

# **TNT FIREWORKS STAND PHYSICAL DISTANCING PROTOCOL**

## **SIGNAGE**

- Inside, out in front and on the outside of the stand informing the stand volunteers and customers that they should: avoid shopping at the stand if they have a cough or fever; maintain a minimum six-foot distance from one another; do not shake hands or engage in any unnecessary contact; and where required or requested wear a face covering while shopping at the stand.
- Post TNT's Physical Distancing Protocol at a reasonable, safe distance in all directions, wherever possible.

## **MEASURES TO PROTECT VOLUNTEERS IN STANDS**

- All volunteers must be told they should not work in the stand if they are sick, have a cough or a fever.
- The volunteer in charge, at any given time, will be responsible for checking that volunteers are symptom free before starting their shift in the stand.
- All volunteers in the stand will attempt to maintain a six-foot separation.
- Disinfectants must be available for all volunteers at the beginning, during and at the conclusion of their shift.
- Hand sanitizer effective against COVID-19 is available to all volunteers and customers.

## **MEASURES TO PREVENT CROWD GATHERING**

- Post volunteers outside the stand to make sure customers maintain their six-foot separations, use the Express Order station outside the stand rather than perusing product in the stand, and are complying with all local health restrictions, like face coverings, etc.
- Set up an Express Order line, where possible, that allows expedited transactions by people who have already decided what they want to buy.

## **MEASURES TO KEEP PEOPLE AT LEAST SIX FEET APART**

- Placing signs outside the stand reminding people to be at least six feet apart, including when in line.
- Placing tape or other temporary markings or indicators at least six feet apart in each customer line area outside the stand with signs directing customers to use these to maintain distance.
- All volunteers have been instructed to maintain at least a six-foot distance from customers and each other, except volunteers may momentarily come closer when necessary to accept payment, order their fireworks, or as otherwise necessary.

## **MEASURES TO PREVENT UNNECESSARY CONTACT**

- Provide and encourage customers to use contactless payment methods, or, if not feasible, have the volunteers sanitize the payment system regularly.
- Provide a special purchase line for seniors, first responders and health care workers, where possible.
- Instruct volunteers to wear disposable plastic gloves while in the stand and to change them frequently.

- Encourage volunteers to wear face coverings that cover the nose and mouth when in the stand. Where required by local mandate, require all volunteers to wear face covering when in the stand. Provide such face coverings to volunteers if needed.
- Set up and man an Express Order area outside the stand and at a distance from customers making their purchases at the stand, that, using a phone app and preprinted order forms, will assist a customer to complete a list of items he/she desires to purchase so when they are at the stand their interaction with the stand volunteers is minimized.

**MEASURES TO INCREASE SANITIZATION**

- Disinfecting wipes that are effective against COVID-19 are available in the stand.
- Hand sanitizer is available to the volunteers and the customers at the stand, at the Express Order area, and anywhere else inside the stand or immediately outside where people have direct interaction.
- Disinfecting all payment portals, pens, and styluses after each use.
- Disinfecting all high-contact surfaces frequently.
- Instruct volunteers to wear disposable plastic gloves while in the stand and to change them frequently.
