Greetings, District G families!

Opportunities to work together as a community are on their way!

The Nevada Legislature will begin February 6. Like the last session, this legislative session holds many opportunities to help improve the learning experience our students have in our schools.

Here in Nevada, our influence as parents is valued as never before. Let's work together as a community to help our legislature succeed in improving education in Nevada.

Before our March 22 Parent and Community meeting, please set aside several times on your own computer or one at the library to visit the Nevada Legislature website at <https://www.leg.state.nv.us/> and get in touch with legislators representing our neighborhoods and schools.

One way to start communicating with our representatives is to watch an education committee meeting. The schedule of committee meetings is on the website. Watch online and listen for someone to say something you agree with and would like to help with.

Right then, e-mail the legislator who said it and say something like, "I agree and I want to help" and describe the importance of what they have said they support. Then keep up the relationship, finding any possible way you can help, like e-mailing other legislators to help them understand.

All the legislators' e-mail addresses are also on the Nevada Legislature website.

I hope you have a great experience getting involved in the Nevada Legislature's work for our children.

Let's get together and share our experiences March 22.

Thank you!

Erin
