Workers Compensation Information

SMA Urgent Care versus **SMA Convenient Care**

If you require treatment for your on-the-job injury, you have the option to go to any of the **SMA Urgent Care** locations. SMA Convenient Care clinics are not the same as Urgent Care and they may not be adequately staffed to handle your initial medical evaluation.

For further assistance with your treatment options, contact the **WC Triage Nurse Hotline** at **(702) 799-NURS (6877)**.
