The Clark County School District Board of Trustees is a dedicated group of community leaders who are elected to overlapping four-year terms and represent a specific geographic region of Clark County. Although each Trustee represents a different region, they are dedicated to ensuring the success of every student in the District through clear, concise direction to the superintendent. The Trustees bring a wealth of experience and concern for children to their position.

Vision Statement

All students progress in school and graduate prepared to succeed
and contribute in a diverse global society.

October 24, 2024

Evelyn Garcia Morales, President
Members of the Clark County School District Board of School Trustees
Residents of Clark County, Nevada:

The Annual Comprehensive Financial Report of the Clark County School District (the District), Clark County, Nevada, for the fiscal year ended June 30, 2024, is submitted in accordance with state statutes. Nevada Revised Statutes (NRS) 354.624 requires school districts to present to their respective boards within four months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the District. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the District. The cost of internal controls should not exceed anticipated benefits, as the objective of the District is to provide a reasonable, rather than an absolute, basis for making these representations. Management of the District has established a comprehensive internal control framework designed to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP.

The accounting firm of Eide Bailly LLP, a firm of licensed certified public accountants, was selected to perform the fiscal year 2024 audit. In addition to meeting the requirements set forth in state statutes, the audit was designed to meet the requirements of the federal Single Audit Act Amendments of 1996 and related Uniform Guidance. Eide Bailly LLP concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2024, are fairly presented in conformity with GAAP. The auditor's report on the basic financial statements is included as the first component of the financial section of this report. The auditor's report on the internal accounting controls of the District is included in the *Compliance and Controls Section* and will be filed as a public record pursuant to NRS 354.624.

GAAP also requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found on page 6, immediately following the *Independent Auditor's Report*.

PROFILE OF THE CLARK COUNTY SCHOOL DISTRICT

History and Geography

In 1956, Nevada's multiple school districts were consolidated under terms of state legislation, creating countywide school districts. All public educational services provided by the District are restricted to the boundaries of Clark County. Clark County covers 7,891 square miles of land and is in the southernmost part of the state. The largest cities within the county served by the District include Las Vegas, Henderson, and North Las Vegas. Other cities and rural areas served are

Main Office: 5100 WEST SAHARA AVENUE • LAS VEGAS, NEVADA 89146 • TELEPHONE (702) 799-CCSD (2273)

located as far north as Indian Springs and Mesquite and as far south as Laughlin and Searchlight. Although the District serves the geographic area of Clark County, it is formally a political subdivision of the state of Nevada, which determines the majority of its funding. Along with state authorized revenues, the District receives funding from federal and local sources and must comply with the associated requirements of these funding entities. The District has ongoing relationships with many local, state, and federal government agencies, as well as colleges and universities.

Population

With community diversity, job opportunities, favorable climate, affordable cost of living, and lifestyle choices that appeal to a wide range of people, Clark County still remains a top choice for relocation. However, Clark County's overall population increased slightly in 2023, totaling approximately 2.37 million residents. The county increased in size by approximately 39,652 people from 2022 to 2023, representing a 1.70 percent increase. The population in Clark County is predicted to grow at a rate of 1.6 percent in 2024.

The District's enrollment for the 2023–2024 school year was 290,619 students, which makes the District the fifth-largest school district in the nation. Pursuant to NRS 388.1233, the student enrollment count mechanism for Average Daily Enrollment (ADE) is reported quarterly on October 1, January 1, April 1, and July 1. The following chart represents a ten-year history of student enrollment:

Student Enrollment Projections

The Demographics, Zoning, and GIS Department utilizes current birth rates and cohort projection techniques, including a review of the number of new residents moving into Clark County and the advancement of students through grade levels, to calculate the student enrollment projections.

Student enrollment has decreased by 4,820 students during the past year. Projections indicate school enrollment may see a smaller decrease in ADE for the 2024–2025 school year, down to 287,352 students.

Structure of the District

The District is governed by an elected, seven-member Board of School Trustees (Board). The Board members represent specific geographic areas, are elected by the public for four-year overlapping terms, and have the authority to adopt and administer budgets, as well as establish District policy. The Board employs a Superintendent to serve as an administrator for the day-to-day operations of the District. On January 2, 2024, the Board added four new non-voting members during a special meeting. As mandated by Nevada's Assembly Bill 175, each Trustee will serve a four-year term as appointed to represent the local municipalities: of Clark County, the City of Henderson, the City of Las Vegas, and the City of North Las Vegas.

As of June 30, 2024, the District operates 233 elementary schools, 61 middle/junior high schools, 54 high schools, 21 alternative schools and 4 special schools with a total student body of 290,619. The majority of the District's 373 school programs are organized into three Regions aligned geographically. Each Region represents approximately 100 to 110 feeder aligned schools supervised by a Region superintendent. The District is also the largest non-federal, single-entity public employer in Nevada, employing 41,896 staff members.

In addition, reporting directly to the Superintendent is the deputy superintendent of the Teaching and Learning Unit, the deputy superintendent of business administration and chief financial officer, the chief human resources officer, the chief communications officer, the chief of police, and the general counsel. The deputy superintendent oversees four Region superintendents that lead the schools, the chief academic officer, the chief of health and student services, Equity and Diversity Education Department, and the school associate superintendent of the Education Service Division and Student Athletics and Activities. The chief academic officer is responsible for 29 departments within the Assessment, Accountability, Research, and School Improvement Division; College and Career Readiness and School Choice Division; Curriculum and Instruction Division; English Language Learner Division; Leadership and Professional Learning Division; and the Multi-Tiered System of Supports Department. The chief of health and student services supervises the Office of Compliance and Monitoring, special education services and related programs, and health services for the District. The deputy superintendent of business administration and chief financial officer supervises the departments of Finance, Budget, Facilities and Bond Fund Financial Management, Accounting, Grants Fiscal Services, Payroll/Employee Benefits, Resource Management, Risk Management, as well as the assistant superintendent of construction, assistant superintendent of facilities, the chief operating officer, and the chief strategy officer. The chief operating officer oversees Food Service, Purchasing, Transportation, Emergency Management and School Safety, and the chief information officer over Technology and Information Systems Services. The chief strategy officer is responsible for the Grants Development and Administration, Title I, and the development, coordination, and implementation of strategic initiatives. The chief human resources officer is responsible for the Human Resources Division, Employee Management Relations as well as Recruitment and Development for the District. The chief communications officer supervises the departments of Media Relations, Marketing, Government Relations, Public Records, Engagement Unit, Community and Government Relations, and the president/general manager for Vegas PBS. The chief of police is responsible for police officers and law enforcement issues within the District's jurisdiction. The general counsel directs attorneys and staff working on behalf of the District's legal interests. The District's organizational chart can be found on page xxv.

Vegas Public Broadcasting Service (PBS)

The Annual Comprehensive Financial Report includes all funds of the primary government unit, the District, and its component unit, Vegas PBS. Vegas PBS is a local public telecommunications entity and is licensed to the individuals elected as Trustees of the Clark County School District. Vegas PBS is a division within the District for which the District's Trustees may serve as the Licensees of the Federal Communications Commission Public Broadcast License and for which the District is financially accountable. The District's financial statements include Vegas PBS as a Non-Major Special Revenue Fund where revenues are generated from donations, grants, and fees restricted for use by Vegas PBS in its operating activities. In matters relating to the activities of the public television station, the Trustees act as individuals, not as Trustees.

Vegas PBS operates four broadcast television channels serving four Nevada counties and portions of Arizona, California, and Utah. Included are six educational websites; a special-needs resource library serving the entire state; an online digital resource library with hundreds of thousands of instructional titles using a federated search engine called One Place; an online teacher training and adult education center; a proctored testing lab serving Human Resources, Adult Basic Education, Title I, and other units; and an emergency communications data repository and network hub supporting School Police and other emergency responders.

School services, staff development, and District public information services are funded by the District and supplemented with competitive grants. Public television services and community engagement outreach services are funded by personal philanthropy, corporate and foundation sponsorships, tuition fees, and federal and state grants.

Budget Process

Budgeting in the District is on a July 1 through June 30 fiscal year basis and normally comprises of three budget filings. The cycle begins in April of the prior fiscal year for the tentative budget and continues until a final budget is filed with the Nevada Department of Education and the Nevada Department of Taxation in June. After the ADE is filed for the first quarter of

the fiscal year, the District is required to adopt an amended final budget on or before January 1, reflecting any adjustments necessary as a result of the ADE.

The process of budget formulation begins with the Budget Department and is a participation process, led by the chief financial officer, and includes the Superintendent's Executive Leadership Team. After reviewing various budget needs, the Executive Leadership Team members submit their requests for staffing, supplies, and equipment to the Budget Department. These requests are then summarized by the Budget Department, whose responsibility is to prepare a tentative budget for consideration by the Superintendent and presentation to the Board for approval. An amended budget may be approved by the Board in any year in which the legislature increases (or decreases) the revenues of a local government, if the increase (or decrease) was not included or anticipated in the local government's final budget as adopted. The Board adopted the 2023–2024 Final Budget on May 18, 2023. After the Board approves the amended final budget, it becomes the responsibility of the Budget Department to implement and monitor the budget. A system of budget allotments are established for each school and departmental unit. Daily review of transaction data is available with user access through network connections, which reflect appropriation levels, encumbrances, and year-to-date expenditures. This reporting system also enables the Budget Department to monitor all of the District's budgets on a regular basis and provides the necessary controls.

If it becomes necessary during the course of the year to change any of the departmental budgets, transfers are initiated by department heads and approved by the appropriate administrator. Transfers between programs or function classifications require approval of the Board.

District Services and Programs

By state mandate, the District provides public education in Clark County, Nevada from Kindergarten through Grade 12. The District offers many educational resources, from regular and special education programs, early childhood, adult, and vocational programs, in order to meet the needs of the children and adults of Clark County.

English Language Learner Division

The English Language Learner Division facilitates professional learning sessions, Understanding Language Development, for all licensed educators to improve learning outcomes for English language learners (ELL). Understanding Language Development aligns with the Nevada Educator Performance Framework and reinforces teachers' application of the Nevada Academic Content Standards, the Nevada English Language Development Standards, and the Language Development Approach adopted by the Board to support simultaneous content and language instruction.

Student Services

The Student Services Division (SSD) provides specialized designed instruction, related services, and accommodations for students with disabilities from pre-kindergarten through age 22 as mandated by each student's Individualized Education Program (IEP), as well as supervising the provision of services for students identified as Gifted and Talented and early childhood. In addition to direct classroom instruction by highly qualified teaching and related services staff, SSD provides Child Find services, direct services, consultative services, technical support in best practices and requirements mandated by the Individuals with Disabilities Education Act, classroom consultation, transition services, and professional learning for District educators.

SSD provides health and wellness (physical and mental health) support and services for students from pre-kindergarten through age 22. SSD is also responsible for the IEP data management system in compliance with state and federal regulations, including state and federal reports, and manages the Medicaid program, bringing in millions of dollars in Medicaid reimbursements in compliance with state and federal regulations to ensure program solvency. Section 504 Accommodation Plans support and guidance are also provided through SSD.

Magnet Schools and Career and Technical Academies (CTA)

The Magnet Schools and Career and Technical Academies (CTA) programs offer learning opportunities related to various themes or focus areas for interested students. Students from across the District may apply for entrance into one of these programs based on their own interests and abilities. The purpose of the Magnet and CTA programs is to increase student achievement, promote diversity, and create an awareness of career opportunities relative to fields of study in which students may be interested. There are currently 44 Magnet and CTA schools in the District consisting of 10 elementary schools, 15 middle schools, a Kindergarten through Grade 8, and 18 high schools.

Change of School Assignment

The Change of School Assignment (COSA) process allows students to attend a school other than the school in which they are zoned through an application process as outlined in Policy and Regulation 5112. Schools that are eligible for this process are determined annually based on the school's available capacity and enrollment, projected future enrollment, and current building utilization. To learn more about the COSA process, visit itsyourchoice.ccsd.net.

Alternative Education Programs

The District provides alternative education programs designed to give students who are credit deficient and/or require a nontraditional approach to education options for an extended day, alternate school hours, or childcare, creating an opportunity to complete their course requirements. The District also provides an alternative setting for students experiencing chronic behavioral problems and in need of additional support. Alternative programming also includes programs for students who are being detained by Juvenile Courts pending adjudication, as well as for students who have been adjudicated and sentenced to either of the local youth camps.

The District has also partnered with Acceleration Academies to provide additional options for alternative education. Acceleration Academies is a national leader in re-engaging young adults not experiencing success in a traditional high school setting by providing a personalized academic program to achieve the dream many thought was out of reach: a high school diploma.

Charter Schools

Charter schools within Clark County operate as independent public schools funded by the state and are strategically designed to provide alternative educational opportunities to students and their parents/guardians. An independent governing body oversees each school. Charter schools are allowed to offer an alternative educational environment within the confines of state law and regulation. In addition, charter schools must meet mandated sponsorship requirements and are monitored by the District and the Nevada Department of Education. The District sponsors six public charter schools within Clark County, while the responsibility of monitoring all other charter schools within Clark County falls to the Nevada State Public Charter School Authority.

Digital Learning/Distance Education

Through its tuition-free online secondary public school, the District provides students with online learning through the Nevada Learning Academy (NVLA) at the District. NVLA is an online public secondary school that offers courses for students in Grades 6-12. NVLA is devoted to providing students with a rigorous curriculum and instructional technology which allows them to gain 21st century skills in "Collaboration, Communication, Creativity and Innovation, Information and Media Literacy, Problem-Solving, and Responsible Citizenship." NVLA provides personalized, and rigorous learning opportunities to students who want, or desire, an alternative educational environment.

College of Southern Nevada High School Program

The College of Southern Nevada (CSN) offers several dual and concurrent enrollment programs for qualified high school students who want to get a head start on their higher education. Participating students are eligible to earn both high school and college credit simultaneously. District high school counselors can help with the application process. For more information, visit csn.edu/high-school-programs.

Financial Position

The Board approved the Amended Final Budget for fiscal year 2024 on December 14, 2023. The General Operating Fund (*which includes General Fund and Special Education Fund*) budget reflected a total operating budget of approximately \$4.4 billion. This budget also reflected the District's priorities to accomplish the Board's objectives of improving student achievement with a major focus on classroom instruction.

The District provides a website called "Open Book." This website provides insight into District finances and keeps the public informed of how taxpayer money is spent. Some of the interactive tools the website includes are for budget comparison, food services analysis, actual salaries and benefits by function, strategic budget by school, and financial reporting that addresses sections of NRS 388G. These tools provide transparency and accountability for the District's budgeted appropriations and staff positions by department and major functional area. The District encourages community feedback through an online "suggestion book" where visitors can submit ideas for additional budget savings.

Long-Term Financial Planning

The District's Construction and Development Division is responsible for analyzing enrollment trends and student demographics; monitoring residential developments, and engaging in long-term capital planning, design, and construction to ensure sustainable educational environments. During the 2015 Legislative Session, Senate Bills 119 and 207 passed, which extended the authority of the District to issue bonds for the construction and renovation of schools through 2025. The District expects to receive \$4.1 billion in capital funds over these ten years. Signed into effect during the 2021 Legislative session was Senate Bill 450 which extended the District's authority to issue general obligation bonds secured by the tax rate for debt service of \$0.5534 for another ten years ending March 3, 2035.

Despite declining enrollment over the past several years, the District continues to address over-capacity schools in specific geographic regions. The District continued to address diverse needs by opening a new school in Boulder City. St. Jude's Ranch School, which opened in the summer of 2024, is specifically designed for victims of sex trafficking. It aims to provide a safe and supportive environment that addresses the emotional and educational needs of teenagers who are victims of sex trafficking. Additionally, the District is replacing older campuses, building new schools in overcrowded

campuses, and modernizing major building systems failures, such as air conditioning and roofs. As of June 30, 2024, the total number of school programs in operation is 372. Because of the continuous construction of new buildings over the life of the previous 1998 bond program, 19 of the District's 374 school campuses have been built new in the last ten years, and 26 of the 374 school campuses have been entirely replaced in the last ten years, which makes the average age of a school building 29 years old (see statistical table 21 for more information). Many new facilities and replacement projects are planned in the coming years as growth trends continue in several areas of Clark County and aging facilities require replacement throughout the District.

In 2019, the Nevada Legislature adopted the Pupil Centered Funding Plan (PCFP), which became effective July 1, 2021. The PCFP replaced the 54-year-old Nevada Plan for School Finance and established the State Education Fund to fund public education; the PCFP prioritizes equity by funding students based on their unique needs and circumstances. The plan seeks to provide all students with a base level of resources and to provide greater support to those who need it. In addition, for the first time ever, Nevada's education funding formula accounts for the adjusted costs of providing education in urban, rural, large, and small district and school settings across our state. Additionally, through the PCFP, school districts' excess unspent operating funds will be deposited into the Nevada Education Stabilization Account, which can provide more reliable funding from year to year.

The 2023 Legislative Session approved Senate Bill 503 and Senate Bill 504, establishing an \$11.5 billion funding budget for Kindergarten through Grade 12 schools, which was a 26 percent increase in funding over the 2021–2023 biennium. This funding represents an investment of \$3.49 billion for fiscal year 2024 and \$3.65 billion for fiscal year 2025.

Pledged revenues from the room tax and real property transfer tax in the city and county also secure additional funding for school construction. The District consistently monitors the three main revenue sources for the bond construction program and is required by statute to maintain a debt reserve account to ensure its ability to service the debt.

Financial Policies

It is the District's policy that revenue recognition is handled in accordance with the modified accrual accounting method, which requires that the timing of revenue-related inflows of financial resources be considered. GAAP directs that governmental funds recognize revenues "in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available to finance expenditures of the fiscal period." Financial resources should be considered available only to the extent they are "collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period." The District uses an availability period of 60 days from its fiscal year end for the purpose of revenue recognition. Grant funds follow the federal liquidation of financial obligation for revenue recognition of 60 calendar days. An example of the District's revenue recognition policy would be the following:

The District receives monies from the Clark County Comptroller's Office for personal property. However, the monies for the current period were not received until after the end of the fiscal year, but within the 60-day period of availability. In these instances, the District records a receivable for taxes and recognizes the revenue.

The Board requires that the District legally adopt a budget for all funds. The budget must be filed with the Clark County auditor, the Nevada Departments of Taxation, and the Nevada Department of Education by June 8, preceding the beginning of the fiscal year on July 1. The budget serves as the foundation for the District's financial planning and control systems.

The appropriated budget of the District is prepared by fund, program (e.g., regular, special), function (e.g., instruction, transportation), and object (e.g., salaries, benefits). State statute allows transfers among programs or functions within a fund if there is no resulting increase in total appropriations and they are made with appropriate administrative approval, with Board advisement.

Expenditures within governmental funds that exceed budgeted appropriations at the function level violate state statutes. Within proprietary funds, expenditures should not exceed budgeted operating and non-operating appropriations. Budget-to-actual comparisons are provided in this report for each individual fund.

ECONOMIC CONDITION

Local Economic Outlook

Clark County's favorable tax base and tax policies helped attract 12 new and expanded companies in the past year, which, in part, helped contribute to the creation of over 727 jobs and \$10.8 million in local and state tax revenue for 2023–2024. Since Nevada does not impose a corporate tax, personal income tax, franchise tax on income, inventory, estate, inheritance, or gift taxes, the state remains a favorable business climate for many companies looking to relocate.

In May 2024, the median home price in Clark County was \$478,700, reflecting a 5.1 percent decrease compared to the previous year. Since the end of the Declaration of Emergency related to the pandemic in May 2022, higher inflation rates have impeded the anticipated recovery of pre-existing sales and employment levels. However, there have been steady increases in the workforce, leading to a decreasing unemployment rate. Despite these challenges, Clark County is making progress toward its pre-pandemic state as hotels, restaurants, and small businesses adapt to operational adjustments and the aftermath of recent events.

Gaming and Tourism

Las Vegas, the largest city in Clark County, is home to several of the largest hotels in the country. Tourism, gaming, and hospitality remain the key drivers of the economy for Las Vegas and the surrounding area. In 2022, Las Vegas achieved a record high in gaming revenue of \$14.8 billion. In 2023, Nevada collected \$15.5 billion in statewide gaming revenue, with the Strip contributing 90.3 percent to the state's overall revenue growth. Tourism is projected to surpass 40.8 million visitors in the following year. Additionally, the city continues to attract major events and conventions, further bolstering its economic landscape.

Las Vegas remains a premier destination for business travel, boasting multiple state-of-the-art facilities that offer some of the most modern and versatile meeting centers globally. The Las Vegas Convention and Visitors Authority (LVCVA) oversees nearly 15 million square feet of meeting and exhibit space citywide, supported by ongoing enhancements, such as a \$600 million renovation project slated for completion by 2025 at the Las Vegas Convention Center. Recent improvements include the redesign of the east entrance to the South Hall, enhancing accessibility for convention attendees arriving from the 1,500-space platinum parking lot and accessing the Vegas Loop at the south station. Additionally, a new 4,000 square-foot boardroom on the South Hall's second floor has been introduced, significantly expanding public seating capacity and incorporating contemporary design elements such as concrete, marble, and warm wood tones. Featuring a prominent 32-foot-by-9-foot LED screen for presentations, these upgrades underscore the Las Vegas Convention Center's status as the nation's premier convention center, as recognized by the Wall Street Journal. In 2024, LVCC anticipates hosting 51 trade shows with an estimated attendance of 1.3 million, marking a modest increase from 2023's 48 shows and 1.2 million attendees.

Over the past two decades, Las Vegas has become known for more than just legalized gaming as visitors are also offered world class entertainment, fine dining, shopping, recreational, and cultural opportunities. Beyond the Strip and casinos, tourists can enjoy Red Rock Canyon National Conservation Area, Lake Mead National Recreation Area, Hoover Dam, Mount Charleston, Valley of Fire State Park, and many other outdoor attractions.

New Construction

On May 1, 2024, the Venetian Resort announced it will undergo an extensive, \$1.5 billion renovation, described as the largest and most expensive in its 25-year history. A comprehensive rebranding is underway for the 4,000 suites in the Venetian's towers and the convention center. Suites will become available for stays later in September 2024. Executives say they will invest \$188 million to renovate the convention center, adding a new color palette and luxury lounge spaces, which is scheduled to begin in the fall of 2024. New restaurants are also expected to be added, with more details to be announced later this year.

In April 2024, LVXP, described as a Las Vegas based real estate development company, announced plans to build a multibillion-dollar 2,500 room ultra luxury resort anchored by a state-of-the-art NBA ready arena on the 27-acre site that formerly held the Wet-'n'-Wild waterpark. On May 29, 2024, LVXP announced that it has selected AECOM, the world's trusted infrastructure consulting firm, to provide architectural and engineering services for its planned sports and entertainment arena on the Las Vegas Strip. Envisioned with cutting-edge technology and modern design, the NBA-ready venue will offer an unparalleled experience for NBA fans and visitors once complete. The arena will serve as the anchor

for LVXP's planned 27-acre experiential mixed-use development. This transformative project will also include an impressive luxury resort and casino designed by the renowned architect Paul Steelman.

After more than 40 years, the Formula 1 Grand Prix returned to Las Vegas to encircle 3.8 miles of the Strip in November 2023 with a ten year contract. The multimillion-dollar road pavement project began in April 2023, and concluded in November 2023. With paddock seating tickets sold out before construction even started, the event expected a massive turnout of both international and national fans. The event in 2023 raised \$77 million in tax revenue for Nevada and Clark County.

Major League Baseball team, the Oakland Athletics, have closed an agreement to build a \$1.5 billion ballpark amidst their relocation process to Las Vegas. On April 2, 2024, the Tropicana Las Vegas closed after 67 years of operation and is set to be demolished by October 2024, in order to make room for the ballpark. On May 4, 2023, Governor Lombardo announced a legislative package that would create \$380 million in public funding via sales tax. By May 29, 2023, the legislative package for the stadium known as Senate Bill 509 was drafted in the Nevada Legislature for a potential vote though it wouldn't come until after Governor Lombardo issued a special session on June 7, 2023, and was later renamed Senate Bill 1. The legislative package was passed by a majority vote in the Legislature and signed into law by Lombardo on June 15, 2023. Construction on the ballpark is expected to start in April 2025 and be complete by January 2028.

In December 2023, the Nevada Department of Transportation, in partnership with Brightline West, an intercity passenger high-speed rail service company, was awarded \$3 billion from the Federal Department of Transportation toward its planned \$12 billion Las Vegas-to-Los Angeles high-speed rail system. The 218 mile, all electric high-speed rail service will include a flagship station in Las Vegas, with additional stations in Apple Valley, Hesperia, and Rancho Cucamonga. At 186+ miles per hour, trains will take passengers from Las Vegas, NV, to Rancho Cucamonga, CA, in just 2 hours and 10 minutes, twice as fast as the average drive time. Brightline West broke ground in early 2024 with an ambitious schedule of being open in time for the Los Angeles Summer Olympic Games in 2028.

Major Initiatives

Teaching and Learning

Targeted monitoring and support has continued by Region and District leadership teams, providing guidance and feedback to school leaders to assist them with an instructional focus on results. Region leadership monitored implementation of professional learning they facilitated last summer focusing on the Multi-Tiered System of Supports (MTSS), and the Teaching and Learning expectations for Tier I instruction and monitoring processes throughout the year. This empowers teachers to provide students with comprehensive instruction that spans across academic, social-emotional, and behavioral learning domains.

All schools in The Transformation Network engage in on-site professional learning and job-embedded coaching to increase the capacity of administrators, classroom teachers, and teacher leaders. The Transformation Network deploys substitute teachers to school sites, upon request from school leadership, to support professional learning and job-embedded coaching plans. This allows classroom teachers and administrators to engage in professional learning experiences during the instructional day. Additionally, enhanced wraparound supports have been placed at all sites to ensure students and families have access to resources to meet their various needs.

Curriculum and Instruction Division (CID) continued to facilitate the rollout of critical components for high-quality, Tier I Instruction throughout the year. Schools received materials and professional learning on new instructional materials for Kindergarten through Grade-12 English language arts and secondary social studies. Comprehensive literacy training continued to be provided to select elementary schools through a partnership with Language Essentials for Teachers of Reading and Spelling (LETRS). CID staff facilitated a review and selection of Tier I instructional materials for elementary school social studies for purchase and distribution for the 2024–2025 school year.

The Assessment, Accountability, Research, and School Improvement Division (AARS) launched a District data portal and reporting platform in March 2023 that provides accurate data regarding student outcomes, financial inputs and outputs, staffing, and other factors critical to monitoring and sharing school and system success. The platform includes aggregated data at the District level for broad public consumption, school-specific data to share with the public, and school-level data for analysis by District leadership, school administrators, educators, and the community. The District Data dashboards

provide members of the public with meaningful information about key performance indicators in school and district enrollment, attendance, behavior, MAP Growth assessment, state summative assessments, and operations.

Student Achievement

The District is dedicated to providing students with equitable access to high-quality, rigorous instruction. The District ensures our teachers, administrators, and staff have the tools they need to succeed; provides opportunities for rich and rigorous learning for every student, including more pathways to college and career readiness; ensures every available dollar works efficiently to support instruction; and increases family and community engagement to better support our schools and students. The District's student success targets include all schools being rated three stars or higher on the Nevada School Performance Framework and at least 90 percent of students graduating from high school college and career ready. There were 108 schools that increased index scores from the 2021–2022 school year to the 2022–2023 school year on the Nevada School Performance Framework (NSPF). Results for the 2023–2024 school year will be released on September 13, 2024.

Evident in the 2022 National Assessment of Educational Progress (NAEP) results, the District began to see some of the fruits of their labor in aligning curriculum and instructional practices at all schools. When compared to other similarly situated school districts, the District's 2022 NAEP assessment scores are in line or slightly higher than the Large City results in Grade 4 and Grade 8 mathematics and reading. As a member of the Trial Urban District Assessment (TUDA), the District receives district-level NAEP results. These are most often compared to the results of Large City as seen in the District's Grade 4 Reading Report. Large City measures the scores of students who live "inside an urbanized area and inside a principal city with a population of 250,000 or more. In order to make comparisons between the TUDAs and large cities, the NAEP large city jurisdiction also includes those portions of the participating urban districts, which fall outside of the city limits. Large city is not synonymous with the term inner city."

School Organizational Teams (SOT)

NRS 388G mandates that each school has its own SOT consisting of licensed education personnel, educational support professionals, parents/guardians, school principals, students, and community members. These SOTs assist and advise the principal with the development of the budget and school performance plan. The statutes require that at least 85 percent of unrestricted funds will be in the school budgets.

Nevada Academic Content Standards

The Nevada Academic Content Standards (NVACS) establishes clear learning expectations focusing on the concepts and skills that all students need to learn at each grade level in English language arts, mathematics, science, social studies, and other content areas. As the NVACS are aligned to the expectations of college and career readiness, the standards promote all students being ready to participate in college and careers after successful completion of high school. In addition, the NVACS provides consistent learning expectations to ensure that students, parents/guardians, educators, and community members clearly understand what is expected for every student to learn at each grade level. The adoption, review, and selection of high-quality Tier I instructional materials and resources, aligned to the NVACS, involves stakeholders throughout Nevada and is an ongoing and critical component to ensuring Nevada students in every classroom receive current and relevant learning experiences.

Nevada Educator Performance Framework (NEPF)

NEPF is the performance model used to evaluate licensed education personnel. The goals of the NEPF are to foster student learning and growth; improve educators' instructional practices; inform human capital decisions; and engage stakeholders in the continuous improvement and monitoring of their instructional practices, professional responsibilities, and student performance. Originally, the model was to be implemented at the beginning of the 2013–2014 school year, and initially required 50 percent of the evaluation to be based on student achievement; however, implementation was delayed by both the 2013 and 2015 Legislative Sessions. The 2021 Legislative Session reduced the Student Performance Domain weight from 15 to 0 percent for the 2021–2022 school year. Per the revision, the weight returned to 15 percent for the 2022–2023 school year and remains the same for the 2024–2025 school year. The 2021 Legislative Session also implemented a class size ratio adjustment on select indicators for non-probationary, effective, or highly effective teachers who teach classes with per pupil counts above those recommended by the Nevada State Board of Education. The class size ratio

adjustment remains in effect for the 2021-2022 school year and beyond. Additional information can be found on the Nevada Department of Education NEPF website at doe.nv.gov.

Nevada Accountability System

The District uses the Nevada School Performance Framework (NSPF), a measurement tool designed by the Nevada Department of Education, which is aligned to meet the requirements of the Every Student Succeeds Act. The NSPF assigns points relative to specific levels of achievement, growth, English language proficiency, graduation rates, college and career readiness, and student engagement. Schools are annually assigned an overall star rating of one to five stars, relative to total points earned in each of the identified measures. NSPF measures are disaggregated by the seven federally required race/ethnicity student groups and three special populations that have identified goals in which improvements need to be met annually. Schools demonstrating low overall performance or low performance within student groups are identified for support and improvement.

Specialized schools serving high-need populations of students may meet the eligibility criteria to be evaluated using the Alternative Performance Framework (APF). The APF provides program evaluation for schools that offer services such as credit recovery, behavioral/continuation programs, or special education services for students with identified disabilities. Per NRS 385A.740, a school district may submit an application to the Nevada State Board of Education to have the Nevada Department of Education rate the school with the APF.

The School Rating Report for each school is located at www.nevadareportcard.nv.gov.

Safety and Security

Due to local and national focus on school safety and the prevention of school violence, the Emergency Management Department utilized safety assessment findings to begin districtwide security enhancements in all of our schools, including plans for campus hardening, single point of entry, and other security measures.

AWARDS AND ACKNOWLEDGMENTS

The excellence of the Districts Magnet School programs has once again been recognized by Magnet Schools of America (MSA). MSA selected 35 District programs at 34 schools as Merit recipients for the 2023–2024 school year. There were nine District Magnet Schools awarded the newly created Top Schools of Excellence designation. Seven programs were awarded the School of Excellence designation and 18 schools were awarded the Schools of Distinction designation.

The District boasts having twenty-seven Governor's designated STEM Schools and two highly coveted Blue Ribbon Schools of Excellence by the U.S. Department of Education.

More than 800 District employees were honored at the Evening of Excellence: Starlight Awards with ten educators receiving top honors whose work focused on student achievement.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. This was the thirty-eighth consecutive year that the District has achieved this prestigious award.

The District also received the Association of School Business Officials (ASBO) International Certificate of Excellence in Financial Reporting for the Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. This was the thirteenth consecutive year that the District has achieved this prestigious award.

The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management. In order to be

awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The District believes the current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and will submit it to GFOA and ASBO to determine its eligibility for another certificate.

The timely preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Accounting Department and the staff of its independent auditors, Eide Bailly LLP. We would like to express our appreciation to all members of the departments who assisted in and contributed to its preparation.

We would also like to thank the members of the Board for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

Respectfully submitted,

Brenda Larsen-Mitchell, Ed.D.
Interim Superintendent of Schools

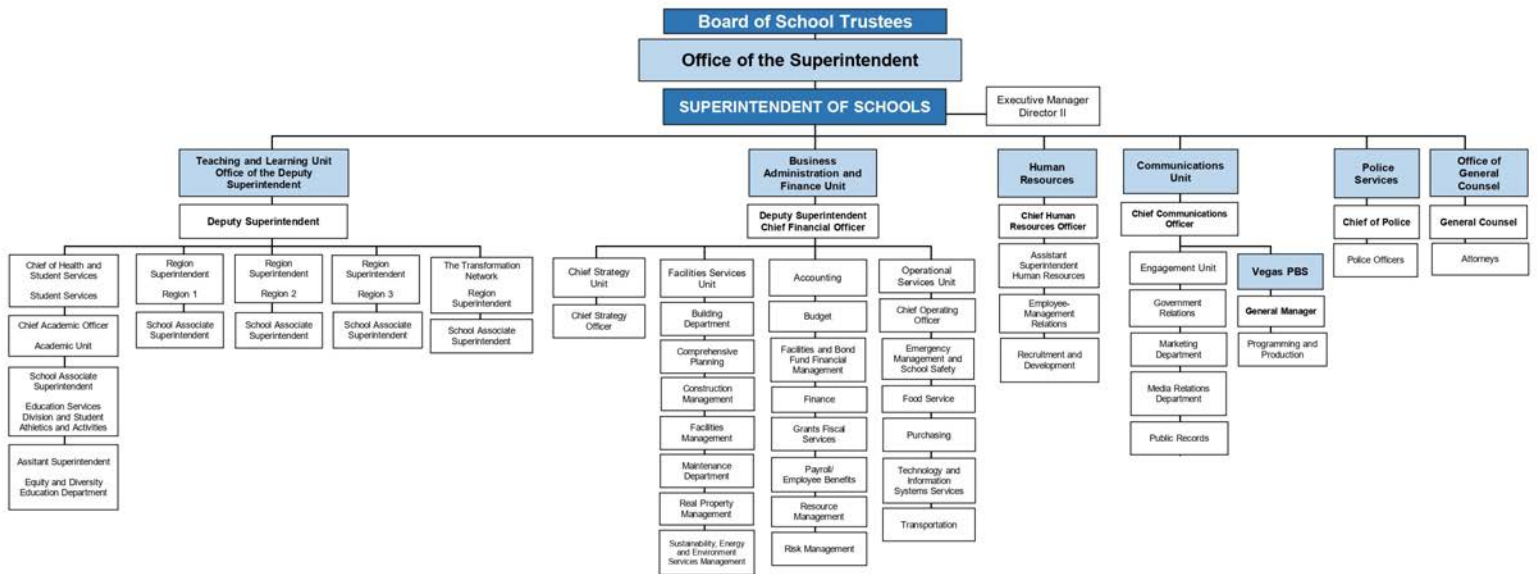

Diane Bartholomew
Interim Chief Financial Officer

ANNUAL COMPREHENSIVE FINANCIAL REPORT

Independent Auditor's Report

The Board of Trustees
Clark County School District
Clark County, Nevada

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Clark County School District (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Special Education Fund, and Federal Projects Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 20 to the financial statements, the District has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences for the year ended June 30, 2024. Accordingly, a restatement has been made to the governmental activities, business-type activities, food service enterprise fund, insurance and risk management fund, and graphic arts production fund net position as of July 1, 2023, to restate beginning net position. Our opinions are not modified with respect to this matter.

Correction of Error

As discussed in Note 20 to the financial statements, the District has reported a correction of an error related to interest receivables, which has resulted in a restatement of the fund balance of the Bond Fund and the net position of Governmental Activities as of July 1, 2023. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 18, schedule of District's contributions on pages 102 through 103, schedule of the District's proportionate share of the net pension liability on pages 104 through 105, notes to the required supplementary information on pages 106 through 109, and the schedule of changes in the District's total OPEB liability and related ratios on pages 110 through 113 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the management's discussion and analysis, schedule of District's contributions, schedule of the District's proportionate share of the net pension liability, notes to the required supplementary information, and the schedule of changes in the District's total OPEB liability and related ratios in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, capital asset schedules, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedules, capital asset schedules, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the District as of and for the year ended June 30, 2023 (not presented herein), and have issued our report thereon dated October 20, 2023 which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. The combining and individual fund

statements and schedules for the year ended June 30, 2023 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the 2023 financial statements. The information was subjected to the audit procedures applied in the audit of the 2023 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2023.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 28, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Reno, Nevada
October 28, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

The Management's Discussion and Analysis (MD&A) offers readers a narrative overview and analysis of the Clark County School District's (District) financial statements for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information furnished in our letter of transmittal, which precedes this report, and the financial statements, which immediately follow this report.

FINANCIAL HIGHLIGHTS FOR FISCAL YEAR 2024

The following is an analysis of facts, descriptions and/or conditions of the District, in fiscal year 2024, that had a material effect on its financial position and/or operating results.

Government-wide Financial Statements

- The overall financial position of the District, as shown on the government-wide statement of net position, increased \$282 million during fiscal year 2024, from \$1.195 billion to \$1.477 billion. The increase in net position was driven by a significant increase in state aid from the Pupil Centered Funding Plan (PCFP) funding plan. Various local revenues and investment income also saw significant increases due to the federal fund rate increases.
- Total revenues increased \$823 million from \$4.723 billion in fiscal year 2023 to \$5.546 billion in fiscal year 2024, a 17.42% increase. State funding, operating grants and contributions, unrestricted investment earnings increased \$475 million, \$172 million, and \$116 million, respectively. This resulted from an increase in the PCFP, grant awards for Coronavirus relief funds, Elementary and Secondary School Emergency Relief Fund (ESSER) II & III, Improving Basic Programming, Special Education, and Title I-A in addition to higher investment returns in fiscal year 2024.
- Total expenses increased 12.40% from \$4.450 billion in fiscal year 2023, to \$5.001 billion in fiscal year 2024. Increased expenses were primarily driven by significant negotiated salary rate and step increases for all employee groups that also included higher fringe rates. Additionally, with relief funds such as ESSER and American Rescue Plan there was a rise in the purchase of supplies and textbooks in an effort to respond to and recover from COVID-19.

Fund Financial Statements

- The combined ending governmental fund balances increased to \$2.497 billion in fiscal year 2024 from \$2.098 billion in fiscal year 2023, a 19.03% increase.
- The increase in combined revenues within the governmental funds, amounting to \$753 million mainly occurred in the General Fund, Weighted Funds, and Debt Service Fund. General Fund saw an increase of \$494 million, while weighted funds: English Language Learner and At-Risk increased approximately \$87 million and \$114 million respectively. The Debt Service Fund saw an increase of \$108 million and the primary driver behind this substantial growth is the increase in the per-pupil base amount under the Pupil Centered Funding Plan. Additionally, the rise in assessed home values has led to a significant increase in property taxes within the Debt Service Fund. This increase in property taxes is crucial for the Debt Service Fund as it provides the necessary revenue to meet debt obligations, ensuring the financial stability and sustainability of governmental operations.
- The largest source of revenue in the General Fund and Special Education Fund is the state distribution from the PCFP plan. This plan also distributes to weighted funds for ELL, gifted and talented and at-risk students. This funding plan is designed to allocate resources more effectively based on the specific needs of students.

General Operating Fund Balance

- The ending fund balance in the General Fund increased from approximately \$531 million in fiscal year 2023 to approximately \$662 million in fiscal year 2024, a 24.66% increase. Included in the ending fund balance is \$375 million, which is restricted in the General Fund due to Nevada Revised Statutes 388G (NRS 388G). This state statute requires schools to carry over unspent funds into the next year. Total general operating revenues increased by approximately \$498 million primarily due to the increase in the Pupil Centered Funding Plan.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

- The District fully funded the unassigned (spendable) portion of fund balance to 4.50% of general operating revenue in fiscal year 2024. This is the highest assigned amount in over ten years. Unassigned fund balance is reported at \$151.1 million in fiscal year 2024.
- The District was able to assign funding in its General Fund for categorical indirect costs, instructional supply appropriations, potential litigation, an NV Energy incentive, and future initiatives for the next fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements are comprised of government-wide financial statements, fund financial statements, and notes to the basic financial statements. The following is a brief discussion of the structure of the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with an assessment of the overall financial position and activities of the District as a whole. These statements are structured around the primary government and are further divided into governmental activities and business-type activities. Governmental activities are those generally financed through taxes and intergovernmental revenues, while business-type activities are those financed to some degree by charging external parties for goods received.

Statement of net position - combines and consolidates all of the District's current financial resources (short-term spendable resources) with capital assets, deferred outflows of resources, long-term obligations, and deferred inflows of resources, using the accrual basis of accounting. The result is net position that is segregated into three components: net investment in capital assets, restricted, and unrestricted net position.

Statement of activities - presents information showing how the District's net position changed during fiscal year 2024. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, there are some revenues and expenses reported in this statement that will result in cash flows in future fiscal periods. All expenses are reported by related function as prescribed by the Nevada Department of Education Nevada Common Elements for Accounting and Reporting K-12 Educational Finances manual.

Fund Financial Statements

The District uses fund financial statements to provide detailed information about its most significant funds. All of the funds of the District can be divided into two categories:

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements described above. However, unlike the government-wide financial statements, governmental fund financial statements use the modified accrual basis of accounting, which focuses on near-term inflows and outflows of spendable resources and balances of spendable resources available at the end of the fiscal year. To provide a better understanding of the relationship between the fund statements and government-wide statements, a reconciliation is provided for a more comprehensive picture of the District's financial position.

Proprietary Funds – Funds that focus on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows are reported in the proprietary funds. The District reports two types, enterprise funds and internal service funds. Enterprise funds are used to report an activity where a fee is charged to external users. The District's sole enterprise fund, the Food Service Enterprise Fund, is used to account for food service operations within the District. Internal service funds report activities that provide goods and services to the other departments of the District. The District reports two internal service funds, the Insurance and Risk Management Fund, and the Graphic Arts Production Fund.

Notes to the Basic Financial Statements

The notes to the basic financial statements complement the financial statements by describing qualifying factors and changes throughout the fiscal year.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE FISCAL YEAR ENDED JUNE 30, 2024

As noted previously, the government-wide statements are structured to report financial information on the District as a whole. Condensed financial information with comparative amounts from the prior year is presented along with accompanying analysis.

Clark County School District's Net Position:

	Governmental activities		Business-type activities		Total	
	2024	2023	2024	2023	2024	2023
Current assets	\$ 3,357,403,739	\$ 2,707,988,054	\$ 246,309,763	\$ 208,401,131	\$ 3,603,713,502	\$ 2,916,389,185

Net position:						
Net investment in capital assets	2,686,941,234	2,455,725,545	16,748,481	16,363,721	2,703,689,715	2,472,089,266
Restricted	1,755,152,157	1,395,399,800	-	-	1,755,152,157	1,395,399,800
Unrestricted	(3,165,493,448)	(2,831,809,235)	183,611,457	159,552,119	(2,981,881,991)	(2,672,257,116)
Total net position	\$ 1,276,599,943	\$ 1,019,316,110	\$ 200,359,938	\$ 175,915,840	\$ 1,476,959,881	\$ 1,195,231,950

The District's assets and deferred outflows of resources were more than liabilities and deferred inflows of resources by \$1,476,959,881 at the close of the current fiscal year. Total net position increased by \$281,727,931 or 23.57%. In fiscal year 2024, the District adopted GASB Statement No. 101, *Compensated Absences*. The restatement of beginning net position is required due to a change in accounting principle. As a result of this change in accounting principle, it was not appropriate for the District to restate prior-period information for earlier periods than those presented in the basic financial statements. Therefore, the information for the year ended June 30, 2023 was not restated. See **Note 20** on page 100 for more detailed information related to this change as well as other matters.

Governmental Activities

The District's total net position in governmental activities is \$1,276,599,943, which includes a negative unrestricted net position of \$3,165,493,448. Included in this figure is the impact of recording the net pension liability, the total OPEB liability and compensated absences. The portion the District pays to PERS is for required contributions, but pursuant to statute, there is no obligation on the part of the employer to pay for their proportionate share of the unfunded liability.

Portions of total net position are subject to external restrictions on how the resources may be utilized. In the current fiscal year, restricted assets include assets for servicing long-term general obligation bonded debt in the amount of \$1,176,620,765; school carryover (supplies) in the amount of \$263,928,570; school carryover (net vacancy) in the amount of \$102,731,132; activities for student groups in the amount of \$34,404,757; school technology bonds in the amount of \$9,069,031; English Language Learner (ELL) programs in the amount of \$54,354,805; Alternative/At-Risk education programs in the amount of \$55,054,808; a certificate of deposit with the State of Nevada for the District's worker's compensation self-insurance program in the amount of \$9,097,000; assets related to bond proceeds and other revenues to be used in the District's capital projects programs in the amount of \$35,605,198; school based project carryover in the amount of \$5,733,507; and net position restricted for other purposes totaling \$8,552,584, which includes, a total of \$2,572,616 in school bus appropriation bonds, \$2,690,562 in school carryover (supplies) for gate proceeds, and donations of \$346,861.

Business-type Activities

Business-type activities consist solely of the District's Food Service Enterprise Fund. In the current fiscal year, this activity increased net position by 13.90% to \$200,359,938 as non-operating revenues exceeded operating expenses. Investment income displayed a notable shift from a \$1.71 million loss in the prior year to a \$11.3 million gain in the current fiscal year. Revenues exceeded expenses by \$24,444,098. Food Service is reporting approximately \$184 million in unrestricted net position.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Clark County School District's Statement of Activities:

	Governmental activities		Business-type activities		Totals

* Restated beginning net position due to the adoption of GASB Statement No. 101, Compensated Absences and error correction. See Note 20 for more detailed information.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Governmental Activities**Revenues**

- The largest general revenues received by the District is from the unrestricted state aid in the amount of \$3,134,270,173. This revenue represents 58.59% of total governmental revenues for the current fiscal year. This year's unrestricted state aid in the General Fund increased by \$475,172,395 or 17.87%, due to the per pupil base funding amount increasing from \$7,361 to \$9,045 per student.
- As the Federal Open Market Committee (FOMC) continued to raise the federal fund rate in order to tame inflation, it caused a decrease in the number of homes sold in the past year primarily due to higher mortgage rates. This resulted in the District experiencing an unfavorable decrease in real estate transfer tax, a tax collected on transfers of real property, of \$1,318,852 or 3.44%.
- The room tax associated with hotel lodging increased \$9,683,488 or 8.01% over the previous year due to an increase on the average daily room rate, number of visitors, and room inventory.
- Home assessments for fiscal year 2024 were performed during calendar year 2023 when home values were strong, resulting in property taxes increasing by \$60,158,767 or 11.66%. The real estate transfer tax, property tax and room tax are the main components of repaying outstanding bond obligations.
- Other local sources increased by \$10,750,881 or 43.33%. This rise is attributed to additional indirect costs revenue generated from State grant rebates and a JUUL vape settlement. The District received \$9,375,000 in State Grants from the Environmental Protection Agency (EPA) for a school bus rebate program. Additionally, the District received \$6,500,000 for the JUUL lawsuit settlement. This reflects the broader legal context where school districts across the country are receiving funds as part of settlements related to JUUL's role in the youth vaping epidemic.
- Investment earnings increased \$103,405,116 or 224.43% primarily due to the FOMC raising the federal fund rate drastically in the last two years. The District benefited from reinvesting in higher-yield securities as their previous investments matured. This strategy allowed the district to capitalize on the higher interest rates in the market. For details on the investment earnings, see **Note 3** on pages 62-66.
- Revenue from charges for services increased by \$2,451,205 or 3.45%, predominately in the Risk Management Fund. The Direct Assessment, which was previously set at \$18,000,000, was raised to \$30,000,000. This increase is due to a substantial rise in claims, as the district operates on a self-funded model. In a self-funded system, the district directly pays for claims, rather than purchasing insurance, which can lead to higher costs if there are more claims than expected. Additionally, the district received a \$1,600,000 property claim reimbursement, which provided further financial support.
- Operating grants and contributions revenues increased by \$168,068,982 or 16.73% primarily due to the enhancement of the Pupil-Centered Funding Plan (PCFP), which provides additional support for our English Language Learner (ELL), At-Risk, and Gifted and Talented (GATE) programs.
- Capital grant and contribution revenues decreased by \$24,118,768 or 99.87% due to the completion of an Epidemiology and Laboratory Capacity (ELC) Reopening Schools grant, which included funding for disinfecting devices and portable units. Additionally, there was a decline in funding for storage containers, which had been purchased with a grant in the prior year.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Governmental Activities – Revenue Sources**

***Percentages in the chart above may not total to 100% due to rounding*

Governmental Activities - Change in Revenues

Revenues	2024	2023	Inc / (Dec) from 2023	% Inc / (Dec) from 2023
Charges for services	\$ 73,482,135	\$ 71,030,930	\$ 2,451,205	3.45 %

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Expenses

- Instruction related expenses account for 58.72% of total governmental expenses. They consist of regular, special, GATE, vocational, other instruction, and adult education. Notably, 87.30% of these expenses are allocated to regular and special education. Instruction related expenses increased by \$263,240,325 or 10.22% primarily due to negotiated salary rate and step increases in addition to higher fringe rates and pay rates for licensed extra-duty. Beyond personnel costs, there was an increase in expenses for textbooks, general supplies, education services (such as software licensing and tutoring), and professional technical services for the provision of speech and drop-out recovery program.
- Student support related expenses increased \$50,062,609 or 19.95% which can be attributed to several key factors. Firstly, negotiated salary rate increase, step increases and higher fringe rates have played a significant role. Another notable factor is the increase in extra duty and activity pay. This type of compensation is typically provided for additional responsibilities taken on by licensed staff, such as coaching sports teams and/or leading extracurricular activities. Moreover, there has been an increase in full-time equivalent (FTE) positions for critical support roles such as counselors, school nurses, school health assistants, and social workers.
- General administration expenses increased by \$31,925,330 or 70.75% primarily due to a significant rise in insurance costs for claims settlements within the Risk Management Fund. Additionally, negotiated salary and fringe benefit increased for administrative employees and support professionals as well as more FTE positions for school associate superintendents.
- Operation and maintenance of plant services account for approximately 9.10% of total expenses. These expenses include utility and maintenance costs aimed at maintaining the District's schools and administrative facilities. The increase of \$75,827,595 or 20.84% is predominantly due to negotiated salary and fringe benefit increases for administrative and support professionals. Additionally, there was a significant rise in FTE positions for custodians and campus security monitors. Costs for natural gas, electricity, and general supplies have risen due to inflation.
- Central services expenses increased by \$5,542,906 or 4.47% primarily due to negotiated salary and fringe benefit increases for administrative and support professionals as well as higher settlement claims paid out. These expenses were offset by decreased in administrative performance-based pay and professional/technical services, both influenced by additional funds and grants from the prior year.
- School administration expenses increased by \$47,747,934 or 17.87% primarily due to negotiated salary and fringe benefit increases and an increase in FTE positions, particularly Assistant Principals and school clerical staff.
- Instructional staff support expenses, which include staff training, library services, instructional technology, and network systems increased by \$11,583,763 or 3.58% This rise is primarily due to negotiated salary and fringe benefit increases and extra duty pay for licensed, administrative, and support employees. Additionally, there was an increase in employee training and technology-related supplies, software, and licenses.
- Student transportation expenses increased by \$20,413,268 or 12.10% primarily due to negotiated salary and fringe benefit increases and an expansion in full-time equivalent (FTE) positions, particularly bus drivers.
- Other support services decreased by \$2,210,461 or 13.70% due to indirect costs from federal grant expenditures. Indirect costs are associated with administrative expenses that are not identified to a direct service, program or grant. The State allows to charge grant programs an approved rate of 2.44% based on these expenditures.
- Facilities acquisition and construction services increased by \$11,488,472 or 39.18% due to various construction projects, including parking modification, renovations, and improvements to athletic fields.
- Community services increased by \$22,997,530 or 146.80% as programs expanded for wrap around family services paid for by ESSER III and general supplies and books paid for by Early Childhood Innovative Literacy Program (ECILP) grant.
- Interdistrict payments increased by \$746,497 or 7.42% for charter school meal reimbursements paid by grants.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Governmental Activities – Expenses by Function

Governmental Activities - Change in Expenses by Function

Expenses	2024	2023	Inc / (Dec) from 2023	% Inc / (Dec) from 2023
Instruction	\$ 2,838,008,391	\$ 2,574,768,066	\$ 263,240,325	10.22 %
Student support	301,033,633	250,971,024	50,062,609	19.95 %
Instructional staff support	335,556,559	323,972,796	11,583,763	3.58 %
General administration	77,049,427	45,124,097	31,925,330	70.75 %
School administration	314,953,968	267,206,034	47,747,934	17.87 %
Central services	129,613,527	124,070,621	5,542,906	4.47 %
Operation and maintenance of plant services	439,634,257	363,806,662	75,827,595	20.84 %
Student transportation	189,071,092	168,657,824	20,413,268	12.10 %
Other support services	13,921,560	16,132,021	(2,210,461)	(13.70)%
Community services	38,663,744	15,666,214	22,997,530	146.80 %

Interdistrict payments	10,806,641	10,060,144	746,497	7.42 %
Interest on long-term debt	104,247,107	108,950,892	(4,703,785)	(4.32)%
Total expenses	\$ 4,833,373,131	\$ 4,298,711,148	\$ 534,661,983	12.44 %

Business-type Activities

Business-type activities consist solely of the District's Food Service Enterprise Fund. In the current fiscal year, this activity increased net position by 13.90% to \$200,359,938 as non-operating revenues exceed operating expenses.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Food service federal subsidies, account for almost 100% of the revenues received by business-type activities. In fiscal year 2024, federal subsidies account for 93.71%. The majority of the expenses in business-type activities are for food purchases and personnel expenses, including salary and benefits, to maintain the District's food service program.

Business-type Activities – Revenue Sources

Business-type Activities - Change in Revenues

Revenues	2024	2023	Increase / (Decrease) from 2023	% Increase / (Decrease) from 2023
Charges for services	\$ 1,073,755	\$ 1,135,011	\$ (61,256)	(5.40)%
Operating grants and contributions	183,938,722	180,018,216	3,920,506	2.18 %
State aid not restricted to specific purposes	-	364,022	(364,022)	(100.00)%
Other local sources	28,645	39,655	(11,010)	(27.76)%
Unrestricted investment earnings	11,253,522	(1,713,945)	12,967,467	756.59 %
Total Revenues	\$ 196,294,644	\$ 179,842,959	\$ 16,451,685	9.15 %

Revenues generated from charges for services decreased \$61,256 and operating grants and contributions increased \$3,920,506 from the prior year. For fiscal year 2024, the District experienced an increase in investment income of \$12,967,467 or 756.59% from the prior year due to a rise in the federal fund rate.

ANALYSIS OF GOVERNMENTAL FUND BALANCES AND TRANSACTIONS

Governmental funds use fund accounting and follow the modified accrual basis of accounting which focuses on short-term sources and uses of spendable resources. The following is an analysis of individual fund balances and material transactions.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

At the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$2.497 billion, an increase of \$399 million from last year. Of the total governmental fund balance, \$61,418,867 is classified as nonspendable and \$2,249,913,823 as restricted. Committed fund balance totaled \$28,152,208, which included amounts for Vegas PBS programming fees and Medicaid programs. The assigned fund balance totaling \$62,294,488 is for various initiatives throughout the District including categorical indirect costs, instructional supply appropriations, potential litigation, future initiatives, and an NV Energy incentive. Unassigned fund balance for all governmental funds serves as a useful measure of the District's net resources as a whole. The available balance for spending is \$94,819,877.

The main operating fund of the District is the General Fund. At the end of the current fiscal year, the total fund balance in the General Fund was \$661,835,001; the nonspendable portion totaled \$61,360,797 and the restricted portion was \$387,072,279. The unassigned portion, which represents spendable resources, was \$151,107,437, representing 23% of the total fund balance or 4.50% of the general operating budget resources. See **Note 15** on page 84.

Although reported separately, the Special Education Fund is budgeted for in combination with the General Fund and together they represent the general operating budget of the District. Any deficiencies of revenues under expenditures in the Special Education Fund are compensated for through a transfer from the General Fund. The transfer from the General Fund to cover special education expenditures in fiscal year 2024 was \$455,367,901. This is an increase of 16.43% over fiscal year 2023 largely due to an increase in negotiated salaries and benefits.

The District's Debt Service Fund reported an increase in fund balance of approximately \$251 million, from \$662 million in fiscal year 2023 to \$913 million in fiscal year 2024. This is a result of an excess of revenue over expenditures primarily from higher property tax revenue and investment income.

The District's Bond Fund reported a decrease in fund balance of approximately \$16 million due to deficiency of revenues under expenditures in fiscal year 2024 as capital project expenditures increased for various building modernization and construction. The District received approximately \$168 million in combined revenues from the room tax and real estate transfer tax. These taxes are pledged to reduce specific general obligation debt as it comes due. Most of these pledged revenues are reported as a transfer out of the Bond Fund for \$71.9 million and are shown as a transfer into the Debt Service Fund.

The Federal Projects and State Grants Funds reported a deficit fund balance of \$31 million and \$26 million, respectively at June 30, 2024. This is caused by the timing of receipt of outstanding receivables in accordance with the 60-day availability period under the modified accrual basis of accounting.

Towards the end of the current fiscal year, the Grant Fiscal Services department request draws to cover several expenditures mainly in its Title-1, ESSER III, and Educate Students with Disabilities (IDEA), but did not receive the funding until after the end of the current fiscal year. As of June 30, 2024, the Federal Projects Fund and State Grants Fund are reporting \$103 million and \$48 million receivables, respectively. Since these funds did not receive grant monies in time to cover the current expenditures, the General Fund provided funding. Liabilities were recorded in the Federal Projects Fund in the amount of \$72,766,127, and \$1,924,519 in the State Grants Fund to recognize the payable; corresponding receivables are recorded in the General Fund.

Additional information on the District's interfund balances and transfers can be found in **Note 4** on page 67 of this report.

BUDGETARY HIGHLIGHTS

The Original Budget (Final Budget) was approved on May 18, 2023. Budgeted appropriations were developed with certain assumptions remaining unknown or not finalized, namely average daily enrollment (ADE), beginning fund balance, and PCFP information. The Original Budget was approved and submitted according to NRS 354.598 on or before June 8 to commence District operations for the fiscal year beginning July 1, 2023.

An amendment to the 2023-2024 Final Budget was approved on December 14, 2023, following recognition of the first quarter ADE, providing more precise second, third, and fourth quarter enrollment projections, audited fiscal year 2023 financial reports, and updated PCFP information. This amendment increased appropriations by \$164 million from the Final Budget. Below is a list of major events (see following page) :

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

1. Fall Strategic Budget Adjustments: Addition of \$123.5 million to support schools' fall strategic budget adjustments, which includes the increase of \$36.8 million in carryover funds. In addition, schools elected to convert numerous vacant positions to fund additional supplies and materials.
2. Direct Assessment to Risk Management Fund: As a result of several years of increasing risk management liabilities, the District is obligated to increase funding by \$13 million to ensure the solvency of the Risk Management Fund.
3. Substitute Teacher Benefits: Additional \$9 million for Senate Bill 434 estimated impact.
4. Potential Litigation: Additional \$6.3 million for potential litigation expenditures.
5. Additional \$3.3 million for Student Athletics and Activities to support trainers, officials, travel, and increased pay for campus security monitors and police overtime.

The amendment to the Final Budget reflects the District's best estimates and includes all transfers, additions, and deletions that have been approved through June 30, 2024, and more accurately denote total appropriation activity throughout the year.

NRS and District regulations require that school districts legally adopt budgets for all funds. Budgets are prepared in accordance with Governmental Accounting Standards Board (GASB) and Generally Accepted Accounting Principles (GAAP). Budgeted amounts reflected in the accompanying financial statements recognize amendments and transfers made during the year. The budget is prepared by fund, program, and function. All appropriations lapse at year-end and certain allowable encumbrances will carry over and be appropriated in 2024-2025.

Revenues

The total revenues of General Operating Fund (includes General Fund and Special Education Fund) came in under budget by \$14.5 million. In fiscal year 2024, investment income yielded a revenue gain of \$38.1 million. In addition, State Education Funding was lower than budgeted by \$17.5 million due to average enrollment (weighted) being 288,527, which is a decline of 1,891 from Amended Final Budget's enrollment (weighted) of 290,418.

Expenditures

Expenditures of General Operating Fund were \$445.3 million below budget, primarily resulted from the following events: approximately \$375.1 million of unutilized school level appropriations, which per NRS 388G, must be carried forward and placed as a restricted fund balance. The District experienced a decrease in utilities of approximately \$7.1 million under budget. The Special Education Fund came in under budget by \$702,038, because of lower transportation expenditures and cost savings related to vacant special education positions. Additionally, there was \$15 million of unutilized litigation expenditures, NV Energy incentives of \$787,500, and other general savings.

Ending Fund Balance

The Board adopted an amendment to the fiscal year 2024 Final Budget for the General Operating Fund in December 2023 that reflected total appropriations of \$3.7 billion and a projected ending fund balance of \$228.0 million. The actual fiscal year 2024 ending fund balance is \$661.8 million, a positive variance of \$433.8 million to the plan, the majority being school carry forward.

CCSD's regulation 3110 requires an unassigned ending fund balance of not less than 2% of total General Fund's revenues for each fiscal year shall be included in the General Fund budget. The District did achieve a 4.50%, or \$151.1 million unassigned ending fund balance for fiscal year 2024. This is a \$29.6 million improvement over fiscal year 2023.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

At June 30, 2024, the District held approximately \$5.67 billion invested in a broad range of capital and leased capital assets, net of depreciation and amortization, including land and improvements, buildings and improvements, and equipment. This

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

amount represents a net increase (including additions, disposals, depreciation, and amortization) of \$348 million or 6.54% from last year. The following tables reflect additions and disposals of capital and leased capital assets for governmental and business-type activities.

Governmental Activities Capital Assets:

	Balance June 30, 2023	Additions	Deletions	Balance June 30, 2024
Land	\$ 267,746,547	\$ 3,932,151	\$ (3,052,554)	\$ 268,626,144
Lease assets, Land	122,716	-	-	122,716
Land Improvements	1,797,647,864	90,541,493	(1,504,545)	1,886,684,812
Buildings	5,943,931,134	211,001,888	(2,673,656)	6,152,259,366
Lease assets, Buildings	284,246	-	-	284,246
Building Improvements	997,815,191	4,209,860	(7,158,301)	994,866,750
Equipment	651,260,738	55,032,173	(10,256,210)	696,036,701
Lease assets, Equipment & Fixtures	195,374	-	(34,802)	160,572
Subscription-Based Information Technology Arrangements	24,505,889	13,652,340	(16,684,672)	21,473,557
Construction in Progress	320,462,304	627,455,352	(352,398,023)	595,519,633
Less: Accumulated Depreciation and Amortization	(4,695,041,259)	(296,246,961)	32,040,798	(4,959,247,422)
Total Capital Assets, Net	<u>\$ 5,308,930,744</u>	<u>\$ 709,578,296</u>	<u>\$ (361,721,965)</u>	<u>\$ 5,656,787,075</u>

The majority of the increase in capital assets is due to the increase in buildings, which represent the capitalized construction costs. In fiscal year 2024, the District opened one new school. Additions to land improvements and equipment, include construction, expansions and renovations to new and existing District facilities. Construction in progress includes school renovations, improvements, expansions to existing schools, and work performed to fully replace some older existing schools.

Business-type Activities Capital Assets:

	Balance June 30, 2023	Additions	Deletions	Balance June 30, 2024
Land Improvements	\$ 968,279	\$ -	\$ -	\$ 968,279
Buildings	1,760,913	-	-	1,760,913
Building Improvements	9,688,935	-	-	9,688,935
Equipment	28,261,626	2,259,699	(223,514)	30,297,811
Less: Accumulated Depreciation	(24,316,032)	(1,870,578)	219,153	(25,967,457)
Total Capital Assets, Net	<u>\$ 16,363,721</u>	<u>\$ 389,121</u>	<u>\$ (4,361)</u>	<u>\$ 16,748,481</u>

Additional information on the District's capital and leased capital assets can be found in **Note 5** on pages 68-69 of this report.

Long-term Debt

The District finalized one of the largest school construction programs in the United States, funded through the issuance of municipal bonds. Before bonds can be sold, the District provides information to various bond raters to obtain bond ratings for the proposed issue. Much of this information is focused on the financial stability of the District and how it responds to various financial situations. The District has the following ratings with Standard and Poor's (AA-) and Moody's Investor Services (A1) both with a stable outlook rating at year end.

As of June 30, 2024, the District carried approximately \$3.9 billion in debt. The District has recently issued general obligation bonds to finance various projects including, but not limited to, constructing or purchasing new buildings, enlarging, remodeling or repairing existing buildings or grounds, acquiring sites for new buildings, and purchasing necessary furniture and

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

equipment for schools including equipment used for student transportation. The following table summarizes long-term debt activity over the past fiscal year:

Total Long-term Debt Obligations:

	Balance June 30, 2023	Additions	Reductions	Balance June 30, 2024
General Obligation Debt	\$ 2,937,335,000	\$ 400,000,000	\$ (302,624,000)	\$ 3,034,711,000
Less: Discounts	(624,775)	-	624,775	-
Plus: Premiums	361,905,438	36,269,969	(37,541,520)	360,633,887
Total bonds payable	3,298,615,663	436,269,969	(339,540,745)	3,395,344,887
Leases	482,283	-	(47,968)	434,315
Subscription-based information technology agreements	11,826,014	11,906,451	(14,335,212)	9,397,253
Compensated absences payable *	334,866,349	28,274,784	-	363,141,133
Other long term liabilities	90,115,310	59,485,309	(20,845,281)	128,755,338
Total long-term liabilities	\$ 3,735,905,619	\$ 535,936,513	\$ (374,769,206)	\$ 3,897,072,926

* The change in the compensated absences liability is presented as a net change. The beginning balance of the compensated absences liabilities are restated as described in Note 20.

Per NRS 387.400, the debt limitation for the District is equal to 15% of the assessed valuation of property, excluding motor vehicles. The debt limitation currently applicable at June 30, 2024, is \$20,631,709,319. It is expected that future increases in assessed valuation and the retirement of bonds will result, at all times, in a statutory debt limitation in excess of outstanding debt, subject to changes in assumptions, costs and revenues.

The District's liability for compensated absences increased this year with combined governmental and business-type activities reporting \$363,141,133 in compensated absences payable at June 30, 2024. This represents a \$28,274,784 or 8.44% increase over the compensated absences payable of \$334,866,349 as of June 30, 2023, which has been restated due to the implementation of GASB Statement No. 101, *Compensated Absences*. The increase is primarily attributed to pay raises in accordance with the 2023-2025 negotiated agreements.

Additional information on the District's long-term debt can be found in **Notes 8 and 10** on pages 71-73 and page 75, respectively, of this report.

REQUESTS FOR INFORMATION

This financial report is designed to provide its users with a general overview of the Clark County School District's finances and to demonstrate the District's accountability for the revenues it receives. Additional information and an electronic copy of this report may be found at the District's website, www.ccsd.net. Any further questions, comments or requests for additional financial information should be addressed to:

General revenues:

Taxes:

Property taxes, levied for debt service

Governmental services tax

Room tax

Real estate transfer tax

Federal aid not restricted to specific purposes

State aid not restricted to specific purposes

Other local sources

Unrestricted investment earnings

Transfers

Total general revenues and transfers

Change in net position

Net position, July 1 (as originally stated)

Adjustments and restatements

Net position, July 1 (as restated) ²

Net position, June 30

¹ This amount represents expenses incurred in connection with activities related to capital projects that are not otherwise capitalized and included as part of capital assets.

² Restated beginning net position due to the adoption of GASB Statement No. 101, Compensated Absences, and an error correction derived from FY23 accrued interest receivable. See Note 20 for more detailed information.

The notes to the basic financial statements are an integral part of this statement.

CLARK COUNTY SCHOOL DISTRICT
 RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
 TO THE STATEMENT OF NET POSITION
 JUNE 30, 2024

Total fund balances - governmental funds	\$ 2,496,599,263
---	-------------------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets net of the related depreciation, and derivative investment instrument are not reported in the Governmental Funds financial statements because they are not current financial resources, but they are reported in the statement of net position.	5,657,149,951
--	---------------

Unavailable revenue represents amounts that are not available to pay for current period expenditures and, therefore are not reported in the funds.	99,746,251
--	------------

Certain liabilities, deferred inflows of resources, and deferred outflows of resources (such as bonds payable, leases payable, and SBITAs payable) are not reported in the Governmental Funds financial statements because they are not due and payable in the current period, but they are presented as liabilities or deferred inflows of resources in the statement of net position.	(3,769,429,897)
---	-----------------

Assets, deferred outflows of resources, liabilities and deferred inflows of resources of the District's Insurance and Risk Management Internal Service Fund and the Graphic Arts Internal Service Fund are not reported in the Governmental Funds financial statements because they are presented on a different accounting basis, but they are presented as assets, deferred outflows of resources, liabilities and deferred inflows of resources in the statement of net position.	8,676,534
--	-----------

Some long-term liabilities that are not due and payable in the current period and, therefore, are not reported in the funds. Net pension liability and OPEB liability obtained from the pension and OPEB schedule.	(4,457,708,673)
--	-----------------

Deferred outflows and inflows of resources related to pensions and OPEB are applicable to future periods and, therefore, are not reported in the funds.

Deferred outflows of resources related to pensions and OPEB	1,428,214,179
Deferred inflows of resources related to pensions and OPEB	(186,647,665)

Total net position - governmental activities	\$ 1,276,599,943
---	-------------------------

The notes to the financial statements are an integral part of this statement.

CLARK COUNTY SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCE OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2024

Net change in fund balances - governmental funds	\$	399,072,340
---	-----------	--------------------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities.	357,388,489
---	-------------

Revenues in the statement of activities that do not provide current financial resources (i.e., unavailable within 60 days after year-end) are not reported in the fund statements. On the other hand, revenue amounts that relate to prior periods while first become available in the current period are reported in fund statements but not the statement of activities.	47,278,737
--	------------

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(136,673,958)
--	---------------

The net revenues of the District's Insurance and Risk Management Internal Service Fund and the Graphic Arts Internal Service Fund are not reported in this fund financial statement because they are presented on a different accounting basis (in the proprietary fund financial statements), but they are presented in the statement of activities.	1,384,945
---	-----------

Generally, expenditures recognized in the fund financial statements are limited to only those that use current financial resources but expenses are recognized in the statement of activities when incurred.	(241,889,705)
--	---------------

Gains, losses, capital donations, and derivative instruments are not presented in this financial statement because they do not provide or use current financial resources, but they are presented in the statement of activities.	(3,629,620)
---	-------------

Governmental funds report District pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.	(165,647,395)
---	---------------

Change in net position of governmental activities	\$	257,283,833
--	-----------	--------------------

The notes to the basic financial statements are an integral part of this statement.

(Increase)/Decrease in accounts receivable	15,327	(288,355)
Decrease in inventories	2,159,171	-
(Increase) in prepaids	-	(968,557)
Increase in accounts payable	214,236	47,000
(Decrease) in unearned revenues	(162,279)	-
Increase in workers compensation claims payable	-	3,515,533
Increase in liability insurance claims payable	-	2,271,979
Increase in liability for compensated absences	1,096,702	67,881
Increase in accrued salaries and benefits	130,557	31,409
Increase in long term claims payable	-	24,591,611
Total adjustments	17,593,453	29,649,755
Net cash provided by/(used in) operating activities	\$ (140,581,731)	\$ 25,174,422
Noncash capital and financing activities:		
Contribution of capital assets ¹	\$ 1,475	\$ 55,928
Commodity revenue ²	\$ 12,269,161	\$ -

¹ Contribution of capital assets represents an increase in capital assets contributed from governmental funds that did not affect cash.

² The District received the equivalent of \$12,269,161 in fair market value of commodity food inventory from the federal government. The net effect of this non-cash transaction increased the value of inventory. Consumption of commodity revenue throughout the year resulted in a reduction of inventory and a charge to operating expenses.

The notes to the basic financial statements are an integral part of this statement.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The accompanying financial statements include all of the activities that comprise the financial reporting entity of the Clark County School District (District). The District is governed by an elected, eleven-member Board of School Trustees (Board). The Board is legally separate and fiscally independent from other governing bodies; therefore, the District is a primary government and the District is not reported as a component unit by any other governmental unit. The accounting policies of the District conform to generally accepted accounting principles (GAAP) as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles.

Blended Component Unit

The District is the licensee for the local Public Broadcasting System affiliate, Vegas PBS. The Board is substantively the same as the governing body for Vegas PBS; therefore, the District is required to finance deficits and has access to Vegas PBS resources. Also, there is sufficient representation of the District's governing body, with a financial benefit/burden relationship over Vegas PBS, to allow for complete control of Vegas PBS's activities. Therefore, the financial activities of Vegas PBS are included in these statements as a blended component unit. Blended component units, although legally separate, are, in substance, part of the government's operations. Separately issued financial statements for Vegas PBS can be obtained by accessing the website at: www.vegaspbs.org or contacting their financial department at the following address:

Vegas PBS
3050 East Flamingo Road
Las Vegas, NV 89121

A summary of the District's significant accounting policies follows:

BASIC FINANCIAL STATEMENTS

The District's basic financial statements consist of the government-wide statements, the fund financial statements, and the related notes to the basic financial statements. The government-wide statements include a statement of net position, a statement of activities, and the fund financial statements that include financial information for the two fund types: governmental and proprietary. Reconciliations between the fund statements, the statement of net position, and the statement of activities are also included along with the statements of revenues, expenditures, and changes in fund balances that show an original to final budget comparison for the District's General Fund and its major special revenue funds: the Special Education Fund and the Federal Projects Fund.

Government-wide Financial Statements

The government-wide financial statements are made up of the statement of net position and the statement of activities. These statements include the aggregated financial information of the District as a whole. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support. As a general rule, the effect of interfund activity has been removed from these statements; however, any interfund services provided and used are not eliminated in the process of consolidation.

The statement of net position presents the consolidated financial position of the District at year-end, in separate columns, for both governmental and business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or program are offset by program revenues. Direct expenses are those that are specifically associated with a program or service and are, therefore, clearly identifiable to a particular function. Program revenues include charges for services, operating and capital grants, contributions and investment earnings legally restricted to support a specific program.

Taxes and other revenues not included in program revenues, are reported instead as general revenues. This statement provides a net cost or net revenue of specific programs and functions within the District. Those functions with a net cost are generally dependent on general-purpose tax revenues, such as property tax, to remain operational.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**Fund Financial Statements**

The financial accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts comprised of assets, liabilities, deferred outflows and inflows, fund equity, revenues, and expenditures or expenses, as appropriate. Separate financial statements are provided for governmental funds and proprietary funds.

In fiscal year 2022, Pupil-Centered Funding Plan (PCFP) replaced the Nevada Plan and Distributive School Account (DSA). This funding formula contains multiple revenue streams (e.g. local school support tax, room tax, property taxes) allocated to school districts. The PCFP continues to provide permanent funding for three weighted categories: English Language Learners, Alternative/At-Risk, and Gifted & Talented.

The presentation emphasis in the fund financial statements is on major funds, for both governmental and enterprise funds. The District's one enterprise fund, the Food Service Enterprise Fund, is considered a major fund. The District may also display other funds as major funds if it believes the presentation will provide useful information to the users of the financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND BASIS OF PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Gross receipts and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are then recognized as revenue. The government considers property tax revenues to be "available" if they are collected within 60 days of the end of the current fiscal period. Grant funds follow the federal liquidation of financial obligation for revenue recognition, which is 60 calendar days. Anticipated refunds of taxes are recorded as liabilities and reductions of revenue when they are measurable and the payment seems certain. In general, expenditures are recorded when liabilities are incurred. The exception to this rule is that principal and interest on debt service, as well as, liabilities related to compensated absences, claims, and judgments are recorded when payment is due.

The major revenue sources of the District include the PCFP, property tax, governmental services tax, real estate transfer tax, room tax and Federal grants.

The District reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all resources and cost of operations traditionally associated with governments, which are not required to be accounted for in other funds.

Special Revenue Funds - These funds are used to account for the proceeds of special revenue sources that are restricted or committed by law or administrative action to expenditures for specific purposes other than debt service or capital projects. The following special revenue funds are reported as major funds.

Special Education Fund - The Special Education Fund accounts for transactions of the District relating to educational services provided to children with special needs as supported by the PCFP payments, donations, and grants.

Federal Projects Fund - The Federal Projects Fund accounts for costs and operations of programs funded by federal direct and pass through grants.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Debt Service Fund - The Debt Service Fund is used to account for the collection of revenues, payment of principal and interest, and the cost of operations associated with debt service for general obligation debt.

Bond Fund - The Bond Fund accounts for the costs of capital improvements and constructing major capital facilities paid for by bond proceeds, related investment earnings, and proceeds from real estate transfer tax and room tax.

Additionally the District reports the following fund types:

Proprietary Funds

Enterprise Fund - The enterprise fund is used to account for operations financed and operated in a manner similar to a private business enterprise where the intent of the governing body is for the cost (expenses, including depreciation) of providing goods and services to the schools and other locations on a continuing basis to be financed or recovered primarily through charges or fees to customers. Currently, the District has one enterprise fund, and this year it is reported as a major fund.

Food Service Enterprise Fund - The Food Service Enterprise Fund accounts for transactions relating to food services provided to schools and other locations. Support is provided by customer fees and federal subsidies.

Internal Service Funds - Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the District on a cost reimbursement basis. Currently, there are two District Internal Service Funds.

Insurance and Risk Management Fund - The Insurance and Risk Management Fund accounts for transactions relating to insurance and risk management services provided to other District departments on a cost reimbursement basis.

Graphic Arts Production Fund - The Graphic Arts Production Fund accounts for transactions relating to printing services provided to other District departments on a cost reimbursement basis.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the District's food service enterprise fund and of the District's internal service funds are charges to customers for sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

BUDGETS AND BUDGETARY ACCOUNTING

Nevada Statutes and District policies and regulations require that school districts legally adopt budgets for all funds. The budgets are filed as a matter of public record with the County Auditor, and the State Departments of Taxation and Education. The District staff uses the following procedures to establish, modify, and control the budgetary data reflected in the financial statements:

1. The statutes provide for the following timetable in adoption of budgets:
 - (a) Before April 15, the Superintendent of Schools submits to the Board a tentative budget for the upcoming fiscal year. The tentative budget includes proposed expenditures/expenses and the means to finance them.
 - (b) Not sooner than the third Monday in May and not later than the last day in May, a minimum seven-day notice of public hearing on the final budget is published in a local newspaper.
 - (c) Before June 8, the Board must adopt a final budget.
2. NRS 354.598005 states on or before January 1, the Board adopts an amended final budget reflecting any adjustments necessary as a result of the average daily enrollment of pupils reported for the preceding quarter.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. NRS 354.598005 provides that the Board may augment the budget at any time by a majority vote of the Board providing the Board publishes notice of its intention to act in a newspaper of general circulation in the county at least three days before the date set for adoption of the resolution.
4. NRS 354.598005 also allows appropriations to be transferred within or among any functions or programs within a fund without an increase in total appropriations. If it becomes necessary during the course of the year to change any of the departmental budgets, transfers are initiated by department heads and approved by the appropriate administrator. Transfers within program or function classifications can be made with appropriate administrative approval. The Board is advised of transfers between funds, program, or function classifications and the transfers are recorded in the official Board minutes, on a monthly basis.
5. Budgeted appropriations may not be exceeded by actual expenditures of the various programs and functions of the General Fund, Special Revenue Funds, and Capital Projects Funds, as described on pages 58-59, Expenditure Line Item Titles. The sum of operating and non-operating expenses in the Enterprise and Internal Service Funds may not exceed total appropriations.
6. Generally, budgets for all funds are adopted in accordance with GAAP. Budgeted amounts reflected in the accompanying financial statements recognize amendments made during the year. Individual amendments were not material in relation to the original appropriation.
7. Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are included in restricted, committed, or assigned fund balance, as appropriate and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. See **Note 14**.

POOLED CASH AND INVESTMENTS

Cash includes cash deposited in interest bearing accounts at banks and cash in custody of fiscal agents. Investments consist of United States Treasury bills and notes, government agency securities, commercial paper, negotiable certificates of deposit, asset-backed securities, mortgage backed securities, and government money market funds. Investments are reported at fair value on the balance sheet. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale. Changes in the fair value of District investments are part of investment income that is included in revenues from local sources.

Investments are based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices in active markets for identical assets;
- Level 2 inputs are significant other observable inputs;
- Level 3 inputs are significant unobservable inputs.

The District has reviewed their investments and measured their fair value levels as of June 30, 2024. See **Note 3**.

CASH AND CASH EQUIVALENTS

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

ACCOUNTS RECEIVABLE

The District has not established an allowance for uncollectible receivables since prior experience has shown that uncollectible receivables are not significant.

Property Taxes

Property taxes for Debt Service collected within 60 days of year-end are reported as accounts receivable as of June 30, 2024, as well as those taxes assessed but not yet received. The Clark County Treasurer, based on the assessed valuation on

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

January 1 of each year, levies taxes on real property. A lien is placed on the property subject to the payment of taxes on July 1 of each year and the taxes are due on the third Monday in August. Taxes may be paid in quarterly installments on or before the third Monday in August, and the first Monday in October, January, and March. If not paid, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties, interest, and costs. If delinquent taxes are not paid within the redemption period, the County Treasurer obtains a property deed free of encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien. Article X, Section 2, of the Nevada Constitution limits the taxes levied by all units of Clark County to an amount not to exceed \$5 per \$100 of assessed valuation. The 1979 Nevada Legislature enacted provisions whereby starting July 1, 1979, the combined overlapping tax rate was limited to \$3.64 per \$100 of assessed value. The assessed value is annually adjusted. The Nevada legislature also passed a property tax abatement law in 2005 that generally caps increases in property taxes received from any owner-occupied residential property to three percent per year, and eight percent per year for all other property.

INVENTORIES

Instructional materials and general supplies inventories (recorded in the General Fund) are valued at the moving average inventory method. Transportation supplies (recorded in the General Fund) are valued using the first-in, first-out method. Food service inventories (recorded in the Enterprise Fund) are valued using the moving average Inventory method. In all funds, the District follows the consumption method, thus, materials and supplies to be used in operations are reported as financial resources when acquired and recognized as expenditures/expenses when used. In the fund financial statements, the inventory amount is equally offset by a fund balance classification indicating it is *nonspendable*.

PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items on an exception basis in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased. Prepaid items are equally offset by a fund balance classification indicating they are *nonspendable*.

CAPITAL ASSETS

Capital assets, which include intangibles, property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Intangible assets capitalization threshold is \$1 million and an estimated useful life in excess of one year. If purchased or constructed, all capital assets are recorded at historical cost or estimated historical cost and updated for additions and retirements during the year. Donated capital assets are valued at their acquisition value per GASB Statement No. 72, *Fair Value Measurement and Application*, as of the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset life are not capitalized.

Effective fiscal year 2024, assets whose individual acquisition costs are less than \$5,000 but purchased in bulk and the aggregated total cost of the purchase project of alike assets is \$200,000,000 and above are capitalized. Computers, classroom furniture, library books, and communication equipment are some of the assets that may not meet the capitalization policy on an individual cost basis, but might meet the threshold in the aggregate.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Capital Assets</u>	<u>Years</u>
Buildings	50
Building Improvements	20
Land Improvements	20
Vehicles	5
Heavy Trucks and Vans	7-10
Buses	10
Computer Hardware	5
Various Other Assets	3-25

LEASES

Lease assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Lease assets are defined as contracts that convey control of the right to use another entity's nonfinancial asset (land, building, vehicle, and/or equipment) as specified in the contract for a period of time in an exchange-like transaction. In addition, they have annual subscription fee greater than \$5,000 (Vegas PBS fund) or \$350,000 (Other funds rather than Vegas PBS) per year, and; non-cancellable terms of 12 months or greater; OR non-cancellable terms of 12 months or less with the option to extend (regardless of the probability of being exercised). Lease assets are recorded at the net present value of the future minimum lease payments plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. Lease assets are amortized over the shorter of the lease term or the useful life of the underlying asset.

A lessee should recognize a lease liability and a lease asset at the commencement of the lease term, unless the lease is a short-term lease, or it transfers ownership of the underlying asset. The lease liability should be measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease asset should be measured at the amount of the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs.

A lessor should recognize a lease receivable and a deferred inflow of resources at the commencement of the lease term, with certain exceptions for leases of assets held as investments, certain regulated leases, short-term leases, and leases that transfer ownership of the underlying asset. A lessor should not derecognize the asset underlying the lease. The lease receivable should be measured at the present value of lease payments expected to be received during the lease term. The deferred inflow of resources should be measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relate to future periods.

SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs)

SBITAs, which include software contracts, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements for economic resources while governmental funds report SBITAs current expenditures in the fund level Statements of Revenues, Expenditures, and Changes in Fund Balances. A SBITA is a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software as specified in the contract for a period of time in an exchange or exchange-like transaction. SBITA contracts contain non-cancellable terms of 12 months or greater; or non-cancellable terms of 12 months or less with the option to extend (regardless of the probability of being exercised).

A subscription liability is measured at the present value of subscription payments expected to be made during the subscription term. A subscription asset is recorded at the initial subscription liability amount, plus any payments made to the SBITA vendor before the commencement of the subscription term and certain direct costs (less any incentives). A subscription asset should be amortized over the shorter of the subscription term or the useful life of the underlying IT asset. The District established its SBITA contract thresholds at \$25,000 (Vegas PBS fund) or \$350,000 (other funds) per fiscal year.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

DEFERRED OUTFLOWS AND DEFERRED INFLOWS OF RESOURCES

Deferred outflow of resources represents a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred loss on refunding are unamortized balances resulting from advance bond refunding. Additionally, amounts are recognized as deferred outflow of resources related to GASB 68 Pension and GASB 75 OPEB entries.

Deferred inflow of resources represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. Deferred gain on refunding are unamortized balances resulting from advance bond refunding. Additionally, amounts are recognized as deferred inflow of resources related to GASB 68 Pension and GASB 75 OPEB entries. The governmental funds report unavailable revenue from three sources: delinquent property taxes, grants, and uncollected installment proceeds of Vegas PBS broadband spectrum sale. Property tax revenues are considered "delinquent" when the due date of an assessment has passed and any statutory appeal rights have expired. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

ACCRUED SALARIES AND BENEFITS

District salaries earned but not paid by June 30, 2024, have been accrued as liabilities and shown as expenditures/expenses for the current year.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as deferred losses and gains, are deferred and amortized over the life of the bonds using the straight-line method.

Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are immediately expensed in the government-wide financial statements. Deferred losses related to refunding of debt are reported as deferred outflows of resources and deferred gains related to refunding of debt are reported as deferred inflows of resources. They are amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Employers are required per GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, to recognize their proportionate share of pension amounts, which include the net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense, for benefits provided through the plan.

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, pension expense, information about the net position of the State of Nevada Public Employees Retirement System (PERS), the fiduciary, and additions to/deductions from PERS's net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms.

Because PERS is a state-wide multi-employer plan that covers substantially all public employees of the State, its agencies and its political subdivisions, including the employees of the District, it is the responsibility of the State Controller's Office to perform the GASB calculations according to the applicable pension related statements and disseminate that information to the applicable agencies and political subdivisions for inclusion in their Annual Comprehensive Financial Reports.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

For the purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense have been determined on the same basis as they are reported by Public Employees' Benefit Program (PEBP). For this purpose, benefit payments are recognized by the District when due and payable in accordance with the benefit terms.

COMPENSATED ABSENCES AND ACCUMULATED SICK LEAVE

Except for teachers and certain hourly employees, it is the District's policy to permit employees to accumulate earned but unused vacation leave. All employee groups are allowed to accumulate earned but unused sick leave; however, the District only pays limited accumulated sick leave to certain employees upon retirement.

For the year ended June 30, 2024, the District early-adopted GASB Statement No. 101, *Compensated Absences*. This statement supersedes the requirements of GASB Statement No. 16, *Accounting for Compensated Absences*.

The implementation of this standard requires a liability to be recorded for compensated absences and reported in the government-wide and proprietary financial statements for (a) leave that has not been used and (b) leave that has been used but not yet paid or settled. Compensated absence liability recorded includes vacation leave, sick leave, sick leave pool, and compensatory time.

Leave that has not been used is recognized if the following occurs:

- The employee has performed the services required to earn the leave
- The leave accumulates
- The leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means (not including any leave would be more likely than not converted to defined benefit post-employment benefits).

The effect of the implementation of this standard is more fully described in **Note 20**.

FUND BALANCES

In the fund financial statements, the classifications of fund balance are based on limitations on their use, and the source and strength of those limitations. Assignments of fund balance represent tentative management plans that are subject to change. The following classifications have been implemented by the District's Regulation 3110:

- a. *Nonspendable* fund balance: These items are legally or contractually required to be maintained intact and are not in a spendable form, such as inventories and prepaids.
- b. *Restricted* fund balance: These amounts are constrained to being used for specific purposes by external parties, constitutional provisions or enabling legislation, such as debt service or Nevada Revised Statutes.
- c. *Committed* fund balance: These amounts can only be used for specific purposes as set forth by the Board. The Board must take formal action, by adoption of a resolution prior to the end of the reporting period, in order to establish an ending fund balance commitment for any specific purpose. A resolution by the Board is also required to modify or rescind an established commitment. Only the highest level action that constitutes the most binding constraint can be considered a commitment for fund balance classification purposes.
- d. *Assigned* fund balance: Assignments are neither restrictions nor commitments and represent the District's intent to use funds for a specific purpose. These assignments, however, are not legally binding and are meant to reflect intended future use of the District's ending fund balance. The Chief Financial Officer of the District has the responsibility of assigning amounts of ending fund balance per District Regulation 3110.
- e. *Unassigned* fund balance: The residual classification for the General Fund that is available to spend. The District's Regulation 3110 requires that an unassigned ending fund balance of not less than 2% of total General Operating Fund revenues be included in the budget. A Board waiver is required to adopt a budget that does not meet this requirement.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

When an expenditure/expense is incurred, and both restricted and unrestricted resources are available, the portion of the fund balance that was restricted for those purposes shall be reduced first. If no restricted resources exist, then the unrestricted fund balance shall be reduced. Furthermore, when an expenditure/expense is incurred for purposes which amounts of committed, assigned, or unassigned are considered to have been spent, and any of these unrestricted fund balance classifications could be used, they are considered to be spent in the above order.

NET POSITION

In the government-wide statements, net position on the statement of net position includes the following:

Net Investment in Capital Assets

Net investment in capital assets consists of capital assets, net of accumulated depreciation and amortization, which is further reduced by outstanding balances of any bonds, notes, leases, SBITAs, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

The deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt will also be included in this component of net position.

Restricted Net Position

The component of net position that reports the constraints placed on the use of assets by either external parties and/or enabling legislation. Currently, the District has restricted assets related to its Debt Service Fund, assets related to its Capital Projects Funds, and restricted assets in the General Fund for donations, school technology bonds, school bus appropriation bonds, school carryover (supplies), school carryover (net vacancy), school carryover (supplies) - gate proceeds and school based project carryover. The reserve for self-insurance deposits related to the District's workers' compensation program accounted for in the Insurance and Risk Management Fund, and student groups to the Student Activity Fund are also restricted.

Unrestricted Net Position

The component of net position that is the difference between the assets, deferred outflows, liabilities, and deferred inflows not reported in net investment in capital assets and restricted net position.

It is the District's policy to expend restricted resources first and use unrestricted resources when the restricted resources have been depleted.

COMPARATIVE TOTAL DATA AND RECLASSIFICATIONS

The District follows the data classification guidelines provided in the Financial Accounting Handbook from the Nevada Department of Education, in conjunction with the U. S. Department of Education publication *Financial Accounting for Local and State School Systems*. Comparative total data for the prior year has been presented in the accompanying fund financial statements and schedules to provide an understanding of changes in the District's financial position and results of operations. Certain prior year amounts may have been reclassified to conform to the current year presentation.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

REVENUE LINE ITEM TITLES

Local sources are monies generated from ad valorem (property taxes), real estate transfer taxes, room tax, governmental services tax, investment income, and athletic proceeds.

State sources are revenues paid by the State of Nevada (through the PCFP) to the District and state grants.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Federal sources are mostly grants received from the federal government for specific educational programs.

Other sources are monies including proceeds from the sale of capital assets and other miscellaneous income.

EXPENDITURE LINE ITEM TITLES

The statements of revenues, expenditures, and changes in fund balances characterize expenditure data by major program classifications pursuant to the provisions of the Handbook II (Revised) Accounting System established by the Nevada Department of Education. Programs are further segregated by functional services provided within each program. Below is a brief description of these program and function classifications.

Programs:

Regular programs are activities designed to provide elementary and secondary students with learning experiences to prepare them for further education or training and for responsibilities as citizens, family members, and workers.

Special programs are activities designed primarily to serve students having special needs. Special programs include services for the mentally challenged, physically handicapped, emotionally disturbed, culturally different, learning disabled, bilingual, and special programs for other types of students at all levels.

Gifted and talented programs are activities available to students that show above average general and/or specific abilities, high levels of task commitment, and high levels of creativity. GATE services are available to students in third, fourth, and fifth grades. Students have the opportunity to develop their potential through curriculum that emphasizes complexity and higher-level thinking.

Vocational programs are learning experiences that will prepare students to meet challenging academic standards as well as industry skill standards for board-based careers.

Other instructional programs are activities that provide elementary and secondary students with learning experiences in school-sponsored activities, athletics, and summer school. This program also includes English for speakers of other languages (English Language Learners/Limited English Proficient/English-as-a-Second-Language) and Alternative/At Risk education programs.

Adult education programs are learning experiences designed to develop knowledge and skills to meet intermediate and long-range educational objectives for adults who, having completed or interrupted formal schooling, have accepted adult roles and responsibilities.

Community services programs are activities not directly related to the provision of educational services in a school district. These include such services as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities. This also includes parental training or related programs.

Co-curricular and Extra-curricular programs are activities that add to a student's educational experience but are not related to educational activities. These activities typically include events and activities that take place outside the traditional classroom. Some examples of such activities are student government, athletics, band, choir, clubs, and honors societies.

Undistributed expenditures are charges not readily assignable to a specific program. Student and instructional staff support and overall general and administrative costs are classified as undistributed expenditures. Also included are costs of operating, maintaining, and constructing the physical facilities of the District.

Functions:

Instruction includes all activities dealing directly with the interaction between teachers and students, including the activities of aides or classroom assistants who assist in the instructional process.

Student support includes activities designed to assess and improve the well-being of students and to supplement the teaching process.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Instructional staff support includes activities associated with assisting the instructional staff with the content and process of providing learning experiences for students.

General administration includes activities concerned with establishing and administering policy in connection with operating the District.

School administration includes activities concerned with overall administrative responsibility for a school. This includes principals, assistants, and clerical staff involved in the supervision of operations at a school.

Central services include activities that support other administrative and instructional functions. In addition, this covers activities concerned with paying, transporting, exchanging, and maintaining goods and services for the District. Also included are the fiscal and internal services necessary for operating the District.

Operation and maintenance of plant services includes activities concerned with keeping the physical schools and associated administrative buildings open, comfortable, and safe for use. This also includes keeping the grounds, buildings, and equipment in effective working condition and state of repair. Additional activities include maintaining safety in buildings, on the grounds, and in the vicinity of schools.

Student transportation includes activities concerned with the conveyance of students to and from school, as provided by state and federal law. It includes trips between home and school as well as trips to school activities.

Other support services are all other support services not otherwise properly classified elsewhere.

Community services include activities concerned with providing community services to students, staff, or other community participants. This includes programs offering parental training.

Facilities acquisition and construction services are all activities concerned with the acquisition of land and buildings; the construction and/or remodeling of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvements to sites.

Interdistrict payments are funds transferred to another school district, charter school, or other educational entities such as private schools.

Food service includes activities concerned with providing food to students and staff within the District. This includes the preparation and serving of regular and incidental meals, lunches, or snacks.

ADOPTION OF GASB STATEMENT 102

As of June 30, 2024, the District adopted GASB Statement No. 102, *Certain Risk Disclosures*, which requires management to evaluate whether there are risks related to a government's vulnerabilities due to certain concentrations or constraints that require disclosure.

ADOPTION OF GASB STATEMENT 100

As of July 1, 2023, the District adopted GASB Statement No. 100, *Accounting Changes and Error Corrections*. The implementation of this standard requires additional presentation and disclosure requirements for accounting changes and error corrections. The financial statements have been updated to conform to the presentation requirements related to the accounting changes in the financial statements for the year ended June 30, 2024. The additional disclosures required by this standard are included in Note 20.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of certain differences between the governmental funds balance sheet and the government- wide statement of net position

The governmental funds balance sheet includes a reconciliation between fund balances – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “Certain liabilities, deferred inflows of resources, and deferred outflows of resources (such as bonds payable and leases payable) are not reported in the governmental funds financial statement because they are not due and payable in the current period, but they are presented as liabilities or deferred inflows of resources in the statement of net position.” The details of this \$3,769,429,897 difference are as follows:

Bonds payable	\$ (3,034,711,000)
Prepaid bond insurance premium costs (net of amortization)	2,839,354
Deferred loss on refundings (net of amortization)	4,817,875
Deferred gain on refundings (net of amortization)	(1,910,534)
Bond premiums (net of amortization)	(360,633,887)
Arbitrage rebate payable	(8,656,346)
Leases payable	(434,315)
SBITA payable	(9,397,253)
Interest payable	(5,859,673)
Compensated absences	(355,484,118)
Net adjustment to decrease fund balance - total governmental funds to arrive at net position - governmental activities	<u>\$ (3,769,429,897)</u>

Capital assets net of the related depreciation and derivative investment instruments for the power purchase agreement are not reported in the governmental funds financial statements because they are not current financial resources, but they are reported in the statement of net position. The details of this difference are as follows:

Capital assets - governmental activities	\$ 5,656,787,075
Derivative investment instrument - power purchase agreement	1,130,000
Less: Capital assets - internal service funds	(767,124)
Net adjustment to increase fund balance - total governmental funds to arrive at net position - governmental activities	<u>\$ 5,657,149,951</u>

2. Explanation of certain differences between the governmental funds statement of revenues, expenditures, and changes in fund balances, and the government-wide statement of activities

The governmental funds statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities.” The details of this \$357,388,489 difference are as follows:

Capital outlay	\$ 638,404,272
Other capital items recorded in functional expenses	14,849,924
Depreciation expense	(295,865,707)
	<hr/>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 357,388,489</u>

Another element of that reconciliation states that “The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas, these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.” The details of this \$136,673,958 difference are as follows:

Debt issued or incurred:	
Issuance of general obligation debt	\$ (400,000,000)
Plus: Bond premiums	(36,269,969)
General obligation debt principal payments	302,624,000
Less: Lease principal	47,968
SBITA other financing sources	(11,906,451)
Less: SBITA principal	8,830,494
	<hr/>
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (136,673,958)</u>

Another element of that reconciliation is that “Gains, losses, capital donations, and derivative instruments are not presented in this financial statement because they do not provide or use current financial resources, but they are presented in the statement of activities.” This \$(3,629,620) difference derives from loss on sale of assets \$4,111,654, offset by donation of capital assets \$32,034 and investment gain from derivative instrument for power purchase agreement of \$450,000.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

Another element of that reconciliation states that “Generally, expenditures recognized in the fund financial statements are limited to only those that use current financial resources, but expenses are recognized in the statement of activities when incurred.” The details of this \$(241,889,705) difference are as follows:

Change in accrued interest	\$ (403,785)
Amortization of deferred gain/loss on refunding	(581,631)
Amortization of prepaid bond insurance	(180,146)
Amortization of bond discounts	(624,775)
Amortization of bond premiums	37,541,520
Change in compensated absences	(281,656,702)
OPEB expense	12,334,123
Capital assets transfer/contributions	(57,403)
Arbitrage rebate	(8,260,906)
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (241,889,705)</u>

NOTE 3 - DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. At June 30, 2024, this pool is displayed in the statement of net position and major and other governmental funds on the governmental funds balance sheet as “Pooled Cash and Investments”. The District accounts for its debt issuance proceeds portfolio separately in the capital projects funds to aid in compliance with bond covenants and federal arbitrage regulations. See **Note 8**.

According to states statutes, the District monies must be deposited with federally insured banks, credit unions, or savings and loan associations. The District cash balances are deposited in several bank accounts except for some monies transferred to a fiscal paying agent for payment of matured bonds and interest due. The District bank accounts and Student Activity Funds are insured by the Federal Deposit Insurance Corporation. The District participates in the State of Nevada Pooled Collateral Program to insured accounts that exceed \$250,000.

As of June 30, 2024, the District had the total amounts reported as pooled cash and investments:

Combined Pooled Cash and Investments

Pooled Cash and Investments	
Unrestricted	
Governmental Activities	\$ 1,785,592,969
Business-Type Activities	225,560,144
Restricted	
Governmental Activities	
Self-Insurance	9,097,000
Vegas PBS	18,537,057
Capital Projects	500,838,347
Debt Service	436,009,225
Derivative Instrument - Power Purchase Agreement	
Governmental Activities	<u>1,130,000</u>
Total	<u>\$ 2,976,764,742</u>

Corporate Bonds	2,097,931
Stocks/ETP's	5,578,132
REIT	179,028
Asset Backed Securities	1,832,292
Mutual funds	2,863,089
Total	<u>\$ 2,976,764,742</u>

Except for financial reporting purposes, the cash balances in the Student Activity Fund are not normally considered part of the District's pooled cash and investments. These amounts represent cash held in a fund by the District for student groups and organizations and cannot be used in the District's normal operations. The balance listed above for this fund is a consolidation of individual bank account balances held at schools across the District as of June 30, 2024.

As of June 30, 2024, the District had the following investments on the next page (*numbers stated in thousands*):

Interest Rate Risk

While the District does not have an overall investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate risk, Nevada statutes and District policy do impose certain restrictions by investment instrument. These include limiting maturities on U.S. Treasuries and Agencies to less than 10 years, limiting bankers' acceptances to 180 days maturity, limiting commercial paper to 270 days maturity and repurchase agreements to 90 days. The District's total investments approximate weighted average maturity is 2.07 years, including asset-backed/mortgage-backed securities portfolio.

U.S. Agencies as reported above consist of securities issued by the Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Farm Credit Bank, Federal Home Loan Bank, and Federal Agricultural Mortgage Corporation. Since investments in these agencies are in several cases backed by assets, such as mortgages, they are subject to prepayment risk.

Interest Rate Sensitivity

Interest rate sensitive securities include floating rate, callable, asset-backed, and mortgage-backed securities. As interest rates change, these types of securities may be redeemed early or the coupon rate change.

At June 30, 2024, the District invested in the following types of securities that have a higher sensitivity to interest rates:

Investments	Value	% of General Pool
U.S. Agency Mortgage Backed Securities and Collateralized Mortgage Obligations	\$ 51,183,696	2.08%
Asset Backed Securities	250,517,053	10.19%
Callable U.S. Agency Obligations	435,062,843	17.69%
Total	\$ 736,763,592	29.96%

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 3 - DEPOSITS AND INVESTMENTS (continued)

At June 30, 2024, Vegas PBS invested in the following types of securities that have a higher sensitivity to interest rates:

Investments	Value	% of Vegas PBS Investment Pool
U.S. Agency Mortgage Backed Securities and Collateralized Mortgage Obligations	\$ 1,401,803	9.10%
Asset Backed Securities	430,489	2.79%
Callable Municipal Bonds	75,837	0.49%
Callable Corporate Bonds	917,740	5.96%
Total	\$ 2,825,869	18.34%

Credit Risk

State statute and the District's own investment policy limit investment instruments to the top rating issued by one of the nationally recognized statistical rating organizations (NRSROs). The District's investment in commercial paper is limited to that rated P-1 by Moody's Investors Service, Standard and Poor's as A-1, and Fitch Investors Service as F-1. The District's money market investments are only with those funds rated by a nationally recognized rating service as AAA or its equivalent and invest only in securities issued by the Federal Government, U.S. Agencies, or repurchase agreements fully collateralized by such securities. Credit ratings for obligations of U.S. government agencies only implicitly guaranteed by the U.S. Government, such as, the Federal National Mortgage Association, the Federal Farm Credit Bank, the Federal Home Loan Bank, and the Federal Home Loan Mortgage Corporation, short- and long-term instruments are limited to those rated A-1 / AA+, P-1 / AAA or F1 / AA+, by Standard and Poor's, Moody's Investors Service, and Fitch Investors Service, respectively. Credit ratings for asset-backed securities are limited to those rated AAA by Standard and Poor's and Fitch Investors Service, and AAA by Moody's Investors Service.

The derivative instrument contract represents a Power Purchase Agreement with the Colorado River Commission whose credit rating is AA.

Vegas PBS securities within the Raymond James investments funds are subject to Southern Nevada Public Television's investment policy, which restricts investments to medium grade bonds with a Baa2 grade by Moody's Investors Service or those rated BBB by Standard and Poor's or higher. All other funds are invested in the District's General Portfolio and adhere to the District's own investment policy.

As of June 30, 2024, the District's investments and derivative instrument were categorized by quality rating as follows (numbers stated in thousands):

	Fair Value	Investments and Derivative Instrument - Ratings by Moody's Investors Service			
		Aaa	Aa	P-1	Unrated
General Pooled Investments:					
U.S. Treasury Bills/Notes	\$ 957,460	\$ 878,284	\$ -	\$ 79,176	\$ -

Derivative Instrument Investment					
Power Purchase Agreement	1,130	-	1,130	-	-
Total Securities Held	\$ 2,798,538	\$ 1,878,549	\$ 1,130	\$ 640,566	\$ 278,293

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 3 - DEPOSITS AND INVESTMENTS (continued)*Concentrations of Credit Risk*

To limit exposure to concentrations of credit risk, the District's investment policy limits investment in bankers' acceptance notes to 15%, repurchase agreements to 25%, commercial paper to 25%, and money market mutual funds to 25%, of the entire portfolio on the day of purchase. As of June 30, 2024, more than 5% of the District's investments are in U.S. Treasury (41.4%), Federal Home Loan Bank (21.0%), Federal Home Loan Mortgage Corporation (8.1%), Federal Agricultural Mortgage Corporation (6.4%), and Federal Farm Credit Bank (6.5%) of the District's total investments.

The District has the following recurring fair value measurements as of June 30, 2024:

- U.S. Treasury securities of \$1,207 million are valued using quoted market prices (Level 1)
- Agency securities of \$1,214 million are valued using matrix pricing model (Level 2)
- Commercial paper of \$75 million are valued using matrix pricing model (Level 2)
- Asset-backed securities of \$251 million are valued using matrix pricing model (Level 2)
- Mortgage-backed securities of \$51 million are valued using matrix pricing model (Level 2)
- Derivative asset of \$1.13 million are valued using a discounted cash flow model under the income approach (Level 3)

Vegas PBS has the following recurring fair value measurements as of June 30, 2024:

- U.S. Treasury securities of \$1.792 million are valued using quoted market prices (Level 1)
- Municipal bonds of \$470 thousand are valued using quoted market prices (Level 2)
- Corporate bonds of \$2,098 thousand are valued using quoted market prices (Level 2)
- Asset-backed securities of \$430 thousand are valued using quoted market prices (Level 2)
- Mortgage-backed securities of \$1,402 thousand are valued using quoted market prices (Level 2)

Vegas PBS and its component unit, Southern Nevada Public Television issue a publicly available financial report that includes financial statements and accompanying notes to the financial statements. You can access the full financial statements on their website at <https://www.vegaspbs.org/about/cpb-reports-records/>.

Investment Income

The District records investment income net of unrealized gains and losses as required by GASB Statement No. 31, which represents a loss or gain in the value of investments, however a gain or loss is typically not realized until a security is sold. The table below shows investment income, unrealized gains/losses on current held securities, and net of both as displayed in the financial statements.

Fund	Fiscal Year 2024				
	Investment Income	Other Interest Earnings	Unrealized Gain/(Loss) Change	Net of Unrealized Gain/(Loss)	
General	\$ 25,321,390	\$ -	\$ 12,759,396	\$	38,080,786
Bond	40,064,144	362,017	9,436,075		49,862,236
Debt	30,112,324	2,631,838	15,078,245		47,822,407
Other	15,528,356	-	10,209,007		25,737,363
Total	\$ 111,026,214	\$ 2,993,855	\$ 47,482,723	\$	161,502,792

Investment income includes realized gains and losses from investment securities, interest earned outside of the investing portfolio, and unrealized gains and losses on the investing portfolio that were recognized in previous periods as part of the change in the fair value of investments. In fiscal year 2024, the District reported \$111M in realized gains, a record high in investment earnings for the District.

The District's investments generated higher investment income for fiscal year 2024 than fiscal year 2023, primarily due to the Federal Open Market Committee raising the federal fund rate, which led to higher interest rates. The District capitalized on these conditions by investing in higher yield securities as investments matured.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 4 - INTERFUND BALANCES AND TRANSFERS**Interfund Balances:**

The “due to/due from other funds” balance in the General Fund of \$74,690,646 was offset against the amount reported in the Federal Projects Fund of \$72,766,127 and State Grants Fund of \$1,924,519. This interfund balance represents funds that were spent by the General Fund for the Federal Projects and State Grant funds to cover the negative cash balance, which was caused by timing issues of grant draws. Interfund balance is expected to be paid within one year.

Interfund Transfers:

In the fund financial statements, interfund transfers are shown as other financing sources or uses. Transfers between funds during the year ended June 30, 2024, are as follows:

Transfers Out:	Transfers In:					
	Special Education Fund	Debt Service	Federal Projects	Nonmajor Governmental Funds	Internal Service Funds	Totals
General Fund	\$ 455,367,901	\$ -	\$ 558,389	\$ 16,052,741	\$ 600,000	\$ 472,579,031
Bond Fund	-	71,921,133	-	113,589,781	-	185,510,914
Total	<u>\$ 455,367,901</u>	<u>\$ 71,921,133</u>	<u>\$ 558,389</u>	<u>\$ 129,642,522</u>	<u>\$ 600,000</u>	<u>\$ 658,089,945</u>

Following are explanations of certain interfund transfers of significance to the District:

\$455,367,901 was transferred from the General Fund to the Special Education Fund for costs related to programs for special needs students. Separate accounting is required for revenues and expenditures associated with special education. The majority of the revenues are collected in the General Fund and transferred to the Special Education Fund to offset special education expenditures.

The Bond Fund transferred a total of \$71,921,133 during fiscal year 2024 to the Debt Service Fund to service the current principal and interest on the District’s revenue bonds. Pledged revenues for these bonds, which include a portion of the real estate transfer tax and room tax collected within the county are deposited within the Bond Fund and transferred on a monthly basis to the Debt Service Fund. See **Note 8**.

The General Fund transferred a total of \$558,389 to the Federal Projects Fund to cover the write-off of uncollectible federal grants and thus required resources from the General Fund.

In the Nonmajor Governmental Funds, the Bond Fund transferred \$113,589,781 to the Capital Replacement Fund for costs associated with various capital projects, such as but not limited to, parking modification, athletic fields constructions, architectural services, site improvements, security upgrades.

\$16,052,741 was transferred from the General Fund to two special revenue funds: ELL and GATE as part of the PCFP plan which provides permanent funding for these two weighted categories. In addition, \$600,000 was transferred from the General Fund to the Graphic Arts Production Fund to increase the net position for operations in the upcoming fiscal year.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 5 - CAPITAL ASSETS

A summary of changes in capital assets for the year ended June 30, 2024, are as follows:

Governmental Activities:

	Balance June 30, 2023	Additions	Deletions	Balance June 30, 2024
Capital assets, not being depreciated:				
Land	\$ 267,746,547	\$ 3,932,151	\$ (3,052,554)	\$ 268,626,144

Medicaid	1,375,995	-	-	-	-	632,136	2,008,131
<u>Other sources:</u>							
E-Rate	4,715,713	-	-	-	-	-	4,715,713
Sale of broadband spectrum	-	-	-	-	-	31,000,000	31,000,000
Miscellaneous	1,771,315	37,370	-	112,666	-	1,088,581	3,009,932
Total Receivables	<u>\$ 269,354,703</u>	<u>\$ 37,370</u>	<u>\$ 12,630,796</u>	<u>\$ 30,074,691</u>	<u>\$ 103,256,203</u>	<u>\$ 110,847,756</u>	<u>\$ 526,201,519</u>

Vegas PBS sold its Educational Broadband Spectrum to Sprint/T-Mobile on August 15, 2022. There was no book value and the total gain was recorded in the amount of \$43,000,000 as a special item on the Statement of Activities. An initial payment of \$7,000,000 was received in fiscal year 2023 and a second payment of \$5,000,000 was received in fiscal year 2024. The Vegas PBS Fund is expecting to receive the remaining payments as set forth below:

Payment Deadline	Amount
Two Years After the Closing Date	\$ 8,000,000
Three Years After the Closing Date	10,000,000
Four Years After the Closing Date	13,000,000
Total Receivable	<u>\$ 31,000,000</u>

All other receivable balances are expected to be collected within one year.

NOTE 7 - UNEARNED REVENUES

Governmental funds report unearned revenue in connection with revenues that have been received but not yet earned. A summary of unearned revenues for governmental funds in the aggregate at June 30, 2024, are as follows (see following page):

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 7 - UNEARNED REVENUES (continued)

	General Fund	Other Governmental Funds	Total
Summer School Advances	\$ 5,965	\$ -	\$ 5,965
State Grants and Allotments	-	10,306,167	10,306,167
Miscellaneous Revenue	-	2,397,739	2,397,739
Total	<u>\$ 5,965</u>	<u>\$ 12,703,906</u>	<u>\$ 12,709,871</u>

In the General Fund, summer school unearned revenue represents monies collected for summer school tuition in advance of the fiscal year 2025. Nonmajor and other funds include state grants in the amount of \$10,306,167, which is state grant revenue received in advance of expenditures, and the miscellaneous revenue of \$2,397,739 represents state grants for the Vegas PBS program.

NOTE 8 - GENERAL OBLIGATION BONDS PAYABLE

General Obligation Bonds:

The District issues general obligation bonds to provide proceeds for the District's construction and modernization program and for other major capital acquisitions. These bonds are direct obligations and pledge the full faith and credit of the District. Bonds are often sold at a premium or a discount. These premiums and discounts are reported in the fund statements in the year incurred but are deferred and amortized over the life of the debt in the government-wide financial statements. Similarly, any gain or loss derived from an advance refunding is amortized in the government-wide financial statements. The Debt Service Fund services all of the bonds payable. The remaining principal and interest payment requirements for the general obligation debt as of June 30, 2024, are as follows:

General Obligation Bonds Schedule:

Series	Purpose	Date Issued	Date of Final Maturity	Interest	Original Issue	Balance Jun 30, 2024	Principal Due Within One Year	Interest Due Within One Year

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 8 - GENERAL OBLIGATION BONDS PAYABLE (continued)**General Obligation Revenue Bonds:**

The District also issues general obligation debt that is additionally secured by a pledge of proceeds of taxes deposited in the District's Bond Fund. The District receives the proceeds of a 1 5/8% room tax collected within Clark County and this revenue is reflected in total in the Bond Fund. The proceeds of a tax equivalent to 60 cents for each \$500 of value on transferred real property are also deposited by the County. The District pledges the room tax and the real estate transfer tax revenues to pay debt service on certain general obligation debt. In 2024, the District received \$167,595,067 and pledged 100% of these revenues to pay the principal and interest requirement. The remaining principal and interest payment requirements for the general obligation debt additionally secured by these pledged revenues as of June 30, 2024, are as follows:

General Obligation Revenue Bonds Schedule:

Date Series	Purpose	Date Issued	Date of Final Maturity	Interest	Original Issue	Balance Jun 30, 2024	Principal Due Within One Year	Interest Due Within One Year
2015D	Building	11/23/15	06/15/35	4.00% - 5.00%	\$ 200,000,000	\$ 130,040,000	\$ 9,155,000	\$ 5,707,350
2016B	Refunding	06/16/16	06/15/27	5.00%	90,775,000	47,655,000	15,205,000	2,382,750
2016E	Refunding	12/15/16	06/15/26	5.00%	59,510,000	16,385,000	7,960,000	819,250
						<u>\$ 194,080,000</u>	<u>\$ 32,320,000</u>	<u>\$ 8,909,350</u>

At year-end, pledged future revenues totaled \$235,456,600, which was the amount of the remaining principal and interest on these bonds. General obligation bonds payable is reported net of premiums and discounts on the statement of net position.

Summary of Debt Service:

Following are the annual requirements to amortize all general obligation bonds outstanding at year-end:

Fiscal Year	Bonds		Bond from private placement		Total Requirements
	Principal	Interest	Principal	Interest	
2025	\$ 296,305,000	\$ 135,101,152	\$ 3,493,000	\$ 1,110,073	\$ 436,009,225
2026	276,950,000	119,548,025	3,615,000	987,468	401,100,493
2027	226,920,000	106,042,475	3,742,000	860,582	337,565,057
2028	184,440,000	94,974,137	3,874,000	729,238	284,017,375
2029	147,940,000	86,032,188	4,009,000	593,260	238,574,448
2030 - 34	814,590,000	321,833,975	12,893,000	915,513	1,150,232,488
2035 - 39	798,130,000	137,673,350	-	-	935,803,350
2040 - 44	257,810,000	22,556,075	-	-	280,366,075
Totals	<u>\$ 3,003,085,000</u>	<u>\$ 1,023,761,377</u>	<u>\$ 31,626,000</u>	<u>\$ 5,196,134</u>	<u>\$ 4,063,668,511</u>

A statutory limit of bonded indebtedness for school districts is set forth in NRS 387.400. The limitation is based on 15% of the assessed valuation of property within the District, excluding motor vehicles. Based on the 2024 assessed valuation of \$137,544,728,793 the applicable debt limit is \$20,631,709,319 leaving the legal debt margin at \$17,596,998,319, notwithstanding the statutory tax rate limitation explained in **Note 1**. The District is in compliance with NRS 387.400 as of June 30, 2024.

Authorized Unissued Debt:

In the 2015 Legislative Session, Senate Bill (SB) 207 was passed which allows an extension of bond rollover funds from property taxes for districts to keep pace with the need for new schools and major repairs on existing schools. The bill gives school boards the authority to continue issuing construction bonds for 10 years beyond the time period approved by voters, although districts would not be allowed to raise property tax rates to pay debt service on the bonds. On May 30, 2021, the Nevada Legislature adopted SB 450, which was signed by the Governor on June 7, 2021, extending the District's authority to

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 8 - GENERAL OBLIGATION BONDS PAYABLE (continued)

issue general obligation bonds secured by the tax rate for debt service of \$0.5534 for another 10 years ending March 3, 2035. Pursuant to SB 450, the District may use revenues generated from the tax rate for debt service to pay debt service on general obligation bonds, pay costs of capital improvements, and maintain the District's Statutory Reserve. The District intends to continue funding a portion of the District's Facilities and Capital Improvement Plan pursuant to the authority under SB 450. As of June 30, 2024, there is \$600 in authorized unissued debt for General Obligation (Limited Tax) Building Bonds and \$55,490,000 authorized unissued debt for General Obligation (Limited Tax) Various Purpose Medium-Term Bonds..

Obligation for Arbitrage Payable:

The Tax Reform Act of 1986 established arbitrage guidelines that require a rebate of interest earned on bond funds in excess of interest paid. This is the first time in many years that the District has earned interest on bonds in excess of interest paid. The District's current situation of positive arbitrage is due to the Federal Reserve Board raising the federal funds rate multiple times over the past year to curtail inflation resulting in an inverted yield curve. At June 30, 2024, the District estimated a \$8,656,346 arbitrage rebate liability. Payment to the IRS will fall no later than five years and 60 days after the issue date. Therefore, the estimated amount has only been included in the Statement of Net Position.

Unspent Bond Proceeds Related to Capital:

As of June 30, 2024, the District's unspent bond proceeds restricted for capital related purposes is \$500,838,347. The capital related unspent bond proceeds is an increase in the calculation of net investment in capital assets and a decrease to restricted capital projects for a portion of net position in the government-wide financial statements.

Debt Service Fund:

NRS 350.020 requires that the Board establish a restricted account within its debt service fund for payment of the outstanding bonds of the District. In 2012, Assembly Bill 376 changed the amount of the reserves required to 10% of the outstanding principal or 25% (changed from 100%) of the principal and interest payments due on all outstanding bonds of the District in the next fiscal year, whichever is less. The amounts on deposit in this restricted account are not directly pledged to pay debt service on the debt, and if permitted, may be used for other purposes. As of June 30, 2024, the amount required to fund this account was \$109,002,306; which was fully funded by the District.

NOTE 9 - LEASE ASSETS

Lessee:

Amount of outflows of resources for variable payments

Cox

On July 24, 2023, the District entered into a ten-year lease with two-five year renewal options, bringing the total potential lease term to twenty years. The right-to-use leased asset is a fiber optical wide-area network. For fiscal year 2024 variable monthly payments were dependent on the District's usage of the capital equipment at \$620 or \$900 per month per site. There are no fixed payments as the District only expenses the payments each period and for reporting purposes does not report a capital asset or liability. The total cost for this lease for the year ending June 30, 2024 is \$2,699,115.

Principal and interest requirements to maturity

The District has leases with multiple companies for right-to-use land, tower, equipment, and office space. As of June 30, 2024, the remaining principal and interest payment requirements for the leases are as follows (see following page):

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 9 - LEASE ASSETS (continued)

Fiscal Year	Principal	Interest	Total Requirements
2025	\$ 41,493	\$ 11,608	\$ 53,101
2026	43,760	10,748	54,508
2027	36,125	9,839	45,964
2028	25,203	9,121	34,324
2029 - 33	127,064	35,937	163,001
2034 - 38	112,467	18,827	131,294
2039 - 43	48,203	3,109	51,312
Totals	\$ 434,315	\$ 99,189	\$ 533,504

American Tower

On July 1, 2007, the District entered into a ten-year lease with two successive terms of five years each. The first and second successive term was exercised, the total lease term is twenty years. The leased right-to-use asset is land used to maintain and operate a broadcast tower and transmitter building for over-the-air transmission. For fiscal year 2024, monthly payments of \$937 were paid and the total principal and discounted interest costs were \$11,238. Monthly payments increase by 4% on each anniversary of the commencement date. The discounted interest rate applied on the lease is 2.19%.

On November 1, 2022, the District amended a lease that expired on June 30, 2016 with an extension term of five years commencing on July 1, 2021 and three successive terms of five years. The three successive terms are deemed reasonably certain to exercise, the total lease term is twenty years. The leased right-to-use asset is six feet of space in a building on Mt. Potosi tower site. For fiscal year 2024, monthly payments of \$888 were paid and the total principal and discounted interest costs were \$12,380. Monthly payments increase by 3% on each anniversary of the commencement date. The discounted interest rate applied on the lease is 4.05%.

Global Tower Partners

On July 1, 2017, the District entered into a five-year lease with three successive terms of five years each. The first successive term was exercised and the two successive terms are deemed reasonably certain to exercise, the total lease term is twenty years. The leased right-to-use asset is a portion of a tower used to maintain and operate telecommunications equipment for transmission. For fiscal year 2024, quarterly payments of \$2,457 were paid and the total principal and discounted interest costs were \$9,829. Quarterly payments increase by 3% on each anniversary of the commencement date. The discounted interest rate applied on the lease is 2.19%.

Wells Fargo

In May 2018, the District entered into a five-year lease with one successive term of one year. The one successive term was exercised in the current fiscal year, the total lease term is six years. The leased right-to-use asset is copiers for office operations. For fiscal year 2024, monthly payments of \$812 were paid and the total principal and discounted interest costs were \$8,115. The discounted interest rate applied on the lease is 6%.

Pre Mine & Black Raven

On October 1, 2019, the District entered into a five-year lease with one successive term of two years. The one successive term is deemed reasonably certain to exercise, the total lease term is seven years. The leased right-to-use asset is land for operating a leach field. For fiscal year 2024, one annual payment of \$10,000 was made and the total principal and interest costs were \$10,000. Annual payments for fiscal year 2024 to 2026 is \$10,000, containing no incremental increases. The discounted interest rate applied on the lease is 1.31%.

Vision Investments

On October 1, 2021, the District entered into a nine-year and ten-month lease. The leased right-to-use asset is an office used during legislative session. For fiscal year 2024, semiannual payments of \$4,788 and \$4,932 were paid and the total principal and discounted interest costs were \$10,158. Payments increase by 3% on each anniversary of the commencement date. The discounted interest rate applied on the lease is 1.48%.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 10 - CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the year-ended June 30, 2024, was as follows:

	Beginning Balance June 30, 2023	Additions	Reductions	Ending Balance June 30, 2024	Due Within One Year
Governmental Activities:					
Bonds payable:					
General obligation bonds	\$ 2,648,385,000	\$ 400,000,000	\$ (239,380,000)	\$ 2,809,005,000	\$ 263,985,000
General obligation bond from private placement	35,000,000	-	(3,374,000)	31,626,000	3,493,000
General obligation revenue bonds	253,950,000	-	(59,870,000)	194,080,000	32,320,000
Less: issuance discounts	(624,775)	-	624,775	-	-
Plus: issuance premiums	361,905,438	36,269,969	(37,541,520)	360,633,887	-
Total bonds payable	3,298,615,663	436,269,969	(339,540,745)	3,395,344,887	299,798,000
Arbitrage Rebate payable	395,440	8,656,346	(395,440)	8,656,346	-
Compensated absences *	329,072,300	27,178,081	-	356,250,381	103,279,166
Leases	482,283	-	(47,968)	434,315	41,493
Subscription-Based Information Technology Agreements	11,826,014	11,906,451	(14,335,212)	9,397,253	3,369,912
Other long term liabilities	89,719,870	50,828,963	(20,449,841)	120,098,992	26,237,353
Governmental activity long-term liabilities	<u>\$ 3,730,111,570</u>	<u>\$ 534,839,810</u>	<u>\$ (374,769,206)</u>	<u>\$ 3,890,182,174</u>	<u>\$ 432,725,924</u>
Business-type Activities:					
Compensated absences *	<u>\$ 5,794,049</u>	<u>\$ 1,096,703</u>	<u>\$ -</u>	<u>\$ 6,890,752</u>	<u>\$ 2,070,158</u>

* The change in the compensated absences liabilities are presented as a net change. The beginning balance of the compensated absences liabilities are restated as described in Note 20.

Internal Service Funds predominantly serve the governmental funds. Accordingly, their long-term liabilities are included as part of the above totals for governmental activities. At year end, \$766,263 of Internal Service Funds compensated absences are included in the above amounts.

NOTE 11 - COMPLIANCE AND ACCOUNTABILITY

Per NRS 354.626, the District is required to report and explain expenditures that exceeded budgeted appropriations at the function level for the General Fund, Special Revenue, and Capital Project Funds. The sum of operating and non-operating expenses in the Enterprise and Internal Service Funds may not exceed total appropriations. As of June 30, 2024, the District reported expenditures exceeding appropriations in the State Grant Fund. These over expenditures occurred due to supplemental funding approved after the final budget appropriations through Senate Bill 231, which provides additional compensation to licensed educators, support professionals, and police officers. These expenditures are an exception to the regulation as outlined in NRS 354.626 2k that states, "Without limiting the generality of the exceptions contained in subsection 1, the provisions of this section specifically do not apply to: k. The receipt by a local government of increased revenue that: (1) Was not anticipated in the preparation of the final budget of the local government".

The Federal Projects and State Grants Funds reported a deficit fund balance of \$31 million and \$26 million, respectively at June 30, 2024. This is caused by the timing of receipt of outstanding receivables in accordance with the 60-day availability period under the modified accrual basis of accounting.

Unrestricted Net Position reported a deficit balance of \$(3,165,493,448) in Governmental Activities which include the impact of recording the net pension liability, the total OPEB liability, and compensated absences.

The District did not file an unclaimed property report with the Nevada State Treasurer during the year ended June 30, 2024, as a holder of abandoned property, which is a violation of NRS 120A.560. The district is implementing new procedures for the handling of stale checks of one year or older that include periodic review, documentation, training, and monitoring.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 12 - DEFINED BENEFIT PENSION PLAN

All half-time or greater District employees are covered by the State of Nevada Public Employees Retirement System (the Plan), a cost sharing multiple-employer defined benefit plan of the public employee retirement system.

The covered payroll for employees participating in the Plan for the year ended June 30, 2024, was \$2,013,862,159 and the District's total payroll was \$2,354,595,198. All full time District employees are mandated by state law to participate in the Plan. Vested members are entitled to a life-time monthly retirement benefit equal to the service time multiplier (STM) percentages listed below times the member's years of service to a maximum of 33 1/3 years.

Post-retirement increases are provided by authority of NRS 286.575-.579.

The schedule of Eligibility for Monthly Unreduced Retirement Benefits for regular members and police/fire members are as follows:

Eligibility for Regular Members:								
Years of Service	Hired Prior to 7/01/01		Hired Between 7/01/01-12/31/09		Hired After 1/01/2010		Hired After 7/01/2015	
	Age	STM %	Age	STM %	Age	STM %	Age	STM %
5 Years	65	2.5	65	2.67	65	2.5	65	2.25
10 Years	60	2.5	60	2.67	62	2.5	62	2.25
30 Years	Any age	2.5	Any age	2.67	Any age	2.5	55	2.25
33 1/3 Years	-	-	-	-	-	-	Any age	2.25

Eligibility for Police/Fire Members:								
Years of Service	Hired Prior to 7/01/01		Hired Between 7/01/01-12/31/09		Hired After 1/01/2010		Hired After 7/01/2015	
	Age	STM %	Age	STM %	Age	STM %	Age	STM %
5 Years	65	2.5	65	2.67	65	2.5	65	2.5
10 Years	55	2.5	55	2.67	60	2.5	60	2.5
20 Years	50	2.5	50	2.67	50	2.5	50	2.5
25 Years	Any age	2.5	Any age	2.67	-	-	-	-
30 Years	-	-	-	-	Any age	2.5	Any age	2.5

The member's beginning retirement compensation is the average of their highest working compensation for 36 consecutive months. Benefits fully vest with five years of service. The Plan also provides death and disability benefits. Benefits are established by state statute and provisions may only be amended through legislation.

All District employees in the Plan are enrolled under a non-contributory plan. District payment of what were formerly employee contributions, were made in lieu of equivalent salary increases. Per Chapter 286 of the NRS, the District's contribution was based on the actuarially determined statutory rate of 33.50% in 2023-2024 for unified, licensed, and support employees and 50.00% for police employees of gross compensation and amounted to \$676,519,787, 23.21% of the \$2,915,140,574 total paid by all employees and employers into the Plan for the year ended June 30, 2024.

As of June 30, 2024, the District reported a liability of \$4,256,066,698 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the Plan relative to the total contributions of all participating Plan employers. In governmental activities, net pension liability are generally liquidated by a combination of the major and non-major governmental funds with the majority liquidated from the General fund.

At June 30, 2024, and 2023, the District's proportionate share of the net pension liability was 23.31720% and 23.22659% respectively.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 12 - DEFINED BENEFIT PENSION PLAN (continued)

For the year ended June 30, 2024, the District recognized pension expense of \$173,637,455. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 554,752,310	\$ -
Changes of assumptions	398,874,452	-
Net difference between projected and actual earnings on pension plan investments	-	39,836,886
Changes in proportion and differences between District contributions and proportionate share of contributions	42,139,029	67,617,845
District contributions subsequent to the measurement date	338,259,894	-
Total	<u>\$ 1,334,025,685</u>	<u>\$ 107,454,731</u>

The amount of \$338,259,894 was reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows/(inflows) of resources related to pensions will be recognized in pension expense as follows:

Reporting period ended June 30:	
2025	\$ 129,961,517
2026	126,967,204
2027	554,110,785
2028	55,786,824
2029	21,484,730
Thereafter	-

Average expected remaining service lives is 5.63 years.

Actuarial assumptions. The total pension liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.20% to 9.10%, depending on service Police/Fire: 4.60% to 14.50%, depending on service Rates include inflation and productivity increases
Investment rate of return	7.25%
Other assumptions	Same as those used in the June 30, 2023 funding actuarial valuation

Post-Retirement Mortality Rates (Regular and Police/Fire)

For regular healthy members it is Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional monthly improvement scale MP-2020. These mortality tables only provide rates for ages 50 and older. To develop mortality rates for ages 40 through 50, actuary has smoothed the difference between the rates at age 40 from the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 50 from the Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Tables. To develop the mortality rates before age 40, we have used the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables rates. This

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 12 - DEFINED BENEFIT PENSION PLAN (continued)

methodology for developing an extended annuitant mortality table is similar to the method used by the Internal Revenue Service (IRS) to develop the base mortality table for determining minimum funding standards for single-employer defined benefit pension plans under Internal Revenue Code Section 430. While Section 430 is not applicable to the System, actuaries believe this is a reasonable method for developing annuitant mortality rates at earlier ages.

For police/fire healthy members it is Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 5% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020. The above listed mortality tables only provide rates for ages 45 and older. To develop mortality rates for ages 35 through 45, actuary has smoothed the difference between the rates at age 35 from the Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 45 from the Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Tables. To develop the mortality rates before age 35, actuary has used the pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Tables rates. This methodology for developing an extended annuitant mortality table is similar to the method used by the Internal Revenue Service (IRS) to develop the base mortality table for determining minimum funding standards for single-employer defined benefit pension plans under Internal Revenue Code Section 430. While Section 430 is not applicable to the System, we believe this is a reasonable method for developing annuitant mortality rates at earlier ages.

For disabled regular members it is the Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 20% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

For disabled police/fire members: Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 30% for males and 10% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

For regular and police/fire current beneficiaries in pay status it is Pub-2010 Contingent Survivor Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 15% for males and 30% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020. The above listed mortality table only provides rates for ages 45 and older. To develop mortality rates for ages 35 through 45, actuary has smoothed the difference between the rates at age 35 from the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 45 from the Pub 2010 Contingent Survivor Amount-Weighted Above-Median Mortality Tables. To develop the mortality rates before age 35, actuary has used the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables rates. This methodology for developing an extended annuitant mortality table is similar to the method used by the IRS to develop the base mortality table for determining minimum funding standards for single-employer defined benefit pension plans under Internal Revenue Code Section 430. While Section 430 is applicable to the System, we believe this is a reasonable method for developing annuitant mortality rates at earlier ages.

For regular and police/fire contingent beneficiaries it is Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020. The above listed mortality tables only provide rates for ages 50 and older. To develop mortality rates for ages 40 through 50, actuary has smoothed the difference between the rates at age 40 from the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 50 from the Pub-2010 General Healthy Retiree Amount -Weighted Above-Median Mortality Tables. To develop the mortality rates before age 40, actuary has used the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables rates. This methodology for developing an extended annuitant mortality table is similar to the method used by the IRS to develop the base mortality table for determining minimum funding standards for single-employer defined benefit pension plans under Internal Revenue Code Section 430. While Section 430 is not applicable to the System, we believe this is a reasonable method for developing annuitant mortality rates at earlier ages.

For the mortality table applicable to contingent beneficiaries, "Approach 1" from the Society of Actuaries "Pub-2010 Public Retirement Plans Mortality Tables Report" was utilized. In particular, the mortality basis for contingent beneficiaries has been assumed to be the same mortality basis as the Healthy Regular retiree table listed above (except using rates applicable to the beneficiary's gender) for both when the primary retiree is alive and is no longer alive. The Pub-210 Amount-Weighted Mortality Tables (with loading factors as described above) reasonably reflect the projected mortality experience of the Plan as of the measurement date. The generational projection is a provision made for future mortality improvement.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 12 - DEFINED BENEFIT PENSION PLAN (continued)

For pre-retirement regular members it is the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2020.

For pre-retirement police/fire members it is the Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females). Projected generationally with the two dimensional mortality improvement scale MP-2020.

The Pub-2010 Amount-Weighted Mortality Tables reasonably reflect the projected mortality experience of the plan as of the measurement date. The generational projection is a provision made for future mortality improvement.

Pre-Retirement Mortality Rates (%)				
Age	Regular		Police/Fire	
	Male	Female	Male	Female
20	0.04	0.01	0.04	0.02
25	0.02	0.01	0.03	0.02
30	0.03	0.01	0.04	0.02
35	0.04	0.02	0.04	0.03
40	0.06	0.03	0.05	0.04
45	0.09	0.05	0.07	0.06
50	0.13	0.08	0.10	0.08
55	0.19	0.11	0.15	0.11
60	0.28	0.17	0.23	0.15
65	0.41	0.27	0.35	0.20
70	0.61	0.45	0.66	0.39

Note that generational projections beyond the base year (2010) are not reflected in the above mortality rates. Deaths that occur during the first two years of employment are assumed to be non-duty related.

The actuarial assumptions and methods used in the June 30, 2023, actuarial valuation were adopted by the PERS Board and were based on the results of the experience review issued September 10, 2021.

The PERS Board evaluates and establishes expected real rates of return (expected returns, net of pension plan investment expenses and inflation) for each asset class. The PERS Board reviews these capital market expectations annually. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return*
U.S. stocks	42%	5.50%
International stocks	18%	5.50%
U.S. bonds	28%	0.75%
Private markets	12%	6.65%

* As of June 30, 2023, PERS' long-term inflation assumption was 2.50%.

Discount rate. The discount rate used to measure the total pension liability was 7.25% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute.

Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2023.

Future Payroll Growth. For the purpose of calculating the actuarial determined contribution rate, the total payroll growth assumption for future years is 3.50% per year for both Regular and Police/Fire.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 12 - DEFINED BENEFIT PENSION PLAN (continued)

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what it would be using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current discount rate:

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Net Pension Liability	\$ 6,623,064,684	\$4,256,066,698	\$2,302,598,423

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Financial statements for the Plan are available on the PERS website at www.nvpers.org or by calling (775) 687-4200 or writing to:

Public Employees' Retirement System of Nevada
693 W. Nye Lane
Carson City, NV 89703-1599

NOTE 13 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. The District accounts for such losses through its Insurance and Risk Management Internal Service Fund. The District retains the risk of financial loss per occurrence as follows:

1. Workers' compensation up to \$1,250,000.
2. General liability, with retention of \$4,000,000.
3. Motor vehicle liability, with retention of \$4,000,000.
4. Errors and omissions and employment practices liability, with retention of \$4,000,000 per occurrence.
5. Property, including boiler and machinery and terrorism, with retention of \$250,000 for everything except flood which is \$500,000.
6. Media professional liability, with retention of \$5,000.
7. Crime/employee dishonesty, with retention of \$50,000 for everything except impersonation fraud which is \$100,000
8. National Flood Insurance Program, with retention of \$50,000 for specific schools.
9. Pollution Liability – Environmental, with retention of \$100,000.
10. Cyber Liability, with retention of \$1,000,000 per claim.
11. Non-Owned Aircraft Liability and Premises Liability with no retention.
12. Primary Excess Underlying Liability, with retention of \$4,000,000 per occurrence.
13. Secondary Excess Underlying Liability, with retention of \$5,000,000 per occurrence.
14. Law Enforcement Liability, with retention of \$4,000,000.

The District purchases commercial insurance for occurrences in excess of the foregoing retention levels. The District's insurance program is evaluated annually, utilizing industry and claims data to ensure the coverage limits remain adequate.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 13 - RISK MANAGEMENT (continued)

New policies are purchased as new loss exposures are identified. Retention levels are also reviewed annually to ensure that self-funded claim payments remain at a reasonable amount. In the past three years, the District had settlements that exceeded insurance coverage in fiscal year 2022 and 2023. As of June 30, 2024, the District has fourteen pending liability claim occurrences that are valued over \$1,000,000 that have already been reported to the excess insurance carrier.

The Insurance and Risk Management Internal Service Fund insures all operational activities of the District by charging premiums to other funds of the District. Premiums charged are based on estimates of the amounts needed to pay actual and projected claims, to support self-insurance operational costs, and to establish a self-insured reserve for incurred losses. The estimates of the liability insurance claims payable of \$81,274,360 and the workers' compensation claims payable of \$38,824,632 at June 30, 2024, were determined by the District with the assistance of an independent actuarial study as of that date and are reflected in the financial statements of the Insurance and Risk Management Internal Service Fund as claims payables and other long term liabilities.

The actuarial study, which is prepared annually, calculates the estimated future losses for the District. The current amount reflected represents the amount due in fiscal year 2024-2025.

The District relies upon a statistical measure known as a confidence level to determine its estimated outstanding losses as calculated by the study. Estimated losses are recorded at their expected values, which correspond to an approximate 50%-55% confidence level. Information regarding actual claims expenses incurred and paid can be seen in the table below.

A summary of changes in the aggregate claims liabilities for the past two years follows:

	2024	2023
Beginning Balance - July 1, 2023 and 2022	\$ 89,719,870	\$ 59,729,982
Claims Incurred	25,850,796	23,757,994
Changes in Estimates for Claims of the Prior Periods	30,379,122	29,989,888
Claims Paid	(25,850,796)	(23,757,994)
Ending Balance - June 30, 2024 and 2023	<u>\$ 120,098,992</u>	<u>\$ 89,719,870</u>
Short term portion	\$ 26,237,353	\$ 20,449,841
Long term portion	\$ 93,861,639	\$ 69,270,029

In December 2023, the District renewed its interest-bearing time certificate of deposit used for the self-insured workers' compensation program as a security deposit with the Nevada Division of Insurance. The amount of the deposit, \$9,097,000, is based on the total incurred cost of current and future claims as estimated by the office of the State Insurance Commissioner. See **Note 3**.

NOTE 14 - ENCUMBRANCES AND COMMITMENTS**Construction Commitments and Encumbrances**

The District utilizes encumbrance accounting in its governmental funds. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which a purchase order, contract, or other commitment is issued. In general, unencumbered appropriations lapse at year-end. Open encumbrances at fiscal year-end are included in restricted, committed, or assigned fund balance, as appropriate. The following schedule outlines significant encumbrances included in governmental fund balances:

Major Funds	Restricted Fund Balance	Assigned Fund Balance
General Fund	\$ 11,641,647	\$ 4,219,003
Bond Fund	862,105,273	-
<u>Nonmajor Funds</u>		
Aggregate nonmajor funds	147,496,437	-
	<u>\$ 1,021,243,357</u>	<u>\$ 4,219,003</u>

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 14 - ENCUMBRANCES AND COMMITMENTS (continued)

Total encumbrances for the General Fund and capital projects as of June 30, 2024, were \$1,025,462,360. In the General Fund, the total encumbrance balance of \$11,641,647 was restricted for the purchase of new buses and technology equipment, and \$4,219,003 was assigned for the purchase of instructional supplies.

As of June 30, 2024, funds remain from 2015 bond program for the construction of new and replacement schools. The following schedule outlines the programmed construction commitments as of June 30, 2024. The total restricted amount of \$395,435,694 is construction contracts from the 2015 bond program which is shown as a restriction for capital projects in the Bond Fund.

Legal Contingencies

There are various outstanding claims against the District arising out of the normal course of operation. An estimated liability for potential losses has been recorded in the Insurance and Risk Management Fund. In the opinion of management, the

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 14 - ENCUMBRANCES AND COMMITMENTS (continued)

District's estimated aggregate liability, with respect to probable losses, has been provided for in the estimated claim liability accrual in the accompanying financial statement, after giving consideration to the District's related insurance coverage. Management is not aware of any probable claims or losses that are material in relation to our financial statements that are not properly accrued.

NOTE 15 - CLASSIFICATIONS OF GENERAL FUND FUND BALANCE

The District reports classifications of nonspendable, restricted, committed, assigned and unassigned fund balance which represent management's intended use of resources available to the District.

Unassigned ending fund balance is that fund balance exclusive of nonspendable amounts such as inventories and amounts restricted, committed, or assigned for preexisting obligations. A portion of the larger fund balance at June 30, 2024, is being restricted to carry over into fiscal year 2025 for school carryover for net vacancy and school carryover for supplies. The following are explanations of the reported classifications of fund balance in the General Fund:

Restricted for:

- *Donations* – to restrict donations as required by donor for various purposes.
- *School technology bonds* – to restrict funds for the acquisition of technology equipment.
- *School bus appropriation bonds* – to classify funds to cover commitments related to unfilled contracts for new buses.
- *School carryover (supplies)* – to carry forward school supply balances into the next fiscal year as required by NRS.388G.
- *School carryover (net vacancy)* – to carry forward school based salary and benefit balances, net of vacancy related substitute and preparation period buyout costs, into the next fiscal year as required by NRS.388G.
- *School carryover (supplies) gate proceeds* – to carry forward school supply balances into the next fiscal year for athletic event gate proceeds as required by NRS.388G.
- *School based project carryover* – to carry forward school project balances into the next fiscal year as required by NRS.388G.

Assigned to:

- *Categorical indirect costs* – to classify funds associated with indirect costs, including vacation accruals, from federal programs.
- *Instructional supply appropriations* – to classify funds to cover commitments related to unfilled contracts for goods and services including purchases orders.
- *Potential litigation* – to classify funds for potential legal or arbitration decisions against the District.
- *Future initiatives* – to classify funds for future initiatives, such as, but not limited to, employee compensation increases, reserves for future economic downturns or reductions in funding, and partial continuation of Elementary and Secondary School Emergency Relief (ESSER) initiatives post-federal funding.
- *NV Energy incentive* – to classify funds from an optional pricing program tariff received in exchange for CCSD's agreement to remain a full service electric customer of NV Energy for a five year term.

NOTE 16 - POST EMPLOYMENT HEALTHCARE PLANS**General Information about the Other Post Employment Benefit (OPEB) Plans**

Plan description. The District subsidizes eligible retirees' contributions to the Public Employees' Benefits Plan (PEBP), treated as a non-trust, single employer defined benefit postemployment healthcare plan administered by The State of Nevada.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 16 - POST EMPLOYMENT HEALTHCARE PLANS (continued)

NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP eleven-member board of trustees. The plan is now closed to current CCSD retirees; however, District employees who previously met the eligibility requirement for retirement within the Nevada PERS had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the District as determined by their number of years of service. The PEBP issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employees' Benefits Program, 3427 Goni Road, Suite 109, Carson City, NV, 89706, by calling (775) 684-7000, or by accessing the website at www.pebp.state.nv.us/resources/fiscal-utilization-reports/.

Plan description. The Support Professionals and Police Personnel Plan is a non-trust, single-employer defined benefit post-employment healthcare plan administered by the District. Currently, no financial reports for the plans are publicly available.

Plan description. The Administrative Employee Plan is a non-trust, single-employer defined benefit post-employment healthcare plan administered by the Clark County Association of School Administrators and Professional-Technical Employees (CCASAPE) Health Trust. Currently, no financial report has been made publicly available by CCASAPE. However, financial statements may be requested by accessing the CCASAPE website at: www.ccasa.net or contacting their office at the following address:

CCASAPE
4055 Spencer Street, Suite 230
Las Vegas, NV 89119

Plan description. The Licensed Employee Plan is a non-trust, single-employer defined benefit postemployment healthcare plan administered by the Teachers Health Trust (THT). The THT and the Clark County Education association (CCEA) currently determine their health insurance plan designs. Currently, no financial report has been made publicly available by THT. However, financial statements may be requested by accessing the THT website at: www.ththealth.org or contacting their office at the following address:

THT Health
2950 E. Rochelle Avenue
Las Vegas, NV 89121

Provided Benefits

PEBP plan provides medical, dental, prescription drug, Medicare Part B, and life insurance coverage to eligible retirees and their spouses. Benefits are provided through a third-party insurer. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP eleven-member board of trustees.

Support Professionals and Police Personnel Plan provides medical, dental, vision for retirees and their dependents and life insurance for retirees only. The District negotiates insurance plans with the insurance carriers, and has authority to establish and amend benefit provisions. Employees have the option at retirement to pay the retiree (full monthly premium) rate premium. Benefits are provided through United Healthcare/ Health Plan of Nevada/Superior Vision/Symetra.

Administrative Employee Plan provides medical, dental, vision, and life insurance for retirees and their dependents and long-term care and disability for retirees only. CCASAPE Health Trust negotiates insurance plans with the insurance carriers. CCASAPE has authority to establish and amend benefit provisions. Employees have the option at retirement to pay the retiree rate premium. Benefits are provided through Health Plan of Nevada/Sierra Health and Life/VSP/Standard Dental and Life.

Licensed Employee Plan provides medical, dental, vision, and life insurance for retirees and their dependents. The THT and CCEA currently determine their health insurance plan designs. CCEA has the authority to establish and amend benefit provisions. Employees have the option at retirement to pay the retiree rate premium. Benefits are provided through a third-party insurer.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 16 - POST EMPLOYMENT HEALTHCARE PLANS (continued)***Employees covered by benefit terms***

As of the last valuation date of July 1, 2023, the following aggregated employees were covered by the benefit terms:

	PEBP Plan	Support Professionals / Police Plan	Administrative Plan	Licensed Plan	Total all plans
Inactive employees or beneficiaries currently receiving benefit payments	2,062	435	226	453	3,176
Active employees	-	12,270	1,527	16,489	30,286
Covered spouses	251	114	78	10	453
Total	2,313	12,819	1,831	16,952	33,915

As of November 1, 2008, PEBP was closed to any new participants.

Contributions

PEBP plan: NRS 287.046 establishes the subsidies to be contributed toward the premium costs of the eligible retired district employees. Plan members receiving benefits have their monthly contributions deducted from their pension checks based on the health plan chosen by the retiree as reduced by the amount of the subsidy. Participants who retired on or after January 1, 1994, add or subtract the appropriate subsidy to the premium rate based on the years of service, ranging from \$374 to (\$187). The contribution requirements of plan members and the District are established and amended by the PEBP board of trustees. As a participating employer, the District is billed for the subsidy on a monthly basis and is legally required under NRS 287.023 to provide for it. For fiscal year 2024, the District contributed \$6,416,622 to the plan for current premiums. The District did not prefund any future benefits. Since the population is entirely inactive, there is no covered-employee payroll.

Support Professionals and Police Personnel Plan: The ESEA and the District negotiate contributions to the plan and together, have authority to establish and amend those contributions. Rates are established based on a contractual basis. The District does not pay a subsidy for current Support Professionals and Police employees and retirees must pay their monthly premium to maintain coverage. Employees have the option at retirement to pay the active rate premium. For fiscal year 2024, the District did not directly contribute to the plan but an implied subsidy of \$1,456,948 was recognized. The District's average contribution rate was 0.32% of covered-employee payroll.

Administrative Employee Plan: CCASAP and the District negotiate contributions to the plan and together, have authority to establish and amend those contributions. The CCASAP Health Trust negotiates its insurance contracts with the carriers. Rates are established based on a contractual basis. Employees have the option to pay the active rate premium. The District (via Article 21-5 of the CCSD/CCASAP negotiated agreement) contributes \$8.50 per administrative employee per month, in addition to an implied subsidy, for a total of \$887,573 in fiscal year 2024. The District's average contribution rate was 0.56% of covered-employee payroll.

Licensed Employee Plan: The CCEA and the District negotiate contributions to the plan and together, have authority to establish and amend those contributions. Rates are established based on a contractual basis. Per Article 28-10 of CCSD/CCEA negotiated agreement, the District does not make any contributions to the plan. Employees have the option at retirement to pay the active rate premium. For fiscal year 2024, the District contributed an implied subsidy of \$4,596,815. The District's average contribution rate was 0.38% of covered-employee payroll. The THT offers a subsidy to retirees based upon years of service and unused sick leave balances.

Total OPEB Liability

The District's total OPEB liability was measured as of July 1, 2023, and was determined by an actuarial valuation as of July 1, 2023.

CLARK COUNTY SCHOOL DISTRICT

Spouse Age Male participants are assumed to be four years older than spouses and female participants are assumed to be two years younger than spouses.

Married Percentage 30% of active males and 15% of active females will elect retiree spouse coverage.

The following details further clarification on methods used:

- Only pre-65 benefits were valued in the valuation. Post-65 retirees and dependents were not valued.
- Only medical, prescription drug, and associated administrative costs were reflected in the valuation. Dental, vision, and life insurance benefits were not valued.

Changes in Plan Reporting Methods/Assumptions Since the Prior Year

Assumption Changes

The plan reporting valuation reflects the following assumption changes:

- A change in the discount rate from 3.54% to 3.65%
- A change in the claims, premiums and trend rate assumptions.

Inflation Reduction Act - Trend

Prescription drug costs and trends have not been adjusted for the manufacturer rebate for certain drugs with prices increasing faster than inflation introduced in the Inflation Reduction Act (IRA). There is significant uncertainty about how manufacturers will react to this provision in drug pricing policy and any Part D rebates generated by the policy will be paid to Medicare rather than to plan sponsors.

Actuarial Assumptions and Methods

Discussion of Actuarial Assumptions and Methods

Clark County School District selected the economic, demographic and health care claim cost assumptions and prescribed them for use for purposes of compliance with GASB 75. The District's actuary provided guidance with respect to these assumptions, and it is our belief that the assumptions represent reasonable expectations of anticipated plan experience.

Calculation of Normal Costs and Liabilities

The method used to calculate the service cost and accumulated postretirement benefit obligation for determining OPEB expense is the entry age normal cost method. Under this cost method, the actuarial accrued liability is based on a prorated portion of the present value of all benefits earned to date over expected future working lifetime as defined by GASB. The

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 16 - POST EMPLOYMENT HEALTHCARE PLANS (continued)

proration is determined so that the cost with respect to service accrued from date of hire is recognized as a level percentage of pay each year. The Normal Cost is equal to the prorated cost for the year of the valuation.

Accounting Information under GASB Statement No. 75

Benefit obligations and expense/(income) are calculated under U.S. GAAP as set forth in GASB Statement No. 75.

The total OPEB liability represents the actuarial present value of benefits based on the entry age normal cost method as of the measurement date. The service cost represents the actuarial present value of benefits that are attributed to the 2024 fiscal year, reflecting the effect of assumed future health care claim cost and/or pay increases.

The OPEB expense is the annual amount to be recognized in the income statement as the cost of OPEB benefits for this plan for the period ending June 30, 2024.

Plan Provisions

Benefits: Fully-insured active medical plans (PPO or HMO) to cover Non-Medicare eligible medical & prescription drugs. Retirees are paying 100% of active cost. Surviving spouses are not eligible for coverage. There are no other subsidized benefits under the Plan.

PEBP Plan difference in actuarial assumptions and methods:

CPI	2.50%
Trend Rates for all costs	3.0%
Monthly Charge per retiree	\$271
Health Care Claims Development	The claim estimate is the average of current retirees' monthly charge to Clark County as of June 30, 2023
Salary Scale	N/A - Since the population is entirely inactive, a salary scale assumption is not necessary as the Total OPEB Liability (TOL) is equal to the Present Value of Benefits (PVB).
Demographic Assumptions	The census data as of July 1, 2023 is used for the valuation.

Changes in Plan Reporting Methods/Assumptions Since the Prior Year

Method Changes There have been no method changes in the plan reporting valuation since the prior year.

Plan Provisions

Eligibility No future participation. Current retirees on the monthly invoice provided by the employer list all participants. We assume coverage until death.

Benefits Each retiree has a monthly amount paid for on their behalf. We assume whatever coverages these retirees have will remain the same until death, other than possible increases due to inflation or discretionary increase.

Actuarial Assumptions and Methods

Participation

Assumed 21.0% of current eligible actives will elect retiree plan coverage when they retire. This assumption was provided by CCSD. Future retiree election percentage is based on the current retiree plan enrollment distribution (9% PPO, 9% POS, and 82% HMO).

Changes in Plan Reporting Methods/Assumptions Since the Prior Year

Assumption Changes

The plan reporting valuation reflects the following assumption changes:

- A change in the percentage of new retirees electing coverage was changed from 16.7% to 21.0%.
- A change in the future retiree election percentage to 9% PPO, 9% POS, and 82% HMO.

Retirement Eligibility:

Completing the CCF 164 form (CCSD Separation of Service Form) with indication that the employee's reason for leave is retirement.

	HMO	PPO
2023 Retiree	\$ 978.15	\$ 669.41
Contributions:	\$ 1,859.71	\$ 1,257.98

Participation

Assumed 40.0% of current eligible actives will elect retiree plan coverage when they retire. This assumption was provided by CCSD. Future retiree election percentage is based on the current retiree plan enrollment distribution (53% PPO and 47% HMO).

Changes in Plan Reporting Methods/Assumptions Since the Prior Year

Assumption Changes

The plan reporting valuation reflects the following assumption changes:

- A change in the percentage of new retirees electing coverage was changed from 61.8% to 40.0%.
- A change in the future retiree election percentage to 53% PPO, and 47% HMO.

Plan Provisions

Retirement Eligibility: Administrators may elect retiree coverage if they are currently enrolled in active CCASA insurance and will be drawing PERS benefits upon retirement.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 16 - POST EMPLOYMENT HEALTHCARE PLANS (continued)

Licensed Plan differences in actuarial assumptions and methods:

Health Care Claims Development

Teachers	
Age	Claims
40	\$8,310
45	\$9,623
50	\$11,420
55	\$13,895
60	\$17,028

	<u>Advantage</u> <u>HDHP Plan</u>	<u>EMI PPO</u>	<u>Signature</u> <u>Plan</u>
Retiree Only	\$ 1,297.28	\$ 1,359.83	\$ 1,359.83
Retiree + Spouse	\$ 2,594.56	\$ 2,719.66	\$ 2,719.66

Pre-Retirement Mortality: PUB-2010 "Teachers" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021

Post-Retirement Mortality: PUB-2010 "Teachers" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021

Participation: Assumed 22.0% of current eligible actives will elect retiree plan coverage when they retire. This assumption was provided by CCSD.

Spouse Participation Assumption: 2.5% of active males and females will elect retiree spouse coverage. This assumption was based upon the current percentage of retirees under plan who elected to have retiree medical coverage for their spouses.

The following details further clarification on methods used:

Future retiree contributions are based on the Plan Year 2023 Premium Rate Sheet assuming retiree contributions were for retirees that retired with 300 days or more (the highest subsidy). As CCSD indicated that the dental, vision, and life coverages were not subsidized, the estimated premium amounts for those coverages were netted out of the total retiree contribution amounts from the 2023 premium rate sheets.

Assumption Changes

The plan reporting valuation reflects the following assumption changes:

- A change in the percentage of new retirees electing coverage was changed from 24.6% to 22.0%.
- A change in the premiums paid by retirees trend rates from no increase to the medical trend rate.

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 16 - POST EMPLOYMENT HEALTHCARE PLANS (continued)

Plan Provisions

Retirement Eligibility: Teachers may elect retiree coverage if they have been enrolled in active CCASA insurance for the last five years, are enrolled upon retirement, attained age 52 with five years of service, and will be drawing PERS benefits upon retirement.

Benefits: Self-insured active medical plan to cover Non-Medicare eligible medical & prescription drugs. Actives hired after August 31, 2014 and retirees hired prior to January 1, 2009, and spouses pay 100% of unsubsidized cost. Actives retiring after January 1, 2009 and hired before January 1, 2014 pay retiree contributions with subsidization based on years of service and unused sick leave at retirement. Surviving spouses are not eligible for coverage. There are no other subsidized benefits under the Plan.

Changes in the Total OPEB Liability

Benefit Changes: None

Difference Between Expected and Actual Experience:

For Administrators, the \$6,440,187 increase in the liability from June 30, 2023, to June 30, 2024, is primarily due to an increase in reported participants.

For Support staff & Police, the \$7,682,730 increase in the liability from June 30, 2023, to June 30, 2024, is due to an increased participant count and a higher participation percentage of 21% compared to the previous assumption of 16.7%.

For the Licensed plan, the \$956,598 decrease in the liability from June 30, 2023 to June 30, 2024 is due to a change in the trend of retiree paid medical premiums, which in prior years were assumed not to increase.

For the PEBP plan, a \$6,049,855 decrease in the liability from June 30, 2023, to June 30, 2024, is due to actual plan payments differing from the anticipated payments, and a change in plan experience related primarily to excess drops of coverage.

Sensitivity of the total OPEB liability to changes in the discount rate: The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.65%) or 1-percentage point higher (4.65%) than the current discount rate (see following page):

CLARK COUNTY SCHOOL DISTRICT

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 17 - TAX ABATEMENT

For the year ended June 30, 2024, the aggregate amount of tax abatements disclosed is \$28,360,575. The tax revenues abated were local school support tax (sales tax) revenues under agreements entered into by the State of Nevada. The report is available on the State of Nevada Controller's Office website at www.controller.nv.gov.

Aviation Tax Rebate (NRS 360.753) - Partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft, and other personal property used for certain purposes related to aircraft. The total tax abatement for the District in FY24 was \$397,786.

Data Centers Abatement (NRS 360.754) - Partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center. The total tax abatement for the District in FY24 was \$23,988,656.

Renewable Energy (NRS 701A.370) - Partial abatement of one or more of property and local sales and use taxes imposed on renewable energy facilities. The total tax abatement for the District in FY24 was \$2,703,261.

Standard Abatement (NRS 360.750) - Partial abatement of certain taxes imposed on new or expanded businesses. The total tax abatement for the District in FY24 was \$1,270,872.

NOTE 18 - SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs)

Lessee:Amount of outflows of resources for variable payments

The following software arrangements were in scope for SBITAs; however future payments are variable based on usage or number of licenses. Therefore, the District is unable to record an SBITAs asset/liability. The total amount of outflows of resources recognized in the reporting period ending June 30, 2024, is as follows:

SBITA Vendor	Description	Terms (in Years)	Fiscal Year 2024 Cost

CLARK COUNTY SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 18 - SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs) (continued)

Principal and interest requirements to maturity

The District has contracted with multiple information technology software vendors to track construction projects, provide educational materials to the classroom, offer employee training, and to assist with data analysis.

As of June 30, 2024, the remaining principal and interest payment requirements for the SBITAs obligation are as follows:

Fiscal Year	Principal	Interest	Total Requirements
2025	\$ 3,369,912	\$ 147,663	\$ 3,517,575
2026	2,418,011	202,370	2,620,381
2027	1,873,651	189,866	2,063,517
2028	1,735,679	77,838	1,813,517
Totals	\$ 9,397,253	\$ 617,737	\$ 10,014,990

NOTE 19 - DERIVATIVE INSTRUMENTS

Derivative instruments are financial instruments whose values are derived in whole or in part from the value of any one or more underlying assets or index of asset values.

Investment derivative instruments are entered into with the intention of managing transaction risk, reducing interest cost or reducing currency exchange risk in purchasing, selling or holding investments. Ineffective hedges are also reported as investment derivative instruments.

The following disclosures summarize the District's derivative instrument activity as reported in the financial statements.

Summary of Derivative Activity

The fair value of hedging derivative instruments is recorded as either: Derivative instrument assets — a positive fair value, Or Derivative instrument liabilities — a negative fair value.

The change in fair value of investment derivative instruments is reported as investment revenue or investment expense. The District's derivative instrument activity as of June 30, 2024, is summarized in the following table. The notional values are presented in U.S. dollars.

Governmental Activities	Changes in Fair Value		Fair value as of June 30, 2024		Notional Amount	
	Classification	Amount	Classification	Amount	Capacity Type	Amount
Investment Derivative Instruments:						
PowerPurchase Agreement	Investment Revenue	\$ 450,000	Investment Derivative Asset	\$ 1,130,000	Firm Capacity Contingent Capacity	6,549,645 kWh 3,000 kW

On July 6, 2016, the District entered into a Power Purchase Agreement (PPA) for the purchase of electric service from Colorado River Commission which did not meet the definition of a derivative instrument. The District entered into the PPA with an aim of resource optimization which involved the economic selection from available energy resource to serve the District's energy needs and using these resources to capture available economic value. On April 22, 2019, the District made changes to the agreement under which the PPA met the definition of an investment derivative per GASB 53. Accordingly, the PPA is reported as an investment derivative instrument. To appropriately account for the derivative, the District recorded the fair value of the PPA in the Statement of Net Position and corresponding change in fair value in the Statement of Activities.

Fair Value

Derivative instruments are recorded at fair value. The fair values of the PPA was determined using the discounted cash flow method under an income approach that considers the cash flows associated with the underlying contract. The future cash

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

NOTE 19 - DERIVATIVE INSTRUMENTS (continued)

flows were discounted back to present value using a rate that incorporates risk associated with unknowns surrounding Hoover Dam power production related to Lake Mead water levels.

Under GASB 53, the District assesses their exposure to the following risks that could give rise to financial loss:

Market Risk - Market risk is, in general, the risk of fluctuation in the market price of the commodity being traded and is influenced primarily by supply and demand. Market risk includes the fluctuation in the market price of associated derivative commodity instruments. Market risk may also be influenced by the number of active, creditworthy market participants, and to the extent that nonperformance by market participants of their contractual obligations and commitments affects the supply of, or demand for, the commodity. Because District is not active in the energy market, it is not subject to market risk.

Credit Risk - Credit risk relates to the potential losses that District would incur because of nonperformance by counterparties of their contractual obligations to deliver energy or make financial settlements. Changes in market prices may dramatically alter the size of credit risk with counterparties, even when conservative credit limits are established.

District has concentrations of suppliers as it has entered the PPA with only one counterparty. In addition, District has concentrations of credit risk related to geographic location as it operates in the western United States. These concentrations of counterparties and concentrations of geographic location may impact District's overall exposure to credit risk, either positively or negatively, because the counterparty may be similarly affected by changes in conditions.

Other Operational and Event Risk – There are other operational and event risks that can affect the supply of the commodity. Due to District's reliance on hydroelectric generation, the weather, including rainfall, runoff and water levels, can significantly affect performance of the PPA. Other risks include regional planned and unplanned generation outages, transmission constraints or disruptions, environmental regulations that influence the availability of generation resources, and overall economic trends.

NOTE 20 - RESTATEMENT OF BEGINNING NET POSITION

The District adopted GASB Statement No. 101, *Compensated Absences*, in fiscal year 2024. The restatement of beginning net positions is required due to a change in accounting principle pursuant to GASB Statement No. 100, *Accounting Changes and Error Corrections*.

The implementation of the new accounting standard for compensated absences under GASB Statement No. 101 has led to substantial increases in compensated absence liabilities on the Statement of Net Position for both government-wide and proprietary funds. For fiscal year 2024, the District reported total short-term and long-term compensated absence liabilities of \$363,141,133 for government-wide funds, \$6,890,752 for the food service enterprise fund, and \$766,263 for internal service funds. In comparison, these figures were \$76,154,940, \$1,912,745, and \$414,779 in fiscal year 2023. The increases are mainly attributed to the restatement of beginning balances: \$258,711,408 for government-wide, \$3,881,304 for the food service enterprise fund, and \$283,602 for internal service funds. The restated beginning net positions of government-wide and proprietary funds are outlined in the table on the following page.

In fiscal year 2024, the District identified that the accrued interest receivable in the Bond Fund had been incorrectly recorded, leading to an overstatement of \$3,740,455 of interest receivables. The effect on the change in fund balance as a result of this error, was approximately \$3.2 million for an overstatement of interest revenue for the fiscal year ending June 30, 2023. The effect of correcting that error is shown in the table on the following page.

NOTE 21 - SUBSEQUENT EVENTS

The District issued Series 2024C General Obligation (Limited Tax) Various Purpose Medium-Term Bonds on October 24, 2024 in the amount of \$55,490,000. Proceeds of the 2024C Bond will be used to purchase buses, white fleet vehicles, technology, refund previously issued debt, and pay costs of issuance. The District received approval to secure an additional \$600,000,000 in Series 2024B and 2025A General Obligation (Limited Tax) Building Bonds issued in October 2024 and June 2025 respectively. Series 2024B will be \$400,000,000 and Series 2025A will be \$200,000,000; proceeds for both will be used to acquire, construct, improve and equip school facilities of the District and pay the costs of issuing the 2024B and 2025A Bonds.

The future of Lundy Elementary School in Mount Charleston, NV, remains uncertain following severe damage caused by Tropical Storm Hilary in August 2023. The District has been grappling with whether to permanently close the school or repair it, as repairing the building could cost between \$5.5 million and \$6.5 million. Recent board meetings have not led to any decisions, with both proposals to close or repair the school failing due to divided votes. During the August 7, 2024 Board meeting the District was directed to request a design build process with the exploratory library option to include building an addition to the Mt. Charleston Library for Lundy Elementary. In the meantime, students have been relocated to Indian Springs Elementary.

Notes to Required Supplementary Information for the Year Ended June 30, 2024

There are no assets accumulated in a trust to pay related benefits.

Changes of benefit terms: None

Differences between expected and actual experience

The \$6,049,855 decrease in the liability from June 30, 2023, to June 30, 2024, is due to actual plan payments differing from the anticipated payments, and a change in plan experience related primarily to excess drops of coverage.

The \$1,542,011 decrease in the liability from June 30, 2022, to June 30, 2023, is due to actual plan payments differing from the anticipated payments.

The \$13,192,018 decrease in the liability from June 30, 2021, to June 30, 2022, is due to lower medical projections as well as the migration of retirees to a lower cost option, consistent with lower benefit payments this plan has experienced.

Changes of assumptions

The \$3,415,129 decrease in the liability from June 30, 2023 to June 30, 2024 is due to the increase in the assumed discount rate from 3.54% as of June 30, 2023 to 3.65% as of June 30, 2024, and a change in claims, premiums, and trend rate assumptions.

The \$15,167,937 decrease in the liability from June 30, 2022 to June 30, 2023 is due to the increase in the assumed discount rate from 2.16% as of June 30, 2022 to 3.54% as of June 30, 2023.

The \$12,875,321 decrease in the liability from June 30, 2021, to June 30, 2022, is due to a change in the interest rate, mortality improvement scale and changes in claims, premiums and trend rate assumptions.

The \$17,982,909 increase in the liability from June 30, 2020, to June 30, 2021, is due to the changes in the discount rate, trends and mortality assumptions.

The \$4,875,600 increase in the liability from June 30, 2019 to June 30, 2020 is due to the changes in the discount rate, trends and mortality assumptions.

The \$3,517,600 decrease in the liability from June 30, 2018 to June 30, 2019 is due to the increase in the assumed discount rate from 3.58% as of June 30, 2018 to 3.87% as of June 30, 2019.

The \$10,320,200 decrease in the liability from June 30, 2017 to June 30, 2018 is due to the increase in the assumed discount rate from 2.85% as of June 30, 2017 to 3.58% as of June 30, 2018.

The \$14,125,400 increase in the liability from June 30, 2016 to June 30, 2017 is due to the decrease in the assumed discount rate from 3.80% as of June 30, 2016 to 2.85% as of June 30, 2017.

All Total OPEB Liability numbers reflect the plan provisions that are currently in effect. The Total OPEB Liabilities prior to June 30, 2023, are shown for illustrative purposes and differ solely due to the discount rate in effect at each date.

*Fiscal year 2018 was the first year of implementation, retroactively applied, therefore only eight years are shown.

Notes to Required Supplementary Information for the Year Ended June 30, 2024

There are no assets accumulated in a trust to pay related benefits.

Changes of benefit terms: None

Differences between expected and actual experience

The \$6,440,187 increase in the liability from June 30, 2023, to June 30, 2024, is primarily due to an increase in reported participants.

From June 30, 2022 to June 30, 2023 there were no differences between expected and actual experience.

The \$427,428 increase in the liability from June 30, 2021, to June 30, 2022, is due to changes in census, claims and premium data.

Changes of assumptions

The \$2,969,153 decrease in the liability from June 30, 2023 to June 30, 2024 is due to an increase in the assumed discount rate, a change in the percentage of new retirees electing coverage, a change in the future retiree election percentage to 53% PPO and 47% HMO, and a change in the claims, premiums, and trend rate.

The \$3,415,129 decrease in the liability from June 30, 2022 to June 30, 2023 is due to the increase in the assumed discount rate from 2.16% as of June 30, 2022 to 3.54% as of June 30, 2023.

The \$1,357,506 increase in the liability from June 30, 2021, to June 30, 2022, is due to a change in the interest rate, mortality improvement scale, future retiree election percentage and changes in claims, premiums and trend rate assumptions.

The \$615,457 decrease in the liability from June 30, 2020, to June 30, 2021, is due to the decrease in the assumed discount rate from 3.50% as of June 30, 2020, to 2.21% as of June 30, 2021.

The \$9,448,200 increase in the liability from June 30, 2019 to June 30, 2020 is due to the decrease in the assumed discount rate from 3.87% as of June 30, 2019 to 3.50% as of June 30, 2020.

The \$357,300 decrease in the liability from June 30, 2018 to June 30, 2019 is due to the increase in the assumed discount rate from 3.58% as of June 30, 2018 to 3.87% as of June 30, 2019.

The \$973,900 decreased liability from June 30, 2017 to June 30, 2018 is due to an increased assumed discount rate from 2.85% as of June 30, 2017 to 3.58% as of June 30, 2018.

The \$1,230,600 increase in the liability from June 30, 2016 to June 30, 2017 is due to the decrease in the assumed discount rate from 3.80% as of June 30, 2016 to 2.85% as of June 30, 2017.

All Total OPEB Liability numbers reflect the plan provisions that are currently in effect. The Total OPEB Liabilities prior to June 30, 2023, are shown for illustrative purposes and differ solely due to the discount rate in effect at each date.

Notes to Required Supplementary Information for the Year Ended June 30, 2024

There are no assets accumulated in a trust to pay related benefits.
Changes of benefit terms: None

Differences between expected and actual experience

The \$7,682,730 increase in the liability from June 30, 2023, to June 30, 2024, is due to an increased participant count and a higher participation percentage of 21% compared to the previous assumption of 16.7%.

From June 30, 2022 to June 30, 2023 there were no differences between expected and actual experience.

The \$7,618,174 decrease in the liability from June 30, 2021 to June 30, 2022 is due to a significant decline in the valued workforce on the order of 20%.

Changes of assumptions

The \$7,368,203 increase in the liability from June 30, 2023 to June 30, 2024 is due to an increase in the assumed discount rate, a change in the percentage of new retirees electing coverage, a change in the future retiree election percentage to 9% PPO, 9% POS and 82% HMO, and a change in the claims, premiums, and trend rate assumptions.

The \$4,144,385 decrease in the liability from June 30, 2022 to June 30, 2023 is due to the increase in the assumed discount rate from 2.16% as of June 30, 2022 to 3.54% as of June 30, 2023.

The \$796,353 decrease in the liability from June 30, 2021, to June 30, 2022, is due to a change in the interest rate, mortality improvement scale, future retiree election percentage and changes in claims, premiums and trend rate assumptions.

The \$7,973,073 increase in the liability from June 30, 2020, to June 30, 2021, is due to the decrease in the assumed discount rate from 3.50% as of June 30, 2020, to 2.21% as of June 30, 2021.

The \$2,845,000 increase in the liability from June 30, 2019 to June 30, 2020 is due to the decrease in the assumed discount rate from 3.87% as of June 30, 2019 to 3.50% as of June 30, 2020.

The \$449,000 decreased liability from June 30, 2018 to June 30, 2019 is due to an increased assumed discount rate from 3.58% as of June 30, 2018 to 3.87% as of June 30, 2019.

The \$1,099,600 decrease in the liability from June 30, 2017 to June 30, 2018 is due to the increase in the assumed discount rate from 2.85% as of June 30, 2017 to 3.58% as of June 30, 2018.

The \$1,232,500 increased liability from June 30, 2016 to June 30, 2017 is due to a decreased assumed discount rate from 3.80% as of June 30, 2016 to 2.85% as of June 30, 2017.

All Total OPEB Liability numbers reflect the plan provisions that are currently in effect. The Total OPEB Liabilities prior to June 30, 2023, are shown for illustrative purposes and differ solely due to the discount rate in effect at each date.

Notes to Required Supplementary Information for the Year Ended June 30, 2024

There are no assets accumulated in a trust to pay related benefits.

Changes of benefit terms: None

Differences between expected and actual experience

The \$956,598 decrease in the liability from June 30, 2023 to June 30, 2024 is due to a change in the trend of retiree paid medical premiums, which in prior years were assumed not to increase.

From June 30, 2022 to June 30, 2023 there were no differences between expected and actual experience.

The \$5,946,330 increase in the liability from June 30, 2021, to June 30, 2022, is due to a loss on the projection of medical costs as well as the election percentage for new retirees. Increases were magnified by the assumption that Teachers will never increase the amount they pay, this assumption is under reconsideration.

Changes of assumptions

The \$52,808,206 decrease in the liability from June 30, 2023 to June 30, 2024 is due to an increase in the assumed discount rate, a change in the percentage of new retirees electing coverage, a change in the claims, premiums, and trend rate assumptions, and a change in the trend of retiree paid medical premiums, which in prior years were assumed not to increase.

The \$22,654,979 decrease in the liability from June 30, 2022 to June 30, 2023 is due to the increase in the assumed discount rate from 2.16% as of June 30, 2022 to 3.54% as of June 30, 2023.

The \$53,697,597 increase in the liability from June 30, 2021, to June 30, 2022, is due to a change in the interest rate, mortality improvement scale, future retiree election percentage and changes in claims, premiums and trend rate assumptions.

The \$33,163,833 increase in the liability from June 30, 2020, to June 30, 2021, is due to the decrease in the assumed discount rate from 3.50% as of June 30, 2020, to 2.21% as of June 30, 2021.

The \$30,937,800 increase in the liability from June 30, 2019 to June 30, 2020 is due to the decrease in the assumed discount rate from 3.87% as of June 30, 2019 to 3.50% as of June 30, 2020.

The \$1,025,300 decrease in the liability from June 30, 2018 to June 30, 2019 is due to the increase in the assumed discount rate from 3.58% as of June 30, 2018 to 3.87% as of June 30, 2019.

The \$2,559,700 decrease in the liability from June 30, 2017 to June 30, 2018 is due to the increase in the assumed discount rate from 2.85% as of June 30, 2017 to 3.58% as of June 30, 2018.

The \$3,040,700 increase in the liability from June 30, 2016 to June 30, 2017 is due to the decrease in the assumed discount rate from 3.80% as of June 30, 2016 to 2.85% as of June 30, 2017.

All Total OPEB Liability numbers reflect the plan provisions that are currently in effect. The Total OPEB Liabilities prior to June 30, 2023, are shown for illustrative purposes and differ solely due to the discount rate in effect at each date.

*Fiscal year 2018 was the first year of implementation, retroactively applied, therefore only eight years are shown.

¹ This schedule presents only the capital asset balances related to the governmental funds. Accordingly, the capital assets reported in the internal service funds and the enterprise funds are excluded from the above amounts. Generally, the capital assets of internal service funds are included as governmental activities in the statement of net position. The capital assets of the enterprise fund are reported separately under business-type activities.

Statistical Section

The Statistical Section of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents:

Financial trends

These schedules contain information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt capacity

These schedules contain information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and economic information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and activities it performs.

Notes: Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position are considered restricted when an external party, such as the state or federal government, places a restriction on how the resources may be used.

¹ In fiscal year 2015, the negative net position is due to the effect of GASB Statement No. 68, which required the District to record their proportionate share of the net pension liability of the Public Employees' Retirement System (PERS) of Nevada. The transition to this new accounting standard resulted in recording, for the first time, a material long-term pension liability in the financial statements.

² In fiscal year 2018, restated business-type unrestricted due to a 2017 correction related to GASB Statement No. 68 and No. 82.

³ In fiscal year 2018, GASB Statement No. 75, changed how the District records Other Post Employment Benefits (OPEB). The transition to this new accounting standard resulted in recording a material long-term liability in the financial statements for retired employees currently on the District's health plan at the active rate.

⁴ In fiscal year 2024, restated prior year for GASB 101 implementation and error correction of interest income as described in Note 20.

Total primary government	\$ 152,430	\$ 180,270	\$ 88,825	\$ 179,998

Notes:

¹ In fiscal year 2018, restated business-type activities due to a 2017 correction related to GASB Statement No. 68 and No. 82.

² The restriction term of Vegas PBS' endowment was lifted during FY2021. These FY2021-2023 amounts are restated due to the reclassification of quasi endowment.

³ Effective Fiscal Year 2022, property taxes are not reported in General Fund due to new PCFP funding formula. Local revenue is provided to the state and in turn received through State aid.

⁴ In fiscal year 2024, restated prior year for error correction of interest income as described in Note 20.

Note:
¹ In fiscal year 2019, Student Activity became a special revenue fund and no longer reported as a fiduciary fund.
² The restriction term of Vegas PBS' endowment was lifted during FY2021. These FY2021-2023 amounts are restated due to the reclassification of quasi endowment.
³ In fiscal year 2024, restated prior year for error correction of interest income as described in Note 20.

Total Direct and Overlapping Debt			\$ 15,543,730

Source: Debt outstanding data provided by each governmental unit.

Notes: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the county. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of CCSD. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by dividing the value of the revenue base within the overlapping geographic area by the total revenue base of the overlapping government.

¹ Presented net of original issuance, discounts, and premiums.

2024	130,598	36,997	-	167,595	59,870	12,051			2.33

Note: The District issues general obligation debt that is additionally secured by a pledge of proceeds of taxes deposited in the District's Bond Fund. Pursuant to applicable Nevada law, effective August 1, 1997, the County Treasurer has been depositing the proceeds of 1% room tax collected within the County in the Bond Fund. The proceeds of a tax equivalent to 60 cents for each \$500 of value on transferred real property is also deposited by the County. As of July 1, 1999, the District has continued to receive the proceeds of an additional 5/8% room tax collected within the County. The District pledges the room tax and the real property transfer tax revenues to pay debt service on certain general obligation debt.

- Notes:**
- ¹ Based on expenses reported in the government-wide statement of activities (governmental activities only).
 - ² Based on fourth quarter Audited Average Daily Enrollment.
 - ³ Budget figure includes all instructional licensed staff.
 - ⁴ Indicator of students eligible for free/reduced meals based on poverty line guidelines.
 - ⁵ NSLP stands for National School Lunch Program, SBP stands for School Breakfast Program.
 - ⁶ In fiscal year 2021, due to distance learning this figure is represented by the Summer Food Service Program.

Compliance and Controls

ANNUAL COMPREHENSIVE FINANCIAL REPORT

**Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Board of Trustees of the
Clark County School District
Clark County, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Clark County School District (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated October 28, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2024-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance Required by the Uniform Guidance**

To the Board of Trustees
Clark County School District
Clark County, Nevada

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Clark County School District's (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2024. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.* *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Eide Bailly LLP".

See accompanying notes to Schedule of Expenditures of Federal Awards.

Note A – Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal award activity of Clark County School District (the “District”) under programs of the federal government for the year ended June 30, 2024. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position of the District and fund balance.

Note B – Summary of Significant Accounting Policies

Governmental fund types account for the District’s federal grant activity included in the general and federal projects funds. Therefore, expenditures in the schedule of expenditures of federal awards are recognized on the modified accrual basis – when they become a demand on current available financial resources. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Proprietary fund types account for the District’s federal grant activity included in the food service fund. Such expenditures are recognized on the accrual basis – when a liability is incurred. The District’s summary of significant accounting policies is presented in Note 1 in the District’s basic financial statements.

No federal financial assistance has been provided to a sub recipient.

Note C – Indirect Cost Rate

Clark County School District has not elected to use the 10% De Minimis indirect cost rate.

Note D – Relationship to Basic Financial Statements

Expenditures of federal awards have been included in the individual funds of the District as follows:

General Fund	\$ 399,299
Major Fund - Federal Projects	612,880,896
Enterprise Fund - Food Service	<u>159,660,869</u>
Total	<u><u>\$ 772,941,064</u></u>

Note E – Food Donation

Nonmonetary assistance is reported in this schedule at the fair market value of the commodities received and disbursed. The amounts shown as expenditures of the National School Lunch Program include the fair value of \$12,269,161 commodity food received by the District. At June 30, 2024, the District had food commodities totaling \$8,625,668 in inventory.

Note F – Food Service Revenue

The District has certain grant programs where federal financial assistance is received on a rate per meal basis, rather than an expenses reimbursement basis. Amounts received under these programs must be used on the District's food service program, which is pooled and supported across all of these grant programs. The District has recognized amounts on the Schedule of Expenditures of Federal Awards using the proportional revenue of each program multiplied by the operating expenses, less depreciation, plus capital expenditures of the Food Service Enterprise Fund as follows:

Federal Financial Listing	Revenue	Expense
10.553	\$ 31,620,036	\$ 27,327,088
10.555	104,453,707	90,272,373
10.555	12,269,161	12,269,161
10.559	296,709	256,426
10.559	684,633	591,683
10.582	1,194,149	1,032,023
10.558	5,819,535	5,029,436
21.027	6,381,387	5,515,007
21.027	20,096,045	17,367,672
Total	<u>\$ 182,815,362</u>	<u>\$ 159,660,869</u>

Section I – Summary of Auditor’s Results

FINANCIAL STATEMENTS

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weaknesses identified	Yes
Significant deficiencies identified not considered to be material weaknesses	None Reported
Noncompliance material to financial statements noted?	No

FEDERAL AWARDS

Internal control over major program:	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	None Reported
Type of auditor's report issued on compliance for major programs:	Unmodified
Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance 2 CFR 200.516:	No

Identification of major programs:

<u>Name of Federal Program</u>	<u>Assistance Listing Number</u>
Coronavirus State and Local Fiscal Recovery Fund	21.027
Career and Technical Education-Basic Grants to States	84.048
Twenty-First Century Community Learning Centers	84.287
Supporting Effective Instruction State Grants	84.367
Education Stabilization Fund	84.425
Epidemiology and Laboratory Capacity	93.323
Dollar threshold used to distinguish between type A and type B programs	\$3,000,000
Auditee qualified as low-risk auditee?	No

Section II – Financial Statement Findings

2024-001: Accrued Interest Receivable**Material Weakness in Internal Control**

<i>Criteria:</i>	Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. Monitoring interest receivable calculations and subsequent receipts is a key component of ensuring receivable balances are recorded in accordance in U.S. GAAP.
<i>Condition:</i>	Management identified a software inaccuracy and corrected the calculation for interest receivables as of the current fiscal year ended June 30, 2024. However, the interest receivables at June 30, 2023 were not accurately recorded as a result of the reliance on the software generated report in the prior year and therefore, impacted the beginning equity balances and interest income for the year ended June 30, 2024.
<i>Cause:</i>	Clark County School District (the District) did not have adequate internal controls to review corrections in the current year and their impact on beginning balances.
<i>Effect:</i>	A prior period adjustment was recorded to adjust beginning fund balance/net position in the Bond Fund/Governmental Activities for \$3,740,455.
<i>Recommendation:</i>	We recommend the District continue to enhance internal controls to review the corrections in the current year and their impact on beginning balances.
<i>Views of Responsible Officials:</i>	Management agrees with this finding. See the Corrective Action Plan for steps to be taken.

Section III – Federal Award Findings and Questioned Costs

None reported for the year ended June 30, 2024.

AUDITOR'S COMMENTS

The Board of Trustees
Clark County School District
Clark County, Nevada

In connection with our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Clark County School District (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statutes, except as cited below. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they relate to accounting matters.

Current Year Statute Compliance

The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 11 to the financial statements.

Progress on Prior Year Statute Compliance

The District monitored all significant constraints on its financial administration during the prior year.

Prior Year Recommendations

See the Summary Schedule of Prior Audit Findings under separate cover.

Current Year Recommendations

Our current year recommendations are included in the Schedule of Findings and Questioned Costs.

Nevada Revised Statute 354.6113

The financial statements of the Bond Fund (a capital projects fund) are located in this report at Schedule A-8. As noted above, compliance with Nevada Revised Statutes is contained in Note 11 to the financial statements.

Nevada Revised Statute 354.6115

A fund was created in accordance with Nevada Revised Statute 354.6115, "Fund to stabilize operations of local government and mitigate effects of natural disaster". However, the fund is inactive and had no fund balance at any time during the year. In future periods, funds may be deposited and/or accumulated in the Fund for Budget Stabilization if in any year general fund revenues have exceeded appropriated expenditure levels and the ending fund balance is not less than 2 percent of total general fund revenues as required by District Regulation 3110.
