Your voice can be the difference.

- What happens here at school and in your life that would be helpful to be able to tell to an adult?

When to Use SafeVoice

- If you or someone you know is being bullied
- If you are worried about a friend who is sad or doing risky things.
- If someone tries to touch you or a friend in a way that makes you feel uncomfortable

OR, if you see violence or weapons at school you can **SPEAK UP!**

Telling vs. Tattling

Telling an Adult

Keeping school safe

Someone could be
badly hurt

Problem is urgent
important

An adult can help
the problem

Use **SafeVoice** to report serious problems and harmful bullying, not when you have a playground argument or someone looks at you funny, OK?

Let's be kind

Who receives the SafeVoice Reports?

- Law enforcement is engaged immediately for '911' situations
- A team here at your school of administrators and counselors receives the reports multiple times a day and will start taking appropriate actions to intervene and support
- You won't hear directly about the response because reporting is anonymous, but you can feel better knowing you stood up for a friend
