Second hearing on the DSA

*The full name of the committee is the *Senate Committee on Finance and Assembly Committee on Ways and Means, Joint Subcommittee on K-12/Higher Education/CIPS - K-12 Budgets*. It is the "money committee" comprised of members of Senate Finance and members of Assembly Ways and Means that oversees all education budgets and makes recommendations to the full body regarding funding levels for us. They are not listed separately on the legislative website, so when looking for their committee meetings, you can find them posted under Senate Finance or Assembly Ways and Means.

**Not intended to be a comprehensive list of hearings and agenda items; this compilation includes meetings and topics of which we are aware and are relevant to audiences of K-12 education.*
