Greetings, District G families!

I love this time of year in our schools.

We have many opportunities as the school year wraps up to see student success in action as we attend our children’s fine arts performances, athletic events, and wonderful academic events such as Nevada history celebrations and math or science nights.

I hope we are extending thanks to the teachers and other education leaders who work with our children each day as we reflect on the great things that they help our children accomplish.

Teacher Appreciation Week is coming up the first part of May. As parents and as former students we can contribute to the appreciation our teachers receive by taking time to write and share our thanks as parents, by helping a child to prepare a note of thanks, by posting “throw back Thursday” #TBT pictures of ourselves with favorite teachers, and in many more ways.

I would like to extend special thanks to Superintendent Skorkowsky and his Family And Community Engagement Services (FACES) team for many great experiences students and parents are having since FACES came together to help families engage successfully in our children’s education.

Make sure to follow FACES on social media and on the ccsd.net website to find upcoming events your family may enjoy together.

I also thank you, parents! Thank you for everything you do to support our schools and students!

Sincerely,

Erin
