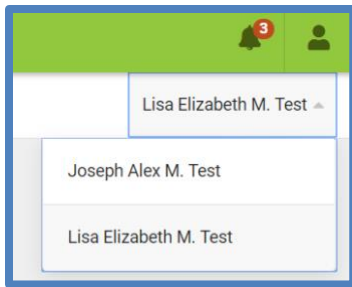

Notification

Click on the **Notifications** drop-down list (Bell icon), in the upper right corner, to see a list of notifications. Click on each notification to “**Mark as Read**”, or use the “**Mark All As Read**” button.

Note: Using the “**Mark All As Read**” button will only remove the blue dot on new notifications but will not delete the notification.
