Additional Best Practices

Provide and encourage customers to use contactless payment methods, or, if not feasible, have the volunteers sanitize the payment system regularly.

Set up and staff an Express Order area outside the stand and at a distance from customers making their purchases at the stand that, using preprinted order forms, will assist a customer to complete a list of items he/she desires to purchase so when they are at the stand their interaction with the stand volunteers is minimized. Using the Express Order station outside the stand rather than perusing product in the stand.
