Dave Flatt led the Pledge of Allegiance.

Adoption of the Agenda

Adoption of the agenda for October 28, 2025.

Motion: Freeman

Second: Arnt

Vote: Unanimous

Fedei and Gaynor were not present to vote.

Approval of the Minutes

Approval of the minutes for October 7, 2025.

Motion: Nowak

Second: Freeman

Vote: Unanimous

Fedei and Gaynor were not present to vote.

Reports

Tracy Murphy stated that the October 1, 2025, Enrollment Reports are posted on the Demographics, Zoning, and GIS (DZG) website at dzg.ccsd.net. She also said that monthly Enrollment Reports will be posted on the website each month.

Evaluate Scenario(s) for Focus Area M1 for Middle Schools

Tracy Murphy stated the primary reason for the zoning consideration for Lawrence and Heidi Canarelli and Wilbur and Theresa Faiss Middle Schools is to improve elementary to middle school feeder alignment. This would allow the majority of middle school students in the area south of Windmill Lane, between Durango Drive and Buffalo Drive, to attend Faiss Middle School with their cohort group. Ms. Murphy said that the Attendance Zone Advisory Commission (AZAC) typically recommends grandfathering of currently-enrolled students to remain at their school through the highest grade level and only incoming Grade 6 students and new students to the area would be rezoned. She also mentioned that AZAC had received emails from the community regarding this possible rezoning.

Evaluate Scenario(s) for Focus Area H1 for High Schools

Tracy Murphy stated the primary reason for the zoning consideration for Durango and Sierra Vista High Schools is to improve middle to high school feeder alignment and to provide enrollment relief to Sierra Vista High School due to increasing enrollment and current growth in the area. Durango High School has seats available to provide enrollment relief to Sierra Vista High School. This would allow middle school students in the area north of Patrick Lane, between Hualapai Way and Fort Apache Road, to attend Durango High School with their cohort group. In addition, this would provide middle to high school feeder alignment for students residing south of Patrick Lane, between Fort Apache Road and I-215, and would allow students to attend Sierra Vista High School with their cohort group. Ms. Murphy said that AZAC typically recommends grandfathering of currently-enrolled students to remain at their school through the highest grade level and only incoming Grade 9 students and new students to the areas would be rezoned.

Evaluate Scenario(s) for Focus Area H2 for High Schools

Tracy Murphy stated the primary reason for the zoning consideration for Basic Academy of International Studies, Foothill, and Green Valley High Schools is to improve middle to high school feeder alignment. Students residing north of I-215 must travel south across I-215 to get to Foothill High School. Rezoning would allow the majority of middle school students in the area to attend Green Valley High School with their cohort group. This area is closer to Green Valley High School, potentially providing a safer route to school. In addition, the rezoning evaluation would provide feeder alignment for students residing south of Wagonwheel Drive, who are currently zoned for Basic Academy of International Studies, to attend Foothill High School with their cohort group. Ms. Murphy said that AZAC typically recommends grandfathering of currently-enrolled students to remain at their school through the highest grade level and only incoming

Grade 9 students and new students to the areas would be rezoned. She stated that AZAC has received emails from the community regarding this possible rezoning.

Dave Flatt asked if enrollment numbers for each school can be shown on the Scenarios instead of geographic student numbers.

Tracy Murphy stated that geographic student numbers provide a perspective on how many students are in the area and how many are attending schools outside of the attendance boundary with the percent change. The Scenario table includes the geographic student number, school capacity, and the number of students possibly being rezoned. Ms. Murphy reiterated the importance of reviewing the monthly Enrollment Reports to observe changes in numbers.

Diane Kinsel asked if there will be more scenarios.

Brandon Davis said he was going to review community comments and provide more input at the next meeting.

Calendar, Dates, and Times

The next meeting is scheduled for November 18, 2025, at 9:30 a.m.

Public Comment on Items not Listed as Action Items on the Agenda

None.

Adjourn

Meeting adjourned at 9:55 a.m.

Motion: Davis

Second: Kinsel

Vote: Unanimous

Gaynor was not present to vote.
