Throughout Focus: 2024, work is approached through a theory of action that recognizes “Our people drive our success.” It follows, “In order to realize this plan, we must commit to attracting, growing, retaining, and rewarding our people.” This theory helped operationalize established core values of high expectations, accountability, equity, innovation, integrity, leadership, customer service, and communication into five strategic priorities that will enable CCSD to achieve student success targets.

Priority Area 1: Student Success

Increasing student achievement in core content areas will rely on providing high-quality, standards-based Tier I instruction. Objectives and strategies are designed to:

- Increase access and equity to rigorous curriculum and instruction for all students.
- Ensure students and staff are safe and engaged at school.

Priority Area 2: Teachers, Principals, and Staff

Goals and Objectives

The continuing consequences of the COVID-19 pandemic has continued to pose new, unprecedented challenges for the District, which has responded by implementing additional support and resources, such as:

- Teacher recruitment and retention programs, such as *When You Grow, We All Grow*, addressing higher-than-normal teacher attrition levels.
- Addressing challenges in student achievement by bringing back the Summer Acceleration program, which offers free summer school to all students and offering around-the-clock tutoring through Paper.
- Using the United States Department of Education, Elementary and Secondary School Emergency Relief funding to increase the District Crisis Response Team to provide mental health support to students.

The District continues to monitor progress towards achieving goals set in Focus: 2024, which calls for all CCSD schools to be rated three stars or higher on the Nevada School Performance Framework and at least 90 percent of CCSD students to graduate from high school, college and career ready.

District Communication Efforts

Parents/Guardians and community members are encouraged to be active participants in the educational process. In an effort to increase transparency, CCSD released a series of data dashboards housed at <https://data.ccsd.net> for the community to have greater access to school and District data. In the 2022–2023 school year, CCSD promoted frequent, two-way communication with parents/guardians, families, and the community through a variety of meetings, forums, publications, media events, and weekend family academies.

Discipline

The Education Services Division (ESD) administration provided annual professional learning for all administrators assigned to handle student discipline aligned with the CCSD Pre-Kindergarten–Grade 12 Student Code of Conduct. The ESD Behavioral Legislative Update professional learning session included the behavior tab in Infinite Campus, accuracy in event and resolution codes, student searches, student expulsion procedures and related statutes, student attendance procedures and related statutes, investigation procedures, and discipline data reporting.

Additionally, the Board of School Trustees, principals, assistant principals, student success coordinators, central services administrators, and substitute administrators attend annual required bullying and cyberbullying professional learning sessions prior to each school year. The bullying, cyberbullying, and discrimination based on race professional learning sessions are also offered monthly to newly appointed administrators. This professional learning session incorporates the relevant sections of Chapter 388 of the Nevada Revised Statutes; CCSD Policy 5137, Safe and Respectful Learning Environment: Discrimination Based on Race, Bullying, or Cyberbullying; outlines the mandated protocols and timelines; and reviews all available guidance documents. Further discussion and information regarding harassment, intimidation, and school safety were facilitated to promote a safe and respectful learning environment throughout CCSD. Similarly, all new CCSD employees, volunteers, and coaches were provided with professional learning sessions. Infinite Campus served as the source of record keeping where all bullying, cyberbullying, and discrimination based on race protocols and practices can be logged, along with accessing all required reporting documents, which are automatically populated when schools enter a bullying, cyberbullying, and/or discrimination based on race event.

Curriculum Details

CCSD's core curriculum consists of English language arts, mathematics, science, and social studies. In order to provide students with a comprehensive and rigorous curriculum, curricular and instructional support are also offered in the areas of fine and performing arts, library services, world languages, health, and physical education. With the ongoing implementation of the 21st Century Course of Study, students in high school are scheduled into a fourth year of mathematics, which includes Algebra II, and a third year of science, including biology. CCSD specifies the Kindergarten–Grade 12 curriculum as the basis for

2022-2023 District Accountability Report

instruction in all classrooms, including traditional, blended, and online curricula. CCSD expects students to master grade-level skills with the ultimate goal of being prepared for college and career.

The Nevada Academic Content Standards (NVACS) and NVACS Connectors serve as the foundation for the curriculum and are a progression of learning expectations designed to prepare students for college and career readiness. They include rigorous content with the application of knowledge and critical thinking skills.

To further support Tier I instruction, pacing guides were created to provide continuity across CCSD. The pacing guides were designed to be used in conjunction with a long-range unit planning guide to ensure all standards are adequately addressed. Students have multiple opportunities to achieve mastery of grade-level standards throughout the school year.

The Curriculum and Instruction Division (CID) began to develop learning progressions, learning intentions, and success criteria in content areas where the District adopted Tier I instructional materials. CID has continued to develop and implement professional learning opportunities related to instructional planning to support educators in providing high-quality, standards-based instruction for all students.

CCSD is in the process of purchasing Tier I instructional materials to be universally accessible for all schools and students. An up-to-date list of the current Tier I Curriculum can be found at: <https://cpd.ccsd.net/tier-1-approved-curriculum/>.

Additionally, at the high school level CCSD offers a myriad of magnet programs, Advanced Placement programs, International Baccalaureate programs, Dual Enrollment courses, and several career and technical academies and courses of study, as well as partnerships with Nevada System of Higher Education institutions to better prepare students for greater opportunities after graduation. This year the Central Technical Training Academy opened and offers more flexible scheduling for students focusing on career pathway training through Career and Technical Education coursework, credentialing, and work-based learning opportunities.

2022-2023 District Accountability Report

Data as of: End of school year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Discipline and Transiency incidents are reported at the school where the action occurred.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

**The purpose of some alternative programs is to enroll students for a short period of time until they can reenroll in a comprehensive school; therefore, transiency rates may be greater than 100% or N/A. Data reported as of the end of the school year.

2022-2023 District Accountability Report

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

The USDA extended flexibility to allow free meals to all children for the 2020-21 school year in response to the COVID 19 pandemic.

PY = reported for prior school year

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

** indicates that the data was not available.

Data in grade 9-12 excludes pupils:

who successfully completed HSE assessment,

who are enrolled in approved courses for an adult standard diploma, withdrew from school to attend another school.

Data is not displayed for a group where enrollment information is missing.

Negative value indicates rate cannot be calculated due to zero enrollment.

Nevada System of Higher Education Remedial Data

Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to www.nevadareportcard.nv.gov.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)

AS = Percentage of students performing in the "Approaches Standards" range of achievement

MS = Percentage of students performing in the "Meets Standards" range of achievement

ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
