Welcome District B. Summer is in full swing and for many families it is a time to take a much needed break, especially after a busy spring that brought many challenges and changes within the Clark County School District.

To deal with the economic crisis that our state faces, the legislature had to make some hard decisions this legislative session. With that being said, I want to thank everyone for their efforts to safeguard education. Your phone calls, letters, e-mails, and testimonies let our legislators know that education matters to Clark County. As a result, K-12 education's budget was reduced by 4% rather than the Governor's proposed 6% reduction.

Although a better picture than anticipated, there are many sacrifices that must be made as a result of a budget cut that equals approximately \$120 million. Eventually, the economy will rebound, but until that time, I will ask for your continued support in working with our elected officials so that we can restore education starting at the classroom level.

Again thank you and have an enjoyable summer.
