### 2009-2010 SCHOOL YEAR INFORMATION

Registration for the 2009-10 school year will be held during August at local schools. Specific registration information is available from the child's school. Call the Zoning Office, 799-6430 for information or access the website at:

<http://ccsd.net/parents/enrollment.phtml>

CCSD Transportation Department has an automated bus registration system. If your address information is up to date and there has not been a school attendance or zone change that affects your student, then there is no need to fill out transportation forms or call the transportation department; your student will automatically be registered for transportation for the following school year. When students register for school, they may register for bus transportation with one simple check mark. However, if the above information does not apply to you or if you are new to the district, access the transportation department at [Registration](#) for bussing information

**HAVE A FUN & SAFE SUMMER!**

Dear District C, “The VILLAGE”: Parents, Principals, CCSD Staff, Students, Community, and Friends:

During the month of June, Clark County School District 12th grade students were honored at high school graduation ceremonies throughout our district. We must remind our newly graduated students, that this is just the beginning of future challenges that requires focus and commitment to take advantage of educational opportunities. It is important to remind all students that a high school diploma can be the gateway to postsecondary education, better employment and a successful college career and technical.

All students and their parents must make it a goal to not only excel during high school but understand that the foundation must begin as early as one or two years of age. Learning and educational development begins early and then progresses throughout the school years. Good planning and educational learning must be coordinated at home, school, and the community to ensure student success in later years.

Roughly 60% of jobs require some type of training or education beyond high school and most institutions of higher education want applicants to be high school graduates. According to the Education Commission of the States, high school graduates earn higher salaries, so are less likely to depend on public assistance, to have health problems, or to engage in criminal activity. A higher level of education typically means better employment prospects and increased personal and community satisfaction.

“A Special Congratulations to all 2009 Clark County School District High School Graduates! We are so proud of you, your parents, and family for this outstanding accomplishment. We look forward to acknowledging your future career achievements and wish you much success in meeting your home, school, and educational challenges.”

There will be no Village Meeting during July and August 2009. We will be resuming our next meeting:
