Campus Parent

Campus Student

Log In to the Mobile App

When logging in to the mobile app, type “**Clark**” into the District Name field, and select “Nevada” in the State field. Once you click on the “**Search District**” button, select “**Clark County**” District.

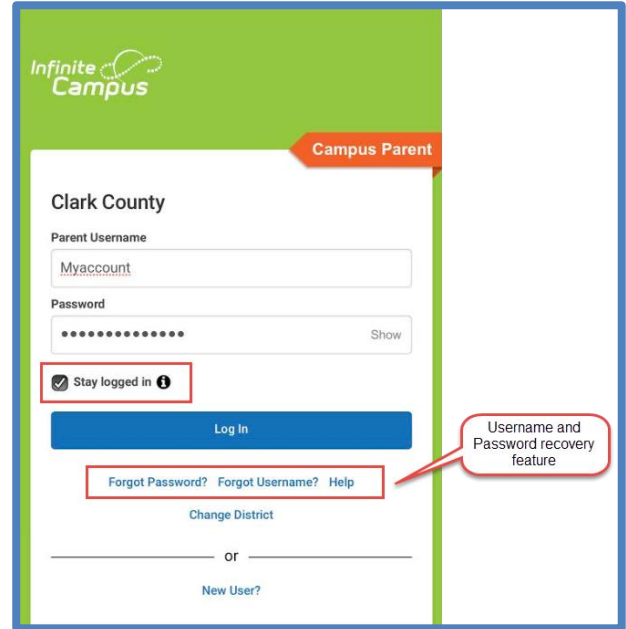

Login screen for Campus Parent/Campus Student

Whether you are logging in to the mobile app or on the web, you will need to enter your **Username** and **Password**. Click **Log In**.

Note: In the mobile app, there is a checkbox to “**Stay logged in**”. When using this feature, you will not need to log in each time you access the mobile app.

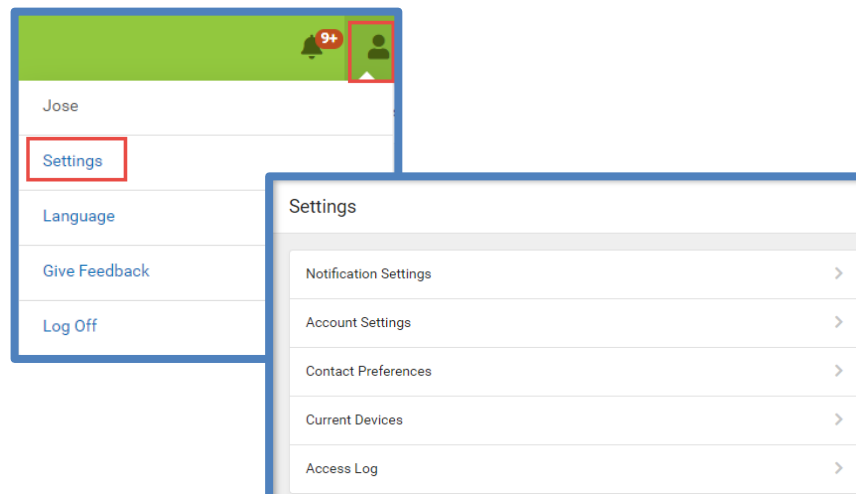

To utilize the username/password recovery feature, you must set up your **Account Settings** in Campus Parent. If you need assistance, you may contact the **Portal Help Desk at 799-PORT (7678)**.

Settings

To access Settings, click on the **User Menu** (Silhouette Icon) in the upper right corner, and select **Settings**.

Within the settings menu, you have the ability to update your Account Settings, Contact Preferences, Current Devices, and Notification Settings.

Settings > Account Settings

The **Account Settings** allow users to update their security email or change their password.

The screenshot shows the 'Account Settings' interface. It has two main sections: 'Account Security Email' and 'Password'. The 'Account Security Email' field contains a masked email address ending in '@nv.ccsd.net' and has an 'Update' button to its right. The 'Password' field contains masked characters and also has an 'Update' button to its right.

Click on the **User Menu** (Silhouette Icon) in the upper right corner, then select **Settings**, and click **Account Settings**.

From here, you will have the ability to update (change) the **Account Security Email** or **Password**. The **Account Security Email** is where you set up an email address to retrieve information for a username or password reset (allowing you to use the features on the sign-in page, “**Forgot Password?**” or “**Forgot Username?**”).

Campus enforces strong passwords, meaning that passwords should have a mix of letters, numbers, and characters to make them more secure.

Upon updating the Account Security Email, the system will ask that you confirm the new email account by clicking on the confirmation link sent to the new email inbox.

This screenshot shows the 'Account Settings' page after an update. A green notification box at the top right states: 'Email has been saved but has not been confirmed. Please check your inbox and click on the confirmation link sent to you to confirm your email account for use'. Below this, the 'Account Security Email' field now shows '@NV.CCSD.NET' with an 'Update' button. A new 'Unconfirmed Account Security Email' field is added, showing '@ad.ccsd.net' with a 'Resend Verification Email' button.

The screenshot shows an email confirmation message. The header reads 'Please confirm your Infinite Campus User Account email address'. Below this is an email icon and the address 'ic-no-reply@interact.ccsd.net' with the date 'Fri 5/8'. The main body of the email says: 'Please click on the link below to validate your Infinite Campus User Account email address: https://campus.ccsd.net/campus/unique-link/PTHWXF?appName=clark'.

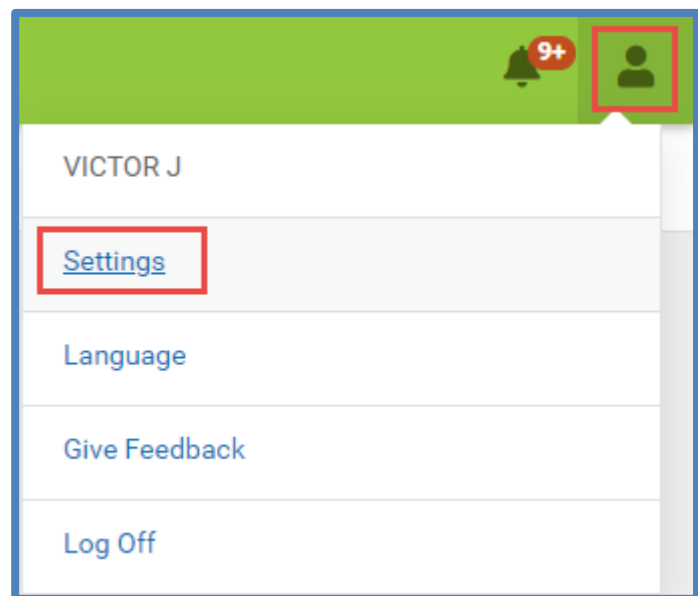

Settings > Contact Preferences (Phone Numbers & Email Addresses)

Parents and students can manage their personal contact information, including Cell Phone, Work Phone, Other Phone, and Email Address. When you update, the changes will go directly into Campus and school personnel will have the most current information.

Parents and students can also manage their contact preferences by selecting the desired language, when you receive messages, and how you receive that message. Currently, CCSD is only using email contacts.

To update contact preferences:

- Select the **User Menu** (Silhouette Icon) on the top right hand corner
- Select **Settings**, then select **Contact Preferences**

Enter the contact information for the current user such as phone numbers, email addresses, and language preference and click **Save**.

Note: The Household Phone Number can be updated by navigating to Index > More > Address Information.
