News Janitor in the late 1950's

George served in the US Army during WWII in France & while there was gassed, he did live. His son Wm Dodge (my father) was born in Boulder City, NV. George's younger son Donald was born in 1937 in 1937. In the late 30's, the 40's, & the early 50's George Dodge owned land where part of the old Showboat/Castaways is at & the old Derwienscritzel building. In Feb 1952 he bought the ~~and~~ lot on Linn Ln (2103 Linn Ln) his granddaughter lives at 2107 & she is a school teacher at one of the schools. He has a grandson who was Capt of the NV Fire Dept. two of his sons owned Dodge Roofing. His family/Descendants have been in town since the 1930's/5 generations attending CCSD schools & some of us attending colleges/universities some of these same descendants graduated w/ honors/high honors. He had a son who served in WWII, sons & children who served in Nevada National Guard & active duty alike. Some of his children worked for some of the 1<sup>st</sup> business in town, like Anderson Dairy, Arden Dairy, Highland Dairy, Manny Penny, Vegas Village, Lovelands. What I'm saying he & his family are part of this county & this county was & is part of our many generations lives!!
