

SCHOOL CONSTRUCTION NEEDS IN CLARK COUNTY

THE NEED \$7.4 billion to build new schools, renovate older schools, update technology

GROWTH = OVERCROWDING

3,000 New students every year

1,922 New elementary school students since count day

19% Percentage of elementary schools over capacity

13 Schools on year-round calendars and **61** more on watch list

32 Number of new schools that could be built today and filled to capacity

**TEMPORARY REPLACEMENTS
NEED REPLACEMENTS**

1,872 Portable classrooms

445 Are more than 20 years old

20 YRS Useful life

43 Are more than 52 years old!

OUTDATED TECHNOLOGY

- Wide disparity between schools
- Some schools have only one outlet per classroom
- Online testing requirements demand upgrades
- We can't prepare students for the 21st century without technology!

THE SOLUTION Rollover would extend current tax rates for 10 years WITHOUT a tax increase

IT MAKES DOLLARS AND SENSE

\$3.5 BILLION

The amount that would be generated over 10 years

Constructing schools in the current economic environment means tax dollars will go further
