Dr. Linda E. Young, Member

Pat Skorkowsky, Superintendent

Dear Parents, Staff, and Community Members:

Subject: Clark County School District Class Size Reporting for Kindergarten and Grades 1, 2, and 3

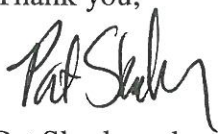

The 2013 Nevada Legislature approved a requirement for school districts to report on their Web sites information related to class sizes for kindergarten and Grades 1, 2, and 3. The information below summarizes the requirements and provides the required report.

Nevada Revised Statute (NRS) 388.700 requires district reporting of pupil teacher ratios by school each quarter. In classes where core curriculum is taught in kindergarten, ratios must not exceed 21:1; Grades 1 and 2, 16:1; and in Grade 3, 18:1. On or before August 1, November 1, February 1, and May 1 of each year, the Board of Trustees of each school district shall report to the State Department of Education, for the preceding quarter, the average daily attendance of pupils and the ratio of pupils per licensed teacher for kindergarten and Grades 1, 2, and 3 for each elementary school in the school district.

Each school district that includes one or more elementary schools that exceed the ratio of pupils per class during any quarter of a school year must request a variance for each school for the next quarter from the State Board of Education. The Board of Trustees of each school district shall post on the Web site maintained by the school district (1) the information concerning average daily attendance and class size for each elementary school in the school district, as reported to the State Department of Education; and (2) an identification of each elementary school in the school district, if any, for which a variance was granted by the State Board.

Meeting individual school requirements is a challenge in an implementation year. Many schools need expanded facilities, and qualified personnel must be identified and hired to fill new positions. Some schools may exceed the requirement, while others may be under the requirement. Adding another teacher to a particular grade not meeting the requirement is cost prohibitive as the State has not provided sufficient funding to do so.

Thank you,

A handwritten signature in black ink that reads "Pat Skorkowsky".

Pat Skorkowsky  
Superintendent of Schools

"Every student in every classroom, without exceptions, without excuses"
