

## CLARK COUNTY SCHOOL DISTRICT REGULATION

R-4222

### PUBLIC BOARD SERVICE: ALL EMPLOYEES

- I. An employee appointed or selected to serve as a member of a state public board where the appointment or selection is required by virtue of the specific position held by the employee shall request leave to attend meetings of said board in advance by submitting such a request to the immediate administrative supervisor.
- II. An employee who serves, by virtue of the specific position held by the employee, on a public board scheduled during the employee's workday shall receive the regular daily rate of pay for that period of public service. However, monies received for such assignment shall be remitted to the District.
- III. Service on the Clark County Board of School Trustees concurrently with employment with the District presents an unacceptable conflict of interest under Nevada ethics laws and a violation of the separation of powers doctrine. Accordingly, any employee of the District who is elected or appointed to a position on the Board of School Trustees must terminate his or her employment with the District before executing the oath of office as a Trustee.
