The above Board meetings will be held at:
Edward A Greer Education Center, Board Room
2832 E. Flamingo Road, Las Vegas, NV 89121

DISTRICT G PAC MEETING
Wednesday, January 20, 2010, 9:15 a.m.

Vegas PBS/Virtual High School
3050 E. Flamingo Road

Dear District G PAC :

Happy New Year 2010! I can easily remember when the new century was ready to be born some 9 years ago, and we all wondered what the new decade would be like. None of us could predict the challenges and blessings that the last 10 years have delivered, but I am grateful for it all...one of the best experiences has been the opportunity to serve you as a member of the School Board for Clark County. To work with all of you and hundreds, thousands, of other dedicated students, parents, educators, and community members has been a great blessing in my life. THANK YOU ALL.

I am looking forward to our **January 20th PAC meeting** that will be held in the new **Vegas PBS/Virtual High School building located at 3050 E. Flamingo Road**, just east of the Education Center on the corner of Flamingo and McCleod at **9:15 a.m.** I can promise, and I never promise, that you will be educated about the plethora of work and educational endeavors that go on at this facility. I also know you will learn of some way you can enhance the learning of your family. Please feel free to invite any interested person...the more there; the more we can share the knowledge.

The request for more educational cuts has been issued by the Governor; however, Superintendent Rulfes and other educators throughout the state are holding strong that if cuts need to be made, wait until next year. Also, the stimulus \$\$\$ coming from the federal government are being applied for and monitored by our staff. If further cuts are mandated, I do not believe we have any choice but to cut programs and or increase class size once again. My big hope is that the economy will turn around, sales tax dollars will increase, and the recession will move its way out of our economy. I know that as a state and a community, if we continue to make good choices on saving rather than spending, we can ease our way back to a strong economy, but it will take a few years...so keep up the good work: **WORK HARD AT YOUR JOB, TEACH YOUR CHILDREN THE VALUE OF A HARD EARNED EDUCATION, CONTINUE, ALL OF US, TO BE LIFE LONG LEARNERS!**

As the second semester begins, help your students know the importance of each and every day attending and working hard in the classroom. As they enter our secondary grades, encourage students to work with their teachers, and if concerns arise, help them through example, to know how to interact to ensure the highest level of education our students can achieve. We find that as students arrive at middle school, some of the greatest changes take place in our students and how they engage in learning. Most parents have a sense to retract from school interaction, and I believe parents and adults need more than ever to give individual guidance to their students. All of us can do better; all of us can find someone that needs nurturing and help them succeed.

Again, I thank you for the opportunity to serve and look forward to any questions or concerns you might have.

Sincerely,
Sheila Moulton, District G Trustee
