Mission Statement

All students will graduate from high school having the knowledge, skills, attitudes, and values necessary to achieve academically, prosper economically, and participate in democracy.

Superintendent's Highlights

As outlined in CCSD Superintendent Dwight D. Jones' [A Look Ahead Phase I: Preliminary Reform Report](#), [Improving Achievement in the Clark County School District](#), produced May 26, 2011, the following highlights current accomplishments and future initiatives.

Raising the Bar -Expectations will focus on preparing students so they are "Ready By Exit." Whether students enter the workforce or postsecondary education after high school, graduation should prepare them to succeed without any need for remediation.

Empowerment Schools -I support providing schools with relief from unnecessary oversight. A Blue Ribbon Task Force on Empowerment identified how to broaden the empowerment model so more schools benefit. Driving this is the conviction that greater flexibility comes in exchange for greater accountability for improved results. A follow-up group has been convened to translate broad recommendations into operational reality.

Performance Zones -In addition to restructuring several departments, I am reorganizing the area service center structure into 13 performance zones that are each comprised of feeder aligned schools. This removes a bureaucratic layer, creates tighter focus, promotes a more nimble and responsive organization, and allows more targeted assistance.

Autonomous Zone -Establish a single autonomous zone to provide a refuge for schools that are academically successful. Schools in this zone will enjoy greater latitude with respect to budgeting, staffing, and program design. Oversight will be minimal.

In total, 37 elementary schools and 14 high school achieved five-star status. All entered the Autonomous Zone.

Turnaround Efforts -Federal funds are already being used to restructure several schools to improve achievement. New efforts have been launched to prepare leaders for this challenge. We will build on and expand efforts in this direction. Other innovations that are envisioned include outsourcing management. Six school are completing their first year as a turnaround school.

Growth Model -A system is in place to gauge how each student in Grades 3-8 progresses yearly. Data are available, transparent, and understandable. It helps us identify pockets of excellence and take them to scale.

4-Tier Teacher Evaluation -I endorse a shift from the current binary system (that classifies teachers as either satisfactory or unsatisfactory) to a four-tiered system. The categories include highly effective, effective, minimally effective, and ineffective. An important future element of the shift is that the performance of students (i.e., academic growth) is considered during the process of teacher evaluation.

Performance Framework -The yearly academic growth of students has become the centerpiece of a school performance framework. The chief aim of this framework is to provide the kind of information that enables our staff to learn more easily from each other about what works. It provides a way for us to hold ourselves accountable for improved student performance. It exists for all elementary, middle and high schools.

Return on Investment -Plans are underway to couple the growth information from a school performance framework with financial information in a way that shines a light on schools that make exceptional growth at low expense.

Human Capital -All students deserve a great teacher and all schools a great leader. To that end, we are developing better ways to attract, select, develop, and retain the best educators. These efforts include career ladders and expanded pay for performance.

Public/Private Partners -Private funding is being used to support several studies. Three are complete. This includes one on barriers to achievement. The other is a communications analysis. A third is a comprehensive analysis of District operations and spending. All three yielded valuable insights. A number of other public-private partnerships exist that have benefited students and staff in various ways (e.g., by providing access to high-quality professional development for teachers and leaders).

Technology -Hybrid education that combines technology-assisted remote learning with more-traditional, face-to-face education has the potential to create more-engaged learning and transform how we think about class size. This is happening in a modest and limited way now. I am working to dramatically expand its use.

Literacy -Helping children to read is the most important gift we can give them. I support more professional development that equips teachers with better skills in this arena as well as better benchmark assessments to reliably gauge proficiency through the years. I am taking steps to see that we acquire tools that are better aligned and which provide more real-time feedback to teachers, parents, and students.”

Goals and Objectives

GOAL #1: The District will ensure that all students experience success in school and are Ready By Exit.

OBJECTIVE 1: *Based on graduation records, the percentage of students graduating from high school with a standard diploma will increase by at least 5 % each year with a goal of reaching at least 75% by 2016; and the graduation rate will be calculated using the adjusted cohort formula.*

OBJECTIVE 2: *College remediation rates will decline yearly as reported by NSHE.*

OBJECTIVE 3: *Gaps in annual rates of academic growth for different ethnic and racial subgroups will narrow by 50% based on state assessments.*

OBJECTIVE 4: *The percentage of students taking Advanced Placement courses and scoring 3 or above will increase yearly at each high school as reported by class enrollment records.*

OBJECTIVE 5: *The percent of students admitted to a postsecondary institution and successfully completing their first year will increase as reported by NSHE.*

OBJECTIVE 6: *The percentage of students exiting Grade 5 who read on-level on state assessments will reach 80 percent, as measured by the assessment.*

OBJECTIVE 7: *The percentage of students exiting Grade 3 who read on-level on state assessments will reach 80 percent, as measured by the assessment.*

OBJECTIVE 8: *The percentage of students exiting Grade 1 who read on-level on district assessments will reach 80 percent, as measured by the assessment.*

OBJECTIVE 9: *The percentage of students exiting Grade 8 and who are proficient in Algebra I will increase yearly by 10% as measured by a district-wide, standardized end-of-course exam.*

GOAL #2: The District will coordinate, design, deliver, and evaluate ongoing professional development aligned to District instructional initiatives and identified student needs.

OBJECTIVE 1: *The District will align professional development to meet District instructional expectations and identified student needs based on data measured by a professional development tracking system and professional development evaluations.*

GOAL #3: The District will continue targeted recruitment, support, and retention of qualified staff including teachers, administrators, and support staff.

OBJECTIVE 1: *The District will recruit qualified staff resulting in an increase of teachers with highly-qualified status.*

OBJECTIVE 2: *The District will retain qualified teachers resulting in an annual attrition rate of less than 8%.*

OBJECTIVE 3: *The District will increase retention of highly-qualified teachers in at-risk schools.*

OBJECTIVE 4: *The District will revise the system for evaluating licensed employees and school administrators in collaboration with the HR Division, Instruction Unit, Employee Management Relations, and association representatives.*

Demographics and Student Information

Demographic profiles are reported by gender, race/ethnicity, and special student populations as of count day.

Data as of: Count Day

This table shows the number and percent of students who are expected to graduate in a given year that are credit deficient. Because of the changes in law (NAC 387.659) that affect the way credit deficient students are identified, no data comparison should be made before and after the 2009-2010 school year.

** Indicates the grade level was not present.

Data as of: Count Day

This table shows the number and percent of students who are expected to graduate in a given year that are credit deficient. Because of the changes in law (NAC 387.659) that affect the way credit deficient students are identified, no data comparison should be made before and after the 2009-2010 school year.

*** Indicates the grade level was not present.

Student/Teacher Ratio

Student/Teacher Ratio is listed for all classes whose students do not rotate to different teachers.

	All School	Kindergarten+	1st Grade	2nd Grade	3rd Grade	4th Grade	5th Grade	6th Grade	7th Grade	8th Grade
District	23:1	25:1	19:1	20:1	22:1	28:1	28:1	34:1	N/A	N/A

'N/A' indicates that this grade level was not present or there was no full time teacher at that grade level.

- Teachers may serve multiple grade levels as needed. Student/Teacher Ratio is reported for the school as a whole.

+ Kindergarten ratios are based on the number of classes, not teachers.

Data reported as of December 1.

Nevada System of Higher Education (NSHE): Fall 2011

Students enrolled in remedial courses within the Nevada System of Higher Education (NSHE) do not reflect all graduates. Some graduates do not attend college or they attend college out of state.

Fiscal Information

Per-Pupil Expenditures 2010-2011

The Nevada Department of Education in consultation with InSite adjusted the formula used to calculate per pupil expenditures beginning with the 2009-2010 Annual Reports of Accountability. Therefore, we have two appropriate comparisons sets; comparisons 2003-04 SY through 2008-09 SY and comparisons of 2009-10 SY and forward.

Personnel Information

Classes Not Taught by Highly Qualified Teachers

Highly qualified teachers hold a minimum of a bachelor's degree, are licensed to teach in the State of Nevada, and have demonstrated competence in their teaching area. Data were obtained from the Office of Teacher Licensure as of May 2012.

District Communication Efforts

Parents and community members are encouraged to be active participants in the educational process. The District promoted frequent two-way communication with parents, family, and the community through a variety of meetings, forums, publications and media.

- Superintendent and district staff attended community meetings, made presentations to various community organizations members and appeared on radio and television shows, encouraging feedback and fostering positive working relationships.
- The Board of School Trustees conducted monthly Parent Advisory Committee (PAC) meetings at various locations in the Areas they served.
- The Board of School Trustees hosted an interactive television program, "School Matters," on Vegas PBS that allows community members to ask questions and receive real-time answers on a variety of important district topics. "School Matters" airs several times throughout each school year.
- The Board of School Trustees made video coverage of the regular meetings available online with live streaming during the meetings and archived videos afterward.
- Video messages from the Superintendent, district staff, and the Board were made available online.
- The District hosted a number of news conferences and prepared and distributed numerous news releases in order to expand the information provided to the community.
- The District provided news releases and important messages directly to parents and community members through opt-in means, including e-mail, Facebook and Twitter.
- The District developed series of grade-specific learning activities for parents, to assist with learning over the summer. The series was available online in its entirety.
- The Board of School Trustees held Community Linkage meetings to gather community input.
- The Board of School Trustees also provided monthly newsletters as well as special edition newsletters to their districts, which included calendar events, helpful information, and articles on a variety of topics.
- Surveys were distributed to more than 230,000 households requesting feedback from parents regarding all aspects of their child's schooling.
- The District hosted a variety of forums on specific topics at various locations throughout the school year.
- The District provided reports and messages related to educational reforms and planned changes. The information was provided to the community through meetings, emails, web postings and presentations at Board of School Trustees meetings.
- The District initiated additional ongoing communications with key external stake holders and internal staff and conducted a focus group with parents' feedback and input for future District communication with parents and the community.
- The CCSD website provided timely information for parents and provided links to individual school's Web sites. The online "Straight Talk" feature enabled the community to send comments, suggestions, and concerns directly to the Board of School Trustees and Superintendents.
- The District presented "Inside Education," a 30-minute weekly news program on Vegas PBS highlighting activities and achievements in the District, "Parent Talk" segments that provide ways to engage families in their students' academic success, and interviews with District staff, parents and community representatives.
- Schools throughout the District produced and distributed newsletters about their specific school programs, activities and events.
- The District's parental online communication systems, ParentLink, provided a means in both English and Spanish for parents and guardians to quickly and securely track their children's academic progress. In addition, most schools utilized outgoing voice messaging to inform parents of student progress or other important matters.

- Parents and community members regularly participated and provided input to critical committees, such as:
 - Career and Joint Technical Skills Committee
 - Attendance Zone Advisory Commission (AZAC)
 - CCSD Textbook Commission
 - Sex Education Advisory Council
 - Nevada Partnership for Inclusive Education
 - Area Child Development Centers
- Several district publications provided important information and a means to communicate with district personnel and the community. Those publications were posted on the District's website.
- A parent liaison position is in place and is actively involved with numerous parent organizations to increase parent involvement and communication.
- The following initiatives were coordinated through the Parent Services office:
 - Applied for and received a United Way World Wide Grant to create Family Engagement Centers in five high schools.
 - Coordinated the Third Family Enrichment Day at University of Nevada Las Vegas with over 500 participants.
 - Participated in various events and activities in support of National PTA's Urban Family Engagement Initiative to increase parental engagement in urban schools.
 - Coordinated and recruited participants for the Parent School Partnership Training - included teachers, parents and support staff in collaboration with Nevada State Parent Information Center.
 - Conducted several community workshops focused on understanding parents rights and responsibilities in education.
 - Managed and coordinated the "Reclaim Your Future" campaign a graduation initiative. The goal of the campaign is to increase the District graduation rate through an intense community outreach effort that motivates at-risk students to get back to school.
 - Coordinated the District wide Parent Engagement Forum which meets monthly throughout the school year.
 - Participated with and advised the Statewide Parent Advisory Council created in 2007.
 - Participated on the Statewide Parent Involvement Task Force formed to propose regulations to the Nevada Department of Education on coursework requirements in the area of Parental Involvement.

Adequate Yearly Progress (AYP)

Complete information on Adequate Yearly Progress is available on the "No Child Left Behind" page of the Nevada Department of Education website: www.doe.nv.gov/nclb.

The AYP data contained in this report may not reflect final decisions relative to the school's performance in the Nevada AYP accountability system. For the most current information regarding the 2011-2012 AYP results, please visit the Nevada Department of Education's website at www.doe.nv.gov/ayp.

District AYP Results

	AYP Designation
District	In Need of Improvement (Year 1)

Number of schools In Need of Improvement: 210

Percentage of schools In Need of Improvement: 56.8 %

District totals do not include state or district sponsored charter school data.

Summary of Standards-Based Test Performance

Nevada used criterion referenced tests (CRTs) and the High School Proficiency Exam (HSPE) to measure student achievement relative to Nevada's academic standards. Data in these tables are a compilation of test results for grades represented at the school, district, or state and may not represent the figures that were used to determine Adequate Yearly Progress. For more detailed information and other assessment information, refer to www.nevadareportcard.com.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)

AS = Percentage of students performing in the Approaches Standards range of achievement

MS = Percentage of students performing in the Meets Standards range of achievement

ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

“-” indicates data not presented for groups fewer than 10.

“N/A” indicates that data are not available.

As a result of substantive changes to the content and rigor of the 2011 reading assessments, direct comparisons should not be made between 2011 performance and performance in previous years.

Note: District totals do not include state or district sponsored charter school data.

The development of this annual district accountability report is a joint effort among the Nevada Department of Education and Nevada school districts. This report is provided to the public as required by the federal No Child Left Behind Act and NRS 385.347. A comprehensive listing of all accountability data, including student test data, may be accessed on the Nevada Annual Reports of Accountability website at www.nevadareportcard.com.
