

HUMAN RESOURCES DIVISION
Interoffice Memorandum

DATE: January 19, 2021
TO: All CCSD Employees
FROM: Nadine Jones, Chief Human Resources Officer *NJ*
SUBJECT: COVID-19 Vaccinations Update – Educator Registration Date

As a follow up to the memo on January 15, 2021, additional information is available regarding educator vaccination registration.

The Nevada System of Higher Education (NSHE) will act as the “Education” pod for Clark County and will provide vaccinations for all Clark County School District, charter schools, private schools, and higher education staff and faculty at the UNLV Student Union and the CSN Henderson Student Union. Based on the most current information we have received, we anticipate that CCSD employees will be able to register for vaccination appointments beginning Monday, January 25, 2021. Note that educators who sign up prior to this date risk being turned away or re-scheduled.

UNLV Medicine is currently updating their scheduling website to prepare for CCSD registration. We ask for your continued patience in waiting until you are notified to register. This will allow time needed to set up systems that accommodate our needs. We are working with them closely this week to develop the process and anticipate providing CCSD staff with additional information by the end of this week.
