

## Nevada Rating

| Class                              | Hazard Definition   | Rate per participant                                    |
|------------------------------------|---|---|
| Class 1 Low Hazard                 | With appropriate supervision of students and chaperones/volunteers, Activities of this nature typically result in no losses. <b>Insurance not required</b> , must be approved/sponsored by CCSD (Advisor, Principal, Academic Manager Approved). <b>Does not need to be monitored by Risk Management</b>  | No Charge – no reporting requirement to Risk Management |
| Class 2 low to Moderate Hazard     | Schedule on CCSD Event insurance with Special Event Declaration Form signed by Advisor, Principal, Academic Manager – at set rate   | \$2.40  |
| Class 2A- Athletic Low to Moderate | Athletic activity ( <i>not Tackle Football</i> )<br>-Including clubs too varied to mention but includes examples like Dance, Cheer, Wrestling, Lacrosse etc. ( <i>if in doubt call risk management for clarification</i> )<br>- Slightly higher exposure than non athletic but still manageable with adequate loss prevention.<br>-Includes Tournament, Camps, Meets (Must meet NIAA Guidelines if applicable)<br><i>-If any participants go out of NV or are from outside of Nevada RISK exposure IS MUCH HIGHER and Out of State rating applies</i> | \$3.70  |
| Class 3 = High Hazard              | If adequate risk Control/Management in place, alternative insurance transfer can usually be arranged but on separate policy at unknown rate   | To Be Determined  |
| Class 3F – High Hazard Athletic    | <b>Tackle Football</b> is a high hazard athletic activity exposure. It is difficult to prevent injuries and damages.<br>-Rate includes Tournament, Camps, Combines (must meet NIAA Guidelines if applicable).<br><i>-If any participants go out of NV or are from outside of Nevada RISK exposure IS MUCH HIGHER and Out of State rating applies</i>  | \$9.30  |
| Class 4– Severe Hazard             | No possible way adequate risk management controls can be placed to avoid possible severe/catastrophic loss in event of occurrence. Hazard is so severe, only insurance available, if any, will not be cost effective. Usually involves Violation of regulation or statute. Only option for successful managing risk is avoidance.   | Not Applicable  |
| Class R recreational Low hazard    | Recreational activity either added to event or sole purpose of trip-<br><b>added in addition to standard rate</b>   | \$0.50  |
| SAM-                               | Increased hazard of Sexual Abuse or Molestation Liability driven by inadequate chaperone to student ratio- <b>added in addition to standard rate</b>  | \$15.00   |
| HNOA                               | Increased Hazard driven by either not following DOE Transportation guidelines or not using CCSD contracted Charter bus company-<br>Hired/Non Owned Auto Liability - <b>added in addition to standard rate</b>   | \$5.00  |

**\* NOTE: When attending location with multiple activities, use highest rated activity**
