

Hi, we're Vera!

All support and police professionals enrolled in the CCSD medical plan have *free* access to Vera clinics.

When you are enrolled in the CCSD medical plan you and your family have access to **Vera Whole Health** – a convenient, free, and accessible option for your healthcare needs.

With Vera Whole Health, you can get care in-person or virtually. You'll get:

- **On-site labs and common prescription refills**
- **Primary care for you and your covered dependents (18+)**
- **Non-emergency sick care for ages 2+**
- **Health and nutrition coaching**
- **No long wait times, no stuffy waiting rooms, and no surprise bills.**

Vera services **are in addition to your coverage** with the Health Plan of Nevada and *do not* impact any of your existing medical benefits.

Those with the HMO plan can use Vera without prior authorization or having to change your assigned PCP.

We can't wait to see you.

**It's free.
Really.**

Scheduling is easy.
